Dated 31.10.2024

SIA Mintos Finance No. 45

(incorporated as a limited liability company and registered in the Republic of Latvia with registration number 40203407882 and LEI: 98450059H090976DBC22)

EUR 20 000 000 (twenty million euro) Note Programme

Under this Programme, the Issuer may from time to time issue Notes denominated in any currency as determined by the Issuer. The Notes will be distributed by way of a public offer.

Notice of the aggregate nominal amount of the Notes, interest (if any) payable in respect of the Notes, the issue price of the Notes and any other terms and conditions applicable to the Notes and not contained in this Base Prospectus will be set out in the applicable Final Terms.

Notes will be issued in registered form. The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 20 000 000 (twenty million euro) (or its equivalent in other currencies).

Any payment under the Notes is dependent on, and limited to, the underlying assets.

This Base Prospectus has been approved as a base prospectus by the NCA, as competent authority under the Prospectus Regulation. The NCA has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. This approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the appropriateness and suitability of investing in the Notes.

The public offer of the Notes is made in Latvia, France, Germany, Italy, Poland, Netherlands, Czech Republic, Belgium, Austria, Portugal and Spain under this Base Prospectus.

During the validity period of this Base Prospectus the Issuer plans to request that the NCA provides competent authorities under the Prospectus Regulation in Bulgaria, Croatia, Republic of Cyprus, Denmark, Estonia, Finland, Greece, Hungary, Iceland, Ireland, Liechtenstein, Lithuania, Luxembourg, Malta, Norway, Romania, Slovakia, Slovenia and Sweden with a certificate of approval attesting that this Base Prospectus has been drawn up following the Prospectus Regulation. When such a certificate shall be obtained it will be permitted to make the public offer under this Base Prospectus in other Member States, and the Issuer shall ensure that Mintos provides information about it on the Platform. Such certificate, if and when received, should not be considered as an endorsement of the Issuer or the quality of the Notes.

This Base Prospectus will be valid for a period of up to 12 months after its approval by the NCA. In the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, the Issuer will prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes. The obligation to prepare a supplement to this Base Prospectus or publish a new Base Prospectus in the event of any significant new factor, material mistake or inaccuracy will cease to apply upon the expiry of the validity period of this Base Prospectus.

The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed in the section entitled '2. RISK FACTORS' of this Base Prospectus.

Capitalised terms used in this Base Prospectus have the meaning given to them in the section entitled 'GLOSSARY' of this Base Prospectus.

1. GENERAL DESCRIPTION

o What is Mintos?

Mintos provides solutions for investors looking to build wealth through long-term investing. With loans, bonds, ETFs, real estate, and Smart Cash, Mintos offers a unique mix of alternative and traditional investments for long-term investors. This one-of-a-kind offering enables retail investors to consolidate their portfolios and easily manage all their long-term investments from a single platform.

Mintos has over 500 thousand registered users, and manages more than EUR 600 million in assets under administration (as of 30 June 2024).

Mintos is an authorised investment firm in the European Union under MiFID (*Markets in Financial Instruments Directive*). For more information, see section '6. MINTOS' of this Base Prospectus.

o What are Notes?

Notes are financial instruments, namely asset backed securities, issued by the Issuer via Mintos to Investors and backed up by the Bonds. The Issuer by means of Platform provides access to investments in Bonds through the offer and issue of Notes. For the Investors' convenience this sort of Notes that will be offered on Platform will be called "Fractional Bonds" to differentiate these particular Notes from other notes that are also offered on Platform but are backed up by other assets.

The Notes are backed up by the Bonds meaning that the Bonds are held by the Issuer on a separate securities account with a regulated credit institution to act as collateral for the Notes issued.

The Notes will bear the same interest as Bonds' Receivables which is an interest that will be paid to bondholders as provided in the Bonds' Issuer Prospectus, see also section 9 of this Base Prospectus.

The Issuer might offer Notes applying the same principles as the Issuer has acquired Bonds. For example, if the nominal value of the acquired Bonds will be EUR 100 but the price at which the Bonds were purchased was EUR 96, the Issuer will issue Notes in EUR 100 of aggregate nominal amount with the issue price of EUR 96.

The reason to offer Notes is to give Investors opportunity to invest with relatively small amounts and to provide diversity in their investment portfolios with exposure to assets that usually require substantial investment amounts due to a relatively high minimum investment threshold. Notes are also a well-known product to Mintos Investors and by extending notes offering it provides Investors with even more options to invest in asset-backed securities.

The Issuer is a special purpose legal entity established for the purposes of:

- purchasing Bonds for the purpose of issuance of Notes and dealing with the Bonds according to the Terms and Conditions of the Notes, see the section 9 of this Base Prospectus;
- issuing Notes to Investors via Mintos.

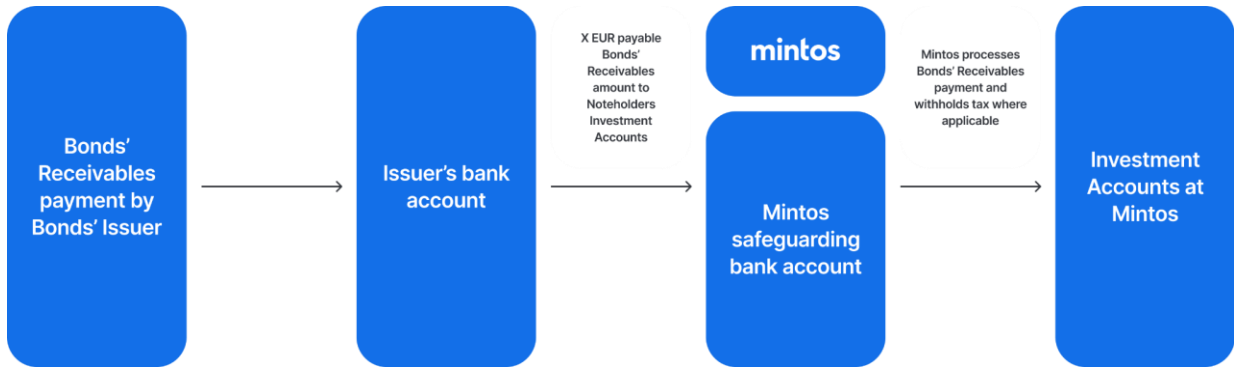

The Issuer may issue financial instruments (notes) in cooperation also with other bonds' issuers.

See the sections entitled '5. THE ISSUER' and '7. THE BONDS' ISSUER' of this Base Prospectus for more information.

o *The flow of funds for repayment of Notes*

Each time there is Bonds' Receivables payment made by the Bonds' Issuer, the Bonds' Issuer transfers

funds to the Issuer, which in turn makes payments under the relevant Series of Notes to the relevant Investor via Mintos. The payments are received into the relevant Investment Account.

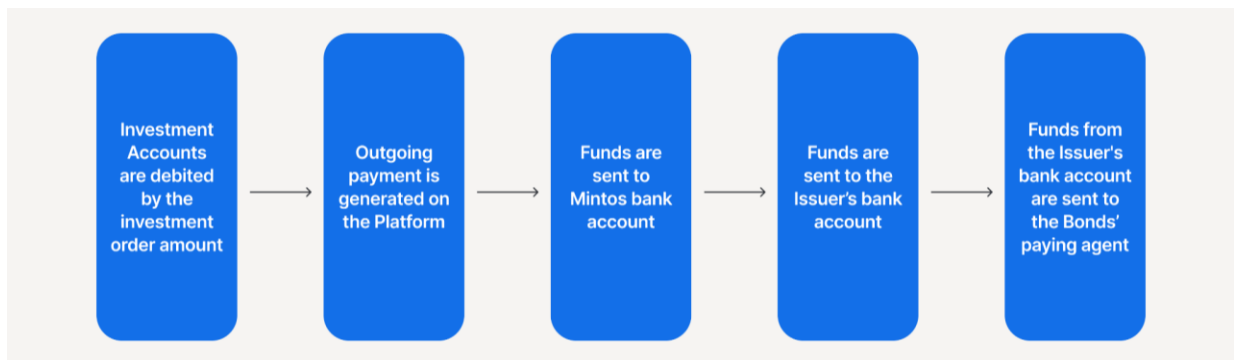

This means that if the Bonds' Issuer:

- is late on its Bonds' Receivables scheduled payment, payments to the Investors will also be delayed; and
- does not pay Bonds' Receivables to the bondholders, there will be no interest payments to the Investors under the Notes.

o *The flow of funds for investment in Notes*

To invest in Notes, the Investor provides instructions on the Platform to reserve a certain amount of Investor's available funds to purchase Notes. Reserved funds are held by Mintos up to the day when Investors' funds are transferred by Mintos to the Issuer's bank account to acquire the Bonds. The Notes are delivered to the Investment Account on the Bonds' settlement day. The Issuer issues a Series of Notes corresponding to the purchased Bonds to Investors via Mintos. When an Investor purchases any Note of the Series, the Investment Accounts are credited with the Note and debited with the purchase price of the Note. The purchase price is transferred to the Bonds' Issuer.

2. RISK FACTORS

The Issuer believes that the factors listed in this section of the Base Prospectus may affect its ability to fulfil its obligations under the Notes. All of these risk factors and events are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materialising, the potential significance of the risks or the scope of any potential negative impact to the Issuer's or the Bonds' Issuer's business, financial condition, results of operations and prospects. The Issuer and/or the Bonds' Issuer may face a number of these risks described below simultaneously. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Issuer believes that the factors described below represent the material risks inherent to investing in the Notes, but the inability of the Issuer or the Bonds' Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the statements below regarding the risks of investing in any Notes are not exhaustive. Other risks, events, facts or circumstances not included in this Base Prospectus, not presently known to the Issuer, or that the Issuer at the date of this Base Prospectus deems to be immaterial could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's or the Bonds Issuer's business, financial condition, results of operations and prospects. Prospective investors should carefully review the entire Base Prospectus and should form their own views before making an investment decision with respect to the Notes.

Before making an investment decision with respect to any Notes, prospective investors should consult their own lawyers, accountants or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

o RISKS SPECIFIC TO THE BONDS' ISSUER

The Bonds' Issuer is the holding company of EDS Group, which is the direct owner of all the EDS Group subsidiaries. EDS Group companies are dealing with debt purchase and workout of non-performing debt portfolios and assets of large corporations in Lithuania.

The risk factors described below may affect Bonds' Issuer ability to fulfil its obligations under the Bonds' Issuer Prospectus. Before making an investment decision, prospective investors should consider the following risk factors. The risks described below are not the only risks related to the Bonds' Issuer or other EDS Group companies. Additional risks that the Bonds' Issuer is currently unaware of or that the Bonds' Issuer currently considers to be insignificant may also harm/impact the Bonds' Issuers operations. The information provided in this section is current but may be changed, added to, or edited at any time without prior notice.

The risks are related, but not limited to:

1. Operating environment

1.1. Macro Economical and political risk

Market demand for the Bonds' Issuer services/products may vary due to macroeconomic changes such as recessions, inflation, deflation, declines in the retail sector, and shifts in consumer purchasing power. Economic uncertainties or political disturbances that impact consumer spending habits could negatively affect the demand for the Bonds' Issuer services/products, thereby adversely influencing its business performance, financial health, and operational results.

1.2. Regulatory environment

The Bonds' Issuer adheres to the legislative and regulatory framework applicable to the Bonds' Issuer as of the current date. However, as laws and regulations evolve, the Bonds' Issuer cannot guarantee immediate adaptation to new requirements without significant adjustments. Adapting to such changes might incur unpredictable costs, potentially resulting in a considerable negative impact on the Bonds' Issuer business operations, and financial performance.

1.3. Tax legislation

Changes in local tax laws or challenges to the Bonds' Issuer tax structure could significantly affect its operational outcomes, profitability, and growth prospects. The Bonds' Issuer tax strategies involve managerial judgement and could be subject to scrutiny or challenges from tax authorities due to possible misinterpretations of tax laws.

1.4. Geopolitical risk

Geopolitical tensions and conflicts can have far-reaching effects on the global economic landscape, potentially disrupting supply chains, altering trade patterns, and affecting commodity prices. The Bonds' Issuer operations and financial performance could be adversely impacted by geopolitical instabilities. Such events can lead to increased operational costs, disrupt market access, and pose challenges to availability of various resources.

1.5. Environmental risk

Environmental risk encompasses the potential negative impact of environmental changes and natural disasters on the Bonds' Issuer operations. This includes risks related to climate change, such as more frequent and severe weather events, which can damage infrastructure, negatively impact availability of other resources, or lead to increased regulatory scrutiny. Additionally, evolving environmental regulations can impose new compliance requirements, potentially leading to increased operational costs and affecting profitability.

2. Business operations and credit risk

2.1. Credit risk

Credit risk relates to the Bonds' Issuer long-term financial obligations. The Bonds' Issuer has witnessed increased financial leverage due to challenges in the past few years, including the Covid-19 pandemic and political instability in nearby markets, which led to disruptions in production and supply chains. While the Bonds' Issuer anticipates a decrease in financial leverage there is a risk that there might be challenges in the financial situation, that may result in a reduction in its cash flow generated from operations and the Bonds' Issuer may become unable to fully service its financial commitments. This, in turn, would affect the Bonds' Issuer business prospect and ability to settle its obligations towards investors.

2.2. Liquidity risk

This risk pertains to the Bonds' Issuer capability to maintain sufficient liquidity to meet its financial obligations on time as a result of insufficient liquidity or difficulty in raising new funds. If the Bonds' Issuer is unable to obtain sufficient borrowings, either due to banking or capital markets conditions generally, or due to factors specific to its business, EDS Group may not have sufficient cash to develop new projects, fund acquisitions or meet ongoing financing needs, which in turn could materially and adversely affect the revenues, operating results, cash flows and financial condition.

2.3. Interest rate risk

Interest rate risk involves potential adverse effects on the Bonds' Issuer financial position and economic value due to fluctuations in interest rates. Changes in the macroeconomic environment could significantly influence interest rate trends for various currencies, exposing the Bonds' Issuer to risks. Negative shifts in interest rates and currencies could materially deteriorate the Bonds' Issuer financial health.

2.4. Litigation risk

Litigation risk embodies the potential financial, operational, and reputational repercussions that could arise from legal actions brought against the Bonds' Issuer, spanning from regulatory disputes to contractual disagreements, intellectual property challenges, and beyond. This risk is particularly pronounced in sectors subject to rigorous regulatory scrutiny, but it is relevant to all entities that may find themselves at the centre of legal proceedings. The implications of litigation extend beyond the immediate financial burdens of legal defence, settlements, or judgments, affecting the Bonds' Issuer resource allocation, market position, and stakeholder confidence.

2.5. Information technology and cyber security risk

The Bonds' Issuer relies on its IT systems for daily operations. Disruptions or security breaches in these systems pose a threat to its business continuity and security.

2.6. Reputational risk

The Bonds' Issuer market position and stakeholder relationships could be significantly harmed by negative events or publicity, influenced by factors such as operational incidents, regulatory non-compliance, and ethical issues.

2.7. Counterparty risk

The Bonds' Issuer encounters counterparty risk in its operations, especially from partners involved in similar projects. Defaults by any business partner could lead to significant financial losses and reputational damage.

2.8. Competition risk

The Bonds' Issuer operates in a competitive environment, where it faces the constant threat of existing and new competitors. This competition can manifest in several ways, including through the development of alternative products, services, or technologies that could potentially capture market share from the Bonds' Issuer. Competitors might also engage in aggressive pricing strategies, enhanced service offerings, or marketing initiatives aimed at enticing the Bonds' Issuer customers. The emergence of such competitive pressures could lead to a reduction in the Bonds' Issuer revenue, profit margins and market positions.

2.9. Human resources risk

The success of the Bonds' Issuer hinges on the expertise and dedication of its highly skilled workforce, necessitating intricate resource planning and prioritisation between business and regulatory development amongst ongoing operations. The challenge of maintaining a competitive edge relies on the Bonds' Issuer capacity to attract and retain talented employees amid fierce competition from both within and outside the financial services sector. Cost efficiency pressures and potential constraints on wage growth could hinder the Bonds' Issuer ability to attract or maintain the staff, impacting its ability to seize business opportunities, enhance efficiencies, or manage assets profitably.

2.10. Refinancing risk

The Bonds' Issuer may have to refinance the Bonds issue. The Bonds' Issuer ability to successfully refinance its debt depends on the conditions of the debt capital markets and its financial condition at the time. Even if the situation in the debt capital markets improves, the Bonds' Issuer may not be able to obtain financing on favourable terms at some point. This could adversely affect the Bonds' Issuer and/or EDS Group's business, financial condition, earnings, and the investor's return on investment in the Bonds.

3. AML and sanction compliance risk

Bonds' Issuer must comply with the Laws of the Republic of Lithuania on the Prevention of Money Laundering and Terrorist Financing (in force since 19 June 1997, last amended 15 April 2021) and Law On International Sanctions (in force since 22 April 2004). The Bonds' Issuer takes necessary measures to comply with the regulations. However, there is a risk that its established processes may not be entirely effective, and the Bonds' Issuer may fail to comply with the mandatory regulations.

o **RISKS SPECIFIC TO THE UNDERLYING ASSET - BONDS**

Before considering an investment in Notes backed by Bonds, it is essential to recognize the array of potential challenges and uncertainties that come from investing in this underlying financial instrument.

Considering that Bonds repayment is heavily related to the Bonds Issuer's financial position and the security package, the main risks related to the underlying bonds are listed below.

1. Risks related to the nature of the Bonds:

- *Maturity Repayment Uncertainty*: there is a risk that the Bonds' Issuer may be unable to repay or refinance the Bonds at maturity, potentially requiring waivers or refinancing. Bondholders might not receive their principal and interest payments as expected.
- *Inflation risk*: inflation may reduce the future buying power of the Bond's interest payments and principal, potentially leading to higher interest rates and lower market value of the instrument.
- *Early redemption risk*: The Bonds' Issuer reserves the right to redeem the Bonds early, as specified in the Bonds' Issuer Prospectus. If an early redemption occurs, the investment yield may be lower than initially expected. The Bonds' Issuer cannot guarantee the avoidance of extraordinary early redemption events, such as a change of control, which would require Bonds redemption according to the specified procedures, potentially reducing the investment yield.
- *Foreign Exchange Risks*: as the Bonds are denominated in EUR, investors using other currencies face foreign exchange-related risks due to currency value fluctuations, affecting their returns.
- *Interest Rate Impact*: rising market interest rates can reduce the value of fixed-rate Bonds, potentially leading to market price declines if investors wish to sell. Bondholders are exposed to interest rate fluctuations.
- *Limited Trading Market*: the absence of an established trading market for the Bonds can hinder liquidity, making it challenging to resell them at fair market prices.

- *Transaction costs risk*: purchasing, subscribing to, or selling Bonds incurs various incidental expenses beyond the transaction price. Involvement of additional parties, such as domestic dealers or foreign brokers, may result in brokerage fees, commissions, and other charges. Changes in Lithuanian laws or new legislation may also introduce unforeseen expenses or taxes, potentially reducing the investment's return.
- *U.S. Securities Act Restrictions*: the Bonds are not registered under the U.S. Securities Act, limiting their transfer and potentially affecting liquidity and sale prices.

2. Risks related to the collateral and the collateral agent agreement:

- *Adequacy of collateral*: the collateral may not be sufficient to cover all secured obligations, potentially leaving the Bonds' Issuer payment obligations under the Bonds unsecured or inadequately secured. Enforcement may also face delays.
- *Valuation risk*: The risk that the value of the pledged collateral decreases over time, which could be due to market fluctuations or changes in the asset's condition. This can lead to the collateral not fully covering the Bond's value if it needs to be liquidated.
- *Liquidity risk of the collateral*: there is a possibility that the pledged assets cannot be quickly sold or liquidated at their fair market value if such scenario arises in order to cover the debt.
- *Legal and operational risks*: there might arise potential disputes or deficiencies regarding the ownership or rights over the pledged assets. Legal challenges or unresolved title issues can hinder the ability to use the collateral effectively to secure the issue or recover the debt in case of default. Such complications could delay or prevent the bondholders from realising the value of the collateral, affecting their recovery prospects.
- *Depreciation of collateral value*: the value of the collateral can depreciate over time due to various factors, including market dynamics, changes in demand. There is a risk that the collateral's value may decline over the Bond term, potentially becoming insufficient to cover the Bonds' Issuer obligations to bondholders fully.

In summary, these risks encompass financial stability challenges for the Bonds' Issuer, uncertainty regarding bond repayment, legal complexities, credit rating implications, foreign exchange exposure, interest rate sensitivity, limited market liquidity, and regulatory restrictions. Investors should consider these factors when evaluating the underlying Bonds. These risks would also be directly reflected in the return for the Noteholders.

○ RISKS SPECIFIC TO MINTOS

1. Various events and failures could cause situations where Mintos is not able to continue operations

As a relatively new service, Mintos operates in a complex and dynamic regulatory and competitive environment and various events and failures could lead to Mintos terminating the provisioning of services, including the operations of the Platform. These events include but are not limited to revocation of licence, weak financial performance, negative reputation, non-compliance events, dramatic changes in the applicable regulations impacting Mintos operating model or an economic downturn. If Mintos ceases operations, this could significantly impact the Noteholder's ability to receive repayment on time.

Should Mintos enter liquidation or insolvency, as a regulated and supervised entity, the process will be supervised by the NCA. The appointed liquidator or administrator will take over the functions of the management board. Mintos will continue servicing its clients and the Investment Accounts, and relevant financial instruments portfolios in line with what Mintos is permitted to do according to the applicable insolvency and liquidation rules. The process from the moment of the appointment would be led by the appointed administrator or liquidator. In some cases, the Investors' Protection Law may apply. Such processes may significantly influence the investment's

return times and make the return more complex to the Noteholder.

Furthermore, Mintos could for some reason suddenly stop honouring its obligations under the existing agreements, leading to delayed payments or partial or full loss of the amount invested in the Notes.

2. Non-compliance with regulations could lead to revocation of Mintos' licence

To provide services to clients, Mintos, as the operator of the Platform, has received an investment firm licence from the NCA. The licence could be suspended or revoked due to non-compliance with regulations by Mintos. Loss of licence by Mintos could lead to delayed payments or partial or full loss of invested amount under the Notes.

3. Failure of IT systems or a security breach could lead to significant liabilities and harm relationships with customers

The technology that Mintos has developed over the years is a cornerstone of Mintos' future success. The satisfactory performance, reliability and availability of the Platform is critical to its operations, customer service and reputation.

While Mintos has taken steps to protect confidential information, the techniques used to obtain unauthorised, improper or illegal access to systems, data, or customer data, or to disable or degrade services are constantly evolving and may not be detected quickly.

As a result, Mintos' and Mintos' third-party vendor security measures might be breached, and these security breaches could result in confidential client information being stolen. Breaches of security measures because of third-party action, employee error, third-party vendor error, design flaws in the software, or interruptions in Mintos' systems and services could adversely impact our relationships with Mintos' clients, harm Mintos' reputation and expose Mintos to significant liability.

Furthermore, in the event of damage or interruption, existing insurance policies may not adequately compensate Mintos and Mintos' clients for any losses that may have been incurred. Nevertheless, as IT systems are crucial to Mintos' operations, a substantial amount of resources is devoted to ensuring the stable and uninterrupted performance of the IT systems.

4. Mintos' bank accounts could be frozen or closed and banks, where the Noteholder funds are held, can become insolvent

Mintos clients' funds, including the fund being deposited in the Issuer's Account for settlement under the Notes, are kept segregated from Mintos' own funds in several bank accounts marked as client funds accounts.

One or several of those bank accounts that Mintos uses might be blocked, seized or closed for a number of reasons, including insolvency of the banks, resulting in interruptions of fund transfers to the Issuer and the Noteholder.

5. Significant problem or termination of the agreement with a Mintos partner may affect the provision of services to the Investors

While providing its services, Mintos relies on several carefully selected partners (e.g., cloud computing providers), and any problems with the service providers could impact Mintos' ability to provide services to the Noteholder. Mintos has taken several steps to reduce the likelihood and

impact of such occurrences, such as having backup service providers where feasible, there is still a risk that the Noteholder may not be able to access the Platform or receive services.

6. Certain situations or actions may raise conflicts of interests

While the rights and the responsibilities of Mintos and the Issuer are detailed in the Transaction Documents and this Base Prospectus, and Mintos has established policies and procedures to mitigate the risk, it is not possible to fully avoid the possibility of a conflict of interests between the parties that could impact the interests of the Noteholder.

Mintos provides placement services to the Issuer with respect to the Notes, Mintos receives fees from the Bonds' Issuer for placement services. Mintos has carefully set up the fees in a compliant manner and so that it would not violate the conflict of interest management rules. Such placement fees might qualify as inducements and Mintos would disclose information on these inducements to the Noteholder. In addition to inducement disclosures, Mintos has set up internal procedures to identify and manage conflicts of interest. Some conflicts of interest require disclosure and those are disclosed.

o RISKS SPECIFIC TO THE ISSUER

1. The Issuer could default on its obligations or become insolvent

The Issuer is a wholly-owned Mintos Group company, and not engaged in any business activities other than those provided in this Base Prospectus. There is a risk that the Issuer could suddenly stop effectively honouring its obligations under the existing agreements and breaching its provisions, resulting in missing repayments to the Noteholder. This could lead to delays in repayments and partial or full loss of invested amounts.

While the Issuer is created, established and performs its operations as a special purpose undertaking, due to possible legal shortcomings of the applicable law and/or judicial practice, the Issuer might be found insolvent due to the following reasons, including, but not limited to, a Noteholder or other creditor initiating the insolvency procedure against the Issuer in bad faith and the court not finding limited recourse and non-petition provisions defined by this Base Prospectus as a sufficient ground to reject such proceeding. In such situations, the Noteholder could experience delays in receiving its invested funds and its priority as a creditor of the Issuer might be changed by the rule of law, leading to receiving fewer amounts than due under the Notes.

The Terms and Conditions of the Notes (in section 9 of this Base Prospectus) are set up and drafted as having legal force and addressing concerns as legally binding contractual obligations. There can be external circumstances that might influence such legal construction, including, but not limited to court ruling, and/or new or modified legal enactments.

2. Mintos may not be able to cover the maintenance and administrative costs of the Issuer

Considering the pass-through nature of the Issuer, the maintenance costs and administrative expenses of the Issuer are, in essence, covered by Mintos, via a compensation mechanism. If for any reason mentioned above in '*RISKS SPECIFIC TO MINTOS*', Mintos is not able to cover such costs, it could significantly influence the operations of the Issuer and its ability to service Notes and make payments to the Noteholder.

3. Information asymmetry

There is a risk that the Bonds' Issuer can provide material information with delay or fails to provide

information to the Issuer at all. As a consequence:

- the Issuer through Mintos acting as its authorised representative will not be able to timely enforce its rights provided in the Transaction Documents and to act in the interests of Noteholders; and
- the Issuer will not be able to prepare and publish supplements to this Base Prospectus in a timely manner, which could impact the Noteholders' judgement on purchasing the Notes being unaware of any significant new factor, material mistake or inaccuracy related to the information being sourced from the Bonds' Issuer.

4. Cross-risks applicable to the Issuer

Considering the pass-through nature of the Issuer, the Issuer and its abilities to pay amounts due to the Noteholders under the Note are exposed to all the risks listed above in '*RISKS SPECIFIC TO THE UNDERLYING ASSET - BONDS*', and '*RISKS SPECIFIC TO MINTOS*'.

o RISKS SPECIFIC TO NOTES

1. The Noteholder has no rights of recourse against the Bonds' Issuer, the Bonds' guarantors or the security agent

The Noteholder has no direct right to the Bonds. Instead, the Noteholder is acquiring Notes, which are backed by the corresponding Bonds. The legal title in the Bonds and relevant rights arising from them are vested in the Issuer. This means that the Noteholder will have no direct recourse against the Bonds' Issuer and no ability to independently and in its discretion to pursue the Bonds' Issuer to collect payments under the Bonds. For the same reason the Noteholder will have no direct recourse against the Bonds guarantor (if any) and/or the security agent and no ability to pursue the Bonds' Issuer, the Bonds guarantor (if any) and/or the security agent (if any) to enforce them to duly perform their duties and obligations due. All such actions are carried out by the Issuer as the legal owner of the Bonds according to the provisions of this Base Prospectus and the Transaction Documents.

2. Change of creditors priority

The outcome of judicial or insolvency procedure could overrule the creditors' priority in this Base Prospectus due to requirements of the law, meaning that the Noteholders of one Series of Notes could become equal creditors to Noteholders of other Series of Notes, thus all the proceeds the Issuer receives from all the Notes is distributed on *pro rata* basis or otherwise.

3. Certain costs may rank higher than payments to the Noteholder

While it is the Issuer's responsibility to transfer to the Noteholder all payments that have been received from the Bonds' Issuer, there are certain costs, such as taxes, Mintos' fees and recovery costs that rank higher than payments to the Noteholder. This means that the Noteholder would only receive payment after the payment obligations of a higher priority have been settled.

Also, there is a risk that the outcome of judicial or insolvency procedure could define other priority of payments, which differs from the priority in this Base Prospectus.

4. Liabilities that are not Series specific will be allocated to all Series of Notes proportionally

If there are higher priority costs, i.e., taxes, fees and recovery costs, related to the specific Note, then these will be covered from the payments due to the Noteholders according to the Priority of

Payments defined in this Base Prospectus. Where the liability is not Series-specific, for example, legal costs, the liability will be allocated to all Series of Notes proportionally unless otherwise defined by the Priority of Payments.

5. No specific securitisation laws in Latvia

There are no dedicated laws and regime in Latvia addressing specific special purpose vehicle issuer insolvency or limited recourse concepts at the date of this Base Prospectus. Mintos believes the Terms and Conditions of the Notes are set up and drafted as having legal force and addressing such concerns as legally binding contractual obligations. There might be circumstances that influence such legal construction, including, but not limited to the court ruling, or new or modified legal enactments. Eventually, this could lead to delayed payments or partial or full loss of the amount invested in the Notes.

6. Bonds repurchase could impact planned return

The Bonds' Issuer may repurchase the Bonds from its investors at any time at value determined in the Bonds Issuer's Prospectus without any penalty or other compensation. This may happen, for example, in cases where the Bonds' Issuer decides to repurchase all Bonds before maturity date for the reasons described in the Bonds' Issuer Prospectus.

The Bonds' Issuer not only has a right to repurchase, but also has an obligation to repurchase the Bonds from the investors upon the occurrence of certain events specified in the Bonds' Issuer Prospectus.

If the early redemption right is exercised by the Bonds' Issuer, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Bonds' Issuer. The Noteholders' return on the investments in the Notes which are redeemed due to the repurchase will be lower than the initially planned return.

7. New regulations introduced in the future could impact the Noteholder and Mintos

Due to several reasons, such as improvements in computer technology, the financial crisis of the past decade and a greater focus on preventing the legalisation of illegally gained proceeds, the financial industry over the last years has experienced the introduction of several new regulations. With further developments and adoption of technologies, jurisdictions, either where Noteholders or Mintos Group are domiciled are likely to introduce new regulations or administrative interventions that could relate to Notes or online marketplaces such as the Platform. Such regulation in the future, for example, could enhance investors' protection measures, limit access to Notes to only qualified or sophisticated Noteholders, limit the proportion of the portfolio that can be invested through Notes or introduce any other restricting measures.

Furthermore, the introduction of new regulations or significant changes to the existing regulations could impact the profitability, cost base and future operations of Mintos. Failure to comply with regulation could lead to, among other things, lawsuits, administrative enforcement actions, penalties, and revocation of licences and authorisations. Eventually, this could lead to delayed payments or partial or full loss of invested amounts under Notes.

8. New regulation in relation to taxes could impact the expected return for the Noteholder

In the event that new regulation is introduced, or existing regulation or its interpretation changes so that the Issuer and/or Mintos needs to withhold additional taxes before making payments to the Noteholder, and the Issuer and/or Mintos is required to withhold any transfer tax, stamp duty

and/or financial transactions tax, this could impact the expected return on investment for the Noteholder. Similar developments in the Noteholders' tax residence country can lead to the same consequences.

9. Notes have limited liquidity and transferability

The Notes are illiquid securities and there is no active market for them, and the Notes are not admitted to any trading venue. The potential buyers and transferees are limited only to other Mintos' clients who are registered on the Platform. Which all means that the Noteholder might need to offer the Notes with a significant discount and hence would not meet the expected return on the investment, or might even be unable to sell them at all during a shorter or longer period of time. Furthermore, to protect Noteholders that use automatic investment solutions from making investment decisions, Mintos may restrict the execution of orders to sell the Notes according to the terms and conditions of the agreements between the Investors and Mintos.

The Noteholder should therefore only invest in Notes that the Noteholder is comfortable with holding to maturity.

10. An undiversified investment portfolio may lead to greater exposure to the Bonds' Issuer and country-specific risks than a well-diversified portfolio

Investment in a single Note, Notes issued in relation to the Bonds' Issuer or Notes with underlying Bonds, means that the performance of the portfolio and risk exposure depends on that Note, the Bonds' Issuer, country and currency risk.

Mintos encourages its customers to build a well-diversified portfolio and provides several tools to automate investing in Notes, making this easier.

11. Investing in Notes issued in other currencies increase the Noteholder's exposure to currency risk

If a Noteholder invests in Notes denominated in a currency that is different from the currency that the Noteholder earns and/or spends, the return on the investment could be significantly impacted by the fluctuations in the exchange rate between those currencies. This means that if the underlying currency depreciates significantly, the Noteholder could lose part of the investment, and if the currency appreciates significantly, the Noteholder could earn a higher return on investment.

12. Notes are not bank deposits

Investment in Notes does not have the status of a bank deposit in Latvia or elsewhere and is not within the scope of the deposit protection or guarantee scheme operated by the Republic of Latvia or any other jurisdiction.

Final Terms

Each Series of Notes will be issued on the terms and conditions set out under the section entitled '9. TERMS AND CONDITIONS OF THE NOTES' of this Base Prospectus as completed by the applicable Final Terms. The Final Terms will be published on the website www.mintos.com. A form of applicable

Final Terms is set out under the section entitled '11. APPLICABLE FINAL TERMS' of this Base Prospectus.

Other relevant information

This Base Prospectus must be read and construed together with any supplements to this Base Prospectus and with any information incorporated by reference in this Base Prospectus and, concerning any Series of Notes, must be read and construed together with the relevant applicable Final Terms.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into concerning the Programme, any information supplied by the Issuer, or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer.

Mintos has not authorised the whole or any part of this Base Prospectus and does not make any representation or warranty, or accept any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue and offering of the Notes, nor does Mintos or any of its shareholders, directors, affiliates, advisers or agents take any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue, offering and sale of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms, and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and Mintos to inform themselves about and to observe any such restrictions. In particular, Notes have not been and will not be registered under the Securities Act. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. Neither this Base Prospectus nor any Final Terms constitute an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, Mintos or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer. Mintos has not provided any financial or taxation advice in connection with the Programme or the Notes.

Programme limit

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 20 000 000 (twenty million euro) (or its equivalent in other currencies).

Language

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language so that the correct technical meaning may be ascribed to them under applicable law.

Ratings

No Series of Notes issued under the Programme will be rated by any credit rating agency.

Currencies

Unless otherwise indicated, the financial information contained in this Base Prospectus has been expressed in euro. The Issuer's functional currency is euro, and the Issuer prepares its financial statements in euro.

Third-party and market share data

This Base Prospectus contains information regarding business of the Issuer, Mintos, the Bonds' Issuer and others, and the industry in which they operate and compete. Where third party information has been used in this Base Prospectus, the source of such information has been identified. Statistical information included in this Base Prospectus has been derived from official public sources, including the statistical releases. All such statistical information may differ from that stated in other sources for a variety of reasons, including the use of different definitions and cut-off times. This data may subsequently be revised as new data becomes available and any such revised data will not be circulated by the Issuer to Investors who have purchased the Notes. In some cases, independently determined industry data is not available. In these cases, any market share data included in this Base Prospectus is referred to as having been estimated. All such estimates have been made by either the Issuer or the Bonds' Issuer using its information and other publicly available market information. Each of the Issuer and the Bonds' Issuer believes that these estimates of market share are helpful as they give prospective Investors a better understanding of the industry in which the Issuer or the Bonds' Issuer operates as well as its position within that industry. Although all such estimations have been made in good faith based on the information available and the Issuer's or the Bonds' Issuer's knowledge of the market within which it operates, neither the Issuer nor the Bonds' Issuer may guarantee that a third-party expert using different methods would reach the same conclusions. Where information has not been independently sourced, it is the Issuer's or the Bonds' Issuer's own information.

No incorporation of website information

The Issuer is affiliated with Mintos and their website is www.mintos.com. Unless specifically incorporated by reference into this Base Prospectus, information on the website or any other website mentioned in this Base Prospectus or any website directly or indirectly linked to these websites has not been verified, is not incorporated by reference into, and does not form part of, this Base Prospectus, and Investors should not rely on it.

4. TRANSACTION OVERVIEW

o THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES

▪ The Issuer, Mintos and the Bonds' Issuer

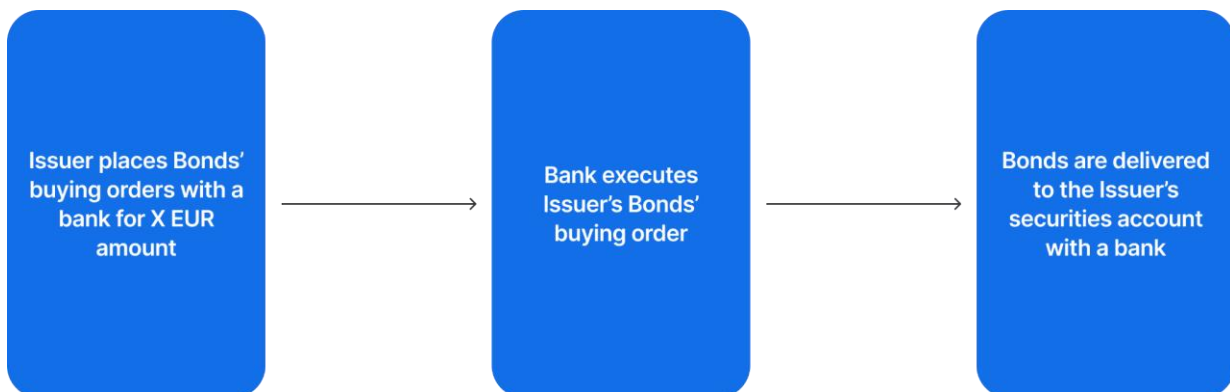

The Issuer has entered into the Transaction Documents with Mintos and the Bonds' Issuer for the issue and sale of the Notes as described in this Base Prospectus.

▪ Acquisition of Bonds by the Issuer

The Bonds will be purchased by the Issuer during the Bonds' subscription period as determined in the Bonds' Issuer Prospectus. During the Bonds subscription period, funds collected from the Investors, who have indicated their interest in investing into Notes, will be used to settle transactions between the Bonds' Issuer and the Issuer on the settlement date in accordance with the Bonds' Issuer Prospectus.

The Issuer also intends to offer Notes after the Bonds subscription period, which is subject to the precondition that there will be a third-party offering Bonds to sell. If there is an offer to buy Bonds, the Issuer will purchase Bonds with funds collected from the Investors, who have indicated their interest in investing into Notes that are backed-up by Bonds, to settle Bonds transactions between Bonds' seller and the Issuer.

If the Bonds settlement date, when the Issuer buys Bonds, does not match the Bonds' Receivables Payment Date, i.e., when the Bonds are actually delivered to the Issuer's security account with a regulated credit institution, the Bonds' accrued interest for these days of difference between settlement date and previous Bonds' Receivables Payment Date will be covered by the Issuer's own funds from its fully paid up share capital to purchase the Bonds, which will be reimbursed later with the next Bonds' Receivables payment.

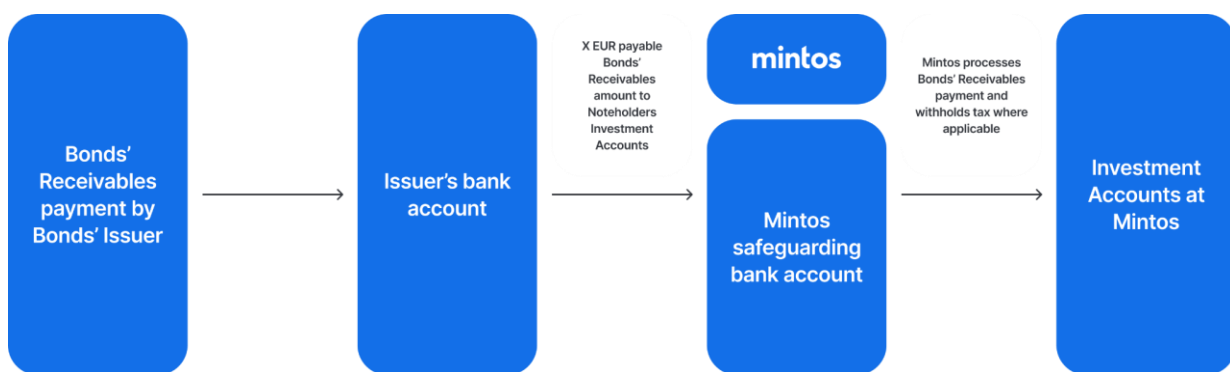

Amount as set out under the section entitled '11. APPLICABLE FINAL TERMS' of this Base Prospectus for the relevant Series of Notes, but subject to the nominal amount of the Notes being available for purchase from the Issuer as at execution time of the transaction order at Mintos.

No expenses are expected to be charged to the Investor by the Issuer when purchasing Notes. There is no financial transaction tax to be applied at the date of this Base Prospectus by the Issuer and/or Mintos to the Investor in subscribing or purchasing any Note.

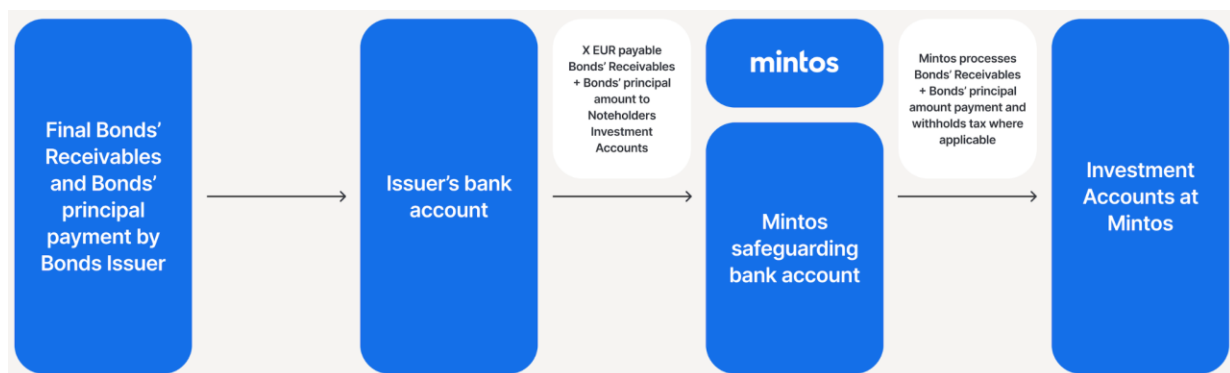

Underlying assets will be formed by matching one on one euro amounts invested into a Series of Notes and amounts of purchased Bonds as underlying assets.

▪ **Payments under the Notes**

Bonds' Receivables (interest) payout process to the Investor

Final Bonds' Receivables and Bonds' principal amount is paid to the Investors on the Bonds' maturity date. The same applies in cases of Bonds' early redemption. In the event of Bonds' early redemption, the Investors receive the Bonds' principal amount together with the accrued Bonds' Receivables up to the date of early redemption in accordance with the Bonds' Issuer Prospectus.

The Interest specified in the Final Terms will begin to be calculated and accrue from the first day when the Investor has acquired the Notes from the Issuer and the Notes are booked by Mintos in the Investor's Investment Accounts.

The Interest and principal payments under the Notes are linked and contingent on corresponding payments being made under Bonds. The interest and principal payment of the Bonds are such that the Bonds shall bear interest at the interest rate per annum on their nominal amount from the date when the respective tranche is issued under the terms of the Bonds' Issuer Prospectus and Bonds' interest shall be payable quarterly in arrears on each interest payment date, commencing to accrue on the interest

commencement date in accordance with the terms of the Bonds's Issuer Prospectus.

- **Redemption of the Notes**

The Issuer may exercise its right but not the obligation to redeem the Notes from the Investors on the occurrence of certain events specified in the Bonds' Issuer Prospectus, including, but not limited to:

- the Bonds' Issuer exercises any of its rights of early redemption and/or repurchase of the Bonds in accordance with the terms of the Bonds' Issuer Prospectus.

In this event of early redemption of the Bonds, which has been initiated by the Bonds' Issuer, the Bonds held by the Issuer will be redeemed from the Issuer in accordance with the terms of the Bonds' Issuer Prospectus and all funds received by the Issuer in case of early redemption of the Bonds will be used proportionally to redeem the Notes.

In some cases, including, but not limited to:

- if the Issuer is required by the applicable regulation to sell the Bonds and/or,
- if the Issuer is not able to continue to service the Notes and/or,
- if there are risks to the Issuer and/or Mintos that do not allow the Issuer to hold the Bonds,

the Issuer may exercise its right to sell Bonds at its own discretion for any price that is available to the Issuer and use these funds received from the Bonds sale to redeem the Notes. As the Notes may be redeemed only with the funds acquired from the sale of the Bonds, the Investors should be fully aware that in such cases of discretionary sale of the Bonds by the Issuer, it could lead to delays in repayments and to a partial or full loss of the invested funds in the Notes.

- **No credit enhancement**

The Notes have no credit enhancements and no liquidity support in relation to payment of interest or principal.

The Issuer, as a special purpose entity, has no obligation to make any payment on the Notes unless sufficient funds have been received from the Bonds' Issuer.

- **THE TRANSACTION DOCUMENTS**

The information in this section is a summary of certain features of the Transaction Documents provided for information purposes and will not be treated as the full binding text of the relevant agreement.

This section does not entail summary of those transaction documents which will be executed by the Issuer with respect to the acquisition of the Bonds from third parties, as those transaction documents will be market standard transaction documents as customary for such transactions. They will include agreements on the opening and maintenance of a cash account and financial instruments account for the Issuer and documents necessary for transactions to be performed with respect to the Bonds according to the provisions of this Base Prospectus.

Further are provided summaries of contracts that are necessary for the matters outlined in the above section entitled '*THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES*' which are other than those customarily necessary to purchase and hold financial instruments such as Bonds.

- **The Cooperation Agreement**

General

The Cooperation Agreement contains the agreement between the Issuer and Mintos on the matters outlined in the above section entitled '*THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES*'.

Mintos

Mintos acts as a placement agent, calculation agent, transfer agent and paying agent of the Issuer in relation to the Notes.

Issuer

Issuer has undertaken to transact with Bonds only in line with this Base Prospectus. The Issuer is obliged to provide Mintos with information and documentation with respect to the Bonds, including the financial instruments account on which the Bonds will be held. The Issuer has undertaken to procure that there are no encumbrances, liens or other security interests in favour of any third parties over the Bonds.

Term and termination

The Cooperation Agreement continues until all liabilities of the Issuer and Mintos according to its provisions are fully satisfied.

Governing law

The Cooperation Agreement and any non-contractual obligations arising out of, or in connection with it, is governed by and will be construed in accordance with the laws of the Republic of Latvia.

- **The Placement Agreement**

The Placement Agreement contains the agreement between the Bonds' Issuer and Mintos on the matters related to the above section entitled '*THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES*'. The Placement Agreement mandates Mintos to act as a platform through which the Notes backed by the Bonds will be offered during the placement period as agreed in that agreement. Mintos shall receive fees from the Bonds' Issuer in relation to the issuance of Notes backed by the Bonds, in view of the Bonds acquired by the Issuer being deemed as placed by Mintos within the placement arrangement. The Placement Agreement shall be governed by the laws of the Republic of Latvia.

o Legal nature, jurisdiction and the applicable law of the Bonds

The Bonds represent direct and legally binding debt obligations of the Bonds' Issuer towards the bondholders according to the Bonds' Issuer Prospectus. The Bonds issue is a private placement arranged in compliance with article 1(4)(d) of the Prospectus Regulation. Minimum subscription size for the Bonds per each investor is EUR 125 000 (one hundred twenty five thousand euro) with minimum step of EUR 1 000 (one thousand euro). The maximum total nominal value of all Bonds issued in all tranches is up to EUR 8 000 000 (eight million euro). The actual number of Bonds to be issued in one tranche shall be determined by the Bonds' Issuer after the relevant tranche subscription date.

The Bonds' Issuer has not and shall not undertake any obligation to register the initial placement of the Bonds for public offer with any competent authority in any jurisdiction. The Bonds shall be exclusively offered for subscription in accordance with article 1(4)(d) of the Prospectus Regulation and only within the European Economic Area. The Bonds' Issuer does not undertake any obligation to create or ensure liquidity for the Bonds.

The Bonds are issued in dematerialized form and will not be numbered. The Bonds shall be registered in the Latvian Register of Securities which is maintained and operated by Nasdaq CSD ((Nasdaq CSD SE (registration number: 40003242879, legal address Valņu iela 1, LV-1050, Riga, Latvia)) in accordance with the applicable laws. The Bonds' issue ISIN to be allocated by Nasdaq CSD is provided in the tranche terms in respect of each tranche separately.

The decision of the Bonds' Issuer to organise the Bonds' issue has been passed in compliance with the applicable laws of the Republic of Lithuania. The Bonds' issue, including the relationship between the Bonds' Issuer and the bondholders or any third parties, and their respective rights and duties attached to the Bonds shall be governed by the laws of the Republic of Latvia.

o Repayment and maturity

The nominal (face value) of one Bond is EUR 1 000 (one thousand euro) and the Bond's Issuer will repay the nominal amount of the Bonds as a lump sum at the Bonds' maturity date. The maturity date applicable to the Bonds issued under a relevant tranche is provided in the Bonds Issuer's tranche terms. The Bonds' Issuer shall repay the nominal amount in accordance with Nasdaq CSD intermediary and applicable Nasdaq CSD regulations. If the scheduled maturity date is not a business day, the maturity date will be deemed to occur on the first business day after the scheduled maturity date.

The Bonds' interest for the Bonds issued in one tranche is a certain percentage of the nominal per annum and is fixed until the redemption of the Bonds. The Bonds' interest rate is determined by the Bonds' Issuer at its discretion in respect of each tranche separately before each respective tranche. The Bonds' interest rate is provided in the Bonds' tranche terms.

Bonds' interest payments are made quarterly every 25 October, 25 January, 25 April, 25 July (as well as on the redemption day of the relevant Bond if that day does not fall on an interest payment date and to the extent the interest has accrued by said redemption day from the immediately preceding interest payment date). Bonds' interest rate shall accrue from previous Bonds' interest payment date (included) until the next Bonds' interest payment date (excluded).

The Bonds' Issuer can carry out full early redemption (call option), on every coupon payment date starting from 25 October 2025 by paying 101% (one hundred and one per cent) of the nominal amount plus accrued interest on the redemption date. If the Bonds' Issuer carries out full early redemption (call option)

in period after 25 October 2026, the Bonds' Issuer pays only the nominal amount plus accrued interest on the redemption date.

o **Collateral**

To secure the fulfilment of the obligation to redeem the Bonds (as well as to pay the interest and make other payments), the Bonds' Issuer will pledge the following assets by maximum first-ranking mortgage and by maximum first-ranking pledge for the common benefit of all of the bondholders of respective issue of the Bonds and the holders of any other previous and subsequent bond issues:

(a) maximum first-ranking pledge: funds in all existing and future bank accounts held by the Bonds' Issuer;

(b) maximum first-ranking mortgage: the Bonds' Issuer as immovable property (company mortgage), including without limitation the whole existing and future long-term and short-term assets, movable and immovable assets, property rights, funds and other assets.

The Bonds' Issuer may grant any additional collateral or ensure that any additional collateral is otherwise granted to the holders of the Bonds, provided that said additional collateral is established in favour of the collateral agent on terms reasonably satisfactory to the latter and for the benefit of all holders of the Bonds (and not some of them only).

Detailed terms and conditions relating to the collateral are set forth in the collateral agreements and in case of any conflicts in relation thereto between the Bonds' Issuer Prospectus and the collateral agreements, the terms and conditions of the collateral agreements shall prevail.

If the Bonds' Issuer fails to make the coupon (interest) and / or nominal payment in a timely manner, the collateral agent, acting on behalf of the Bonds' investors, will enforce the collateral in accordance with the Bonds' Issuer Prospectus, the collateral agent agreement and the collateral agreements.

The Bonds' investors shall not have any independent right to enforce the collateral or to exercise any rights arising from the collateral agreements. The Bonds' investors can exercise their rights in relation to the collateral only through the collateral agent pursuant to the Bonds' Issuer Prospectus and the annexes thereof, the collateral agreements and collateral agent agreement.

These characteristics of the Bonds as described above demonstrate capacity to produce funds to service any payments due and payable on the Notes.

9. TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes (the **Terms and Conditions**) which, together with the relevant Final Terms, will be applicable to the specified Series of Notes. The relevant Final Terms will complete the Terms and Conditions in relation to each Series of Notes.

1. UNDERTAKINGS OF THE ISSUER

The undertakings in this Condition 1 remain in force for so long as any of the Notes are outstanding.

1.1 *Authorisations and compliance with laws*

The Issuer will promptly obtain, comply with and do all that is necessary to maintain in full force and effect any authorisation required under any law or regulation of Latvia to enable it to perform its obligations under the Notes or own title in the Bonds, and carry on its business as it is being conducted. The Issuer will comply in all respects with all laws to which it is subject.

1.2 *Negative covenants*

Other than in connection with the Notes or as provided in the Base Prospectus, the Issuer will not:

- (a) sell, transfer, create any security over or otherwise dispose of any of the Bonds;
- (b) incur or permit to be outstanding any financial indebtedness;
- (c) be the creditor to any person;
- (d) give or allow to be outstanding any guarantee or indemnity to or for the benefit of any person in respect of any obligation of any other person;
- (e) carry on any business other than as a special-purpose pass-through undertaking established for the purpose of issuing and offering Notes, which are backed by the Bonds, to Investors on the Platform; or
- (f) use the Issuer's Account for any purpose other than as provided in these Terms and Conditions and the Transaction Documents.

These provisions are without prejudice to the Issuer's right to have transactions with other bonds issuers, if any, with the aim of approving base prospectuses and issuing bonds' backed and contingent notes.

2. GENERAL

- 2.1 The Issuer under these Terms and Conditions together with the corresponding Final Terms has authorised the creation, issue and sale of the Notes. The issue of Notes on the Issue Date specified in the Final Terms will correspond to the Issuer obtaining title to the Bonds with a total amount equal to the Aggregate Nominal Amount.
- 2.2 Subject to Condition 25, the Issuer will obtain the title to the Bonds on the condition that Mintos has determined that it has all the data it requires in relation to the Bonds' Receivables in accordance with the Bonds' Issuer Prospectus. The condition in no case implies either the Issuer or Mintos has any obligation to examine, verify or assess Bonds' Issuer Prospectus data, including, through the use of any documentary evidence.
- 2.3 In each case where amounts of principal, Interest, other return and additional amounts (if any) are payable in respect of the Notes, the obligations of the Issuer to make any such payment will constitute an obligation only to account to the Noteholders on each date on which such amounts are due, for an amount equal to amounts of principal, Interest, other return and additional amounts (if any) actually received by the Issuer in relation to the Bonds.
- 2.4 Neither the Issuer nor Mintos are liable to make any payments in respect of the Notes other than as expressly provided in these Terms and Conditions.
- 2.5 Save for any fees payable to the Mintos, so far as the Issuer is aware, no person involved in the issue of the Notes has any material interest to the offer of the Notes.

3. STATUS

- 3.1 The Notes constitute direct, general, unsubordinated and limited recourse debt obligations of the Issuer, which rank *pari passu* among themselves; and at all times these obligations rank at least *pari passu* with all other present and future direct, general, unsubordinated and limited recourse obligations of the Issuer arising from the present and further Series, except for those obligations as may be preferred by applicable law.
- 3.2 No proprietary or other direct interest in the Issuer's rights under or in respect of any of the Transaction Documents, the Transfer Document, the Bonds' Receivables, exists for the benefit of the Noteholders. Subject to these Terms and Conditions, no Noteholder will and will have any right to enforce any of the Transaction Documents and the Bonds' Receivables, or any direct recourse to the Bonds' Issuer.

4. FORM

The Notes are issued by the Issuer in registered form which are deposited and held as book-entry with Mintos.

5. ISSUE OF NOTES

The Notes are issued on the Issue Date in the Aggregate Nominal Amount, the Specified Denominations and the Specified Currency as specified in the Final Terms.

6. REGISTER, TITLE AND TRANSFERS

- 6.1 Mintos maintains an electronic register of Noteholders in accordance with the Cooperation Agreement. No certificates will be issued to any Noteholder in respect of its holding.

- 6.2 Each Noteholder will (except as otherwise required by law) be treated as the absolute owner of any relevant Note for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust, nominee ship or any other interest in the Note), and no person will be liable for so treating the Noteholder.
- 6.3 The Notes are held and freely transferred only between the financial instrument accounts at Mintos of Noteholders. No application has been or will be made to trade the Notes on any regulated market or any other trading venue, other than the Platform.
- 6.4 A transfer of any Note between the Noteholders may be affected by Mintos which may require as conditions to the transfer of (a) provision of documents and information, (b) payment of any transfer fee and (c) payment of any tax or other governmental charges, in each case, by the relevant Noteholder in accordance with terms and conditions of the Platform.

7. PRIORITY OF PAYMENTS

All funds received by the Issuer in relation to the Bonds, to the extent legally permitted, will be applied by the Issuer in the following order of priority:

- (a) *first*, in or towards payment of any amounts owed by the Issuer to any tax authority and required to be paid by the Issuer under or pursuant to the Notes;
- (b) *second*, in payment or satisfaction of all fees and penalty fees then due and unpaid to Mintos if any;
- (c) *third*, in or towards payment or satisfaction of all amounts then due and unpaid as commissions, fees, costs, charges, expenses and liabilities incurred or payable for servicing of the Bonds;
- (d) *fourth*, in or towards payment or satisfaction of any costs, including legal fees, for any action to recover funds, collect or restructure payment obligations, or taking any other actions to receive the Bonds' Receivables.
- (e) *fifth*, to the Noteholders in or towards the payment or discharge of all amounts of Interest and Principal Amount Outstanding then due and payable under or in respect of Series. Such payment or discharge being done by placing Notes of all Series outstanding in the chronological order from the Notes having oldest Payment Event to the Notes having newest Payment Event, and then applying pro rata approach on each particular Series level.

Neither the Issuer nor Mintos will be liable for applying the Priority of Payments, including for any minor errors, pursuant to Condition 25.

8. INTEREST

8.1 *Payment of Interest*

Each Note bears Interest from (and including) the date on which the Note is subscribed by the Noteholder. Interest will be calculated in accordance with Conditions 8.2 and payable in the Specified Currency in arrears on each Interest Payment Date.

8.2 *Accrual of Interest*

The Interest payable on any Interest Payment Date in respect of each Note is as follows:

a) For the first interest period:
Principal Amount Outstanding x Interest rate / 360 x Days30*

**days from the purchase till Interest Payment Date and according to the European 30/360 method (not including Interest Payment Date)*

b) For the full interest period:

Interest Rate x Principal Amount Outstanding / 4*

**formula applies if Notes are held for the whole interest period*

c) For the last interest period:

Principal Amount Outstanding * Interest rate / 360 * Days30*

**days from previous Interest Payment Date till the Interest Payment Date at the Maturity Date and according to the European 30/360 method (not including the Maturity Date)*

Any payment of Interest will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Bonds.

9. PRINCIPAL REDEMPTION

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified in these Terms and Conditions, each Note will be redeemed at the then Principal Amount Outstanding on the Maturity Date.

9.2 Early Redemption

A proportion of the Principal Amount Outstanding of the Notes will be redeemed *pro rata* on each Redemption Date and at any other time any principal payment from the Bonds is received by the Issuer, without any prior notice to Noteholders. The Principal Amount Outstanding of the Notes redeemed will be in the same proportion as the proportion that the principal payment received by the Issuer has to the total principal amount outstanding of the Bonds immediately before the principal payment. Any accrued but unpaid Interest associated to that proportion of the Principal Amount Outstanding of the Notes being redeemed will be paid at the same time. For the avoidance of doubt if the Principal Amount Outstanding of the Notes is redeemed, the nominal amount of each Note (as specified in Final Terms) is constant and remains unchanged.

Any repayment of the Principal Amount Outstanding will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Bonds.

10. INTEREST AND PRINCIPAL DETERMINATION

10.1 Mintos determines (a) the amount of Interest payable in accordance with Condition 8 for each Interest Payment Date and (b) the amount of principal payable in accordance with Condition 9 on each Redemption Date and the Maturity Date, on its review of the following information:

(i) the Payment Events which have arisen;

- (ii) aggregate payment amounts paid by the Bonds' Issuer which have been received from the Bonds' Issuer;
 - (iii) the amounts then due and owed by the Issuer according to the Priority of Payments on the Interest Payment Date, the Redemption Date or the Maturity Date.
- 10.2 On each Interest Payment Date, each Redemption Date and the Maturity Date, Mintos on the Issuer's behalf will direct the payment of Interest and principal amounts to the Noteholders in accordance with Condition 11.
- 10.3 If after application of the Priority of Payments the Issuer has insufficient funds on any Interest Payment Date, any Redemption Date or the Maturity Date to make a payment of Interest or principal in full as required by Conditions 8 and 9, on behalf of the Issuer, Mintos at its sole discretion may decide that the Issuer pays part of the amount due or defers the payment until the full amount due is available, and such partial payment or deferral will not constitute an Event of Default under these Terms and Conditions.
- 10.4 All determinations, calculations and adjustments made by Mintos will be made in conjunction with the Issuer and will, in the absence of manifest error, be conclusive in all respects and binding upon the Issuer and all Noteholders.

11. PAYMENTS

11.1 Payments of Interest and principal

Subject to Conditions 7 and 12, the Issuer will, from any Available Distribution Amount:

- (a) pay the Interest on the Notes in accordance with Condition 8 on each Interest Payment Date; and
- (b) redeem the Notes in accordance with Condition 9 on each Redemption Date and the Maturity Date.

11.2 Notes contingent payments

All payments of Interest and principal by the Issuer under the Notes are dependent on the Issuer having received information on the Payment Event and the Available Distribution Amount being sufficient to make the relevant payments in accordance with the Priority of Payments. The Notes will not give rise to the Issuer having any payment obligation in excess of the foregoing.

11.3 Pending Payments Penalty Fee

Not applicable.

11.4 Insufficient funds on the Maturity Date

If any amounts on the Notes are outstanding on the Maturity Date, the Maturity Date will be automatically postponed to the date on which all amounts due and payable under the Notes are paid.

11.5 Payments to the Noteholders

Any payments of Interest and redemption amounts in respect of the Notes will be made to the relevant Investment Account.

11.6 Taxes

All payments and/or deliveries in respect of the Notes made by or on behalf of the Issuer will be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be withheld or deducted.

The Issuer or Mintos will:

- (a) not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Noteholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted;
- (b) not be liable for or otherwise obliged to pay, and the relevant Noteholder will be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer (or agreement to transfer), any payment and/or any delivery (or any agreement for delivery) in respect of the Notes held by such Noteholder; and
- (c) have the right but will not be obliged (unless required by law), to withhold or deduct from any amount payable or, as the case may be, any delivery due to the relevant Noteholder, such amount or portion as will be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The Noteholders will agree to provide the Issuer and/or Mintos with all information and documentation required by the Issuer and/or Mintos, as the case may be, to satisfy any Latvian or other country tax or regulatory obligations at any time.

11.7 Payments on Business Days

If the due date for payment of any amount in respect of any Notes is not a Business Day, the Noteholder will not be entitled to payment of the amount due until the next succeeding Business Day in such place and will not be entitled to any further interest or other payment in respect of any such delay.

12. LIMITED RECOURSE AND NON-PETITION

- 12.1 Notwithstanding anything in the Base Prospectus, the obligations of the Issuer in respect of the Notes are limited recourse obligations which are payable solely from the sums of principal, Interest, other return and additional amounts (if any) actually received (and identified as such) in relation to the Bonds.
- 12.2 All payments to be made by the Issuer in respect of the Notes will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer under the Bonds, subject always to the Priority of Payments.
- 12.3 In relation to any sums received or recovered, the Issuer (or Mintos on its behalf) will follow these Terms and Conditions in determining to which Series of Notes such sums relate and such determination will be binding on Noteholders of all Series in the absence of manifest error.
- 12.4 To the extent that the sums referred to in Condition 12.1 are less than the amount which the Noteholders may have expected and been entitled to receive (such difference being referred to as the **shortfall**), the shortfall will be borne by the Noteholders.
- 12.5 Each Noteholder, on subscribing or buying any Note directly, of the Platform or any other way,

irrevocably accept and acknowledge that it is fully aware that:

- (a) only the sums referred to in this Condition 12, and Conditions 7 and 11 will be available for any payments to be made by the Issuer in respect of the Notes;
- (b) the sums which are attributable to another Series of Notes are only available in satisfaction of the obligations of the Issuer to such Noteholders;
- (c) the obligations of the Issuer to make payments in respect of the Notes will be limited to the sums and the Noteholders will have no recourse to the Issuer, Mintos or their respective shareholders, directors, officers, employees, affiliates, successors or assigns in respect of the Notes for the shortfall;
- (d) no Noteholder is entitled to proceed against the Issuer or Mintos for the shortfall;
- (e) following the realisation and distribution of the net proceeds from the Bonds' Receivables in accordance with the Priority of Payments, the Noteholders or anyone acting on behalf of any of them will not be entitled to take any further steps against the Issuer or Mintos to recover any further sum and the right to receive any such further sum will be deemed as fulfilled; and
- (f) no Noteholder will be entitled to petition or take any other step or join with any other person in bringing, instituting or joining, insolvency, winding-up, liquidation or bankruptcy proceedings (whether court-based or otherwise), or for the appointment of an examiner, liquidator or analogous person in relation to the Issuer, nor will it have any claim to, or in respect of any sum arising in respect of any assets of the Issuer.

12.6 Non-payment of the shortfall referred to in this Condition 12 will not constitute an Event of Default.

12.7 None of the shareholders of the Issuer, Mintos, the Bonds' Issuer has any obligation to any Noteholder for payment of any amount by the Issuer in respect of the Notes.

12.8 The provisions of this Condition 12 will survive redemption of the Notes.

13. PURCHASE

13.1 The Issuer may at any time purchase Notes at any price on the Platform.

13.2 Any Note purchased by the Issuer on the sole discretion of the Issuer may be either cancelled or sold to any investor on behalf of the Issuer by Mintos.

14. CANCELLATION

All Notes which are redeemed or cancelled may not be re-issued or resold.

15. PRESCRIPTION

Any and all claims against the Issuer for payment in respect of the Notes will be prescribed and become void unless made within 10 years from the date on which payment in respect of the Notes first becomes due.

16. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders create and issue further

Series and further tranches of existing Series of Notes. A further tranche of an existing Series will:

- (a) be fungible with the Notes of that existing Series;
- (b) have the same terms and conditions as the Notes of that Series except for the Aggregate Nominal Amount, the Issue Date, the Issue Price, the Interest Accrual Periods, the first Interest Payment Date and the first Redemption Date; and
- (c) be consolidated and form a single Series with that existing Series of Notes, and references in these Terms and Conditions to Notes will be construed accordingly.

The right of the Issuer from time to time without the consent of the Noteholders to create and issue further Series, includes also the Issuer's right to issue bonds' backed and contingent notes according to the base prospectuses and transaction documents for other bonds' issuers.

17. EVENTS OF DEFAULT

17.1 Any of the following events will constitute an event of default under the Notes (each, an **Event of Default**):

- (a) if any order is made by any competent court or any resolution passed for the winding-up or dissolution (including any bankruptcy, insolvency, voluntary, forced or judicial liquidation, composition with creditors, a reprieve from payment, controlled management, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer (save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangements); or
- (b) formal notice is given of an appointment an administrator (including any receiver, liquidator, auditor, verifier), provisional administrator; or
- (c) any application is made, or petition is lodged, or documents are filed with the court or administrator in relation to the Issuer for the actions, proceeding or procedures specified in paragraphs (a) or (b) above, unless such proceedings or petitions are disputed in good faith and are discharged, stayed or dismissed within 90 calendar days of commencement.

17.2 The Issuer is obliged to inform Mintos immediately if any Event of Default should occur. Should Mintos not receive such information, Mintos is entitled to assume that no Event of Default exists or can be expected to occur, provided that Mintos does not have knowledge of any Event of Default. Mintos is under no obligation to make any investigations relating to any Event of Default. The Issuer will, at the request of Mintos, provide Mintos with details of any Event of Default and provide Mintos with all documents that may be of significance for the application of this Condition 17.

17.3 If Mintos has been notified by the Issuer or has otherwise determined that there is an Event of Default, Mintos will, within 20 Business Days of the day of notification or determination, notify the Noteholders according to Condition 20.

17.4 Upon the occurrence of an Event of Default, Notes are repaid according to the terms and conditions stipulated by this Base Prospectus and relevant Series Final Terms, unless otherwise required by a rule of the law.

- 17.5 Mintos, subject to the Noteholders indemnifying and holding Mintos harmless from any reasonable expenses, loss or liability, will take every reasonable measure necessary to recover the amounts outstanding under the Notes according to their terms and conditions and Transaction Documents. Mintos will in each case inform the Noteholders about the costs which should be compensated prior to requesting any indemnification. In any case Mintos will charge this compensation of costs only up to the recovered amount. Mintos will not ask for compensation of costs for its in-house staff and resources.
- 17.6 For the avoidance of doubt, if any payment is not made by the Issuer because the Issuer has not received the relevant amounts under the Series Specific Notes so that the Available Distribution Amount after application of the Priority of Payments is not enough to make payments due under the Notes in full, the occurrence of such event will, as such, not constitute an Event of Default.

18. MEETING OF NOTEHOLDERS

18.1 *General provisions*

The Issuer from time to time may convene a meeting of the Noteholders (the **Noteholders Meeting**) to adopt resolutions on certain matters. The Issuer at its own discretion decides which matters will be reserved for passing at the Noteholders Meeting.

These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the Noteholders Meeting or in respect of the relevant resolution and Noteholders who voted in a manner contrary to the majority. As a result, Noteholders may be bound by a change to these Terms and Conditions or by some other decision that affects Noteholders' investment in the Notes even though they have not agreed to such change.

The Noteholders Meeting may adopt its resolutions in one of the two forms as chosen by the Issuer:

- (a) at a meeting held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote using ballots provided; or
- (b) by absentee voting (without attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote).

The Noteholders Meeting will be chaired, and minutes taken by a representative of Mintos.

18.2 *Resolutions of the Noteholders Meeting*

Matters put to the vote at a Noteholders Meeting and its agenda will be decided by the Issuer.

The Noteholders may neither pass resolutions on the matters not included in its agenda nor amend the agenda.

Resolutions passed by the Noteholders Meeting and voting results will be provided to the persons eligible to participate in the Noteholders Meeting in a report, which will be disclosed to the Noteholders as per the procedure prescribed with regard to sending notices of the Noteholders Meeting, within 5 Business Days after the closing date of the meeting or the final date for submitting the voting ballots in case of absentee voting. However, the failure to do so will not invalidate the resolution.

The resolution will be binding on all the Noteholders, whether or not present at the Noteholders Meeting and each of them will be bound to give effect to it accordingly.

18.3 *Information on holding a Noteholders Meeting*

The Issuer will notify the Noteholders about the Noteholders Meeting in accordance with the procedure below.

A notice of the Noteholders Meeting (the **Notice**) will be given according to Condition 20 no later than 10 days in advance.

The Notice will be given to the Noteholders registered on the date of the Notice in the electronic register of Noteholders maintained by Mintos.

The Issuer may decide not to publish the Notice on the Platform. In such a case within the time specified in this Condition 18.3 the Issuer will send the Notice to the Noteholders by email.

The Issuer may at its own discretion make available information to the Noteholders entitled to participate in the Noteholders Meeting as part of preparations for the Noteholders Meeting.

18.4 *Quorum at a Noteholders Meeting*

A Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 50% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

The number of votes for each Noteholder equals the Principal Amount Outstanding in the respective Series on the date of the Notice.

When a Noteholders Meeting is held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote, the Noteholders registered to participate in the Noteholders Meeting and the Noteholders whose ballots have been received no later than 2 days before the meeting will be deemed to have participated in the meeting.

When a Noteholders Meeting is held in the form of absentee voting, the Noteholders whose ballots have been received before the final date for submitting the ballots will be deemed to have participated in the meeting.

Where there is no quorum for a Noteholders Meeting, a second Noteholders Meeting will be held with the same agenda. Such second Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 30% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

Subject to the quorum being present, the decisions on the Noteholders Meeting agenda will be adopted per each item of the agenda by the majority from the total number of votes provided.

18.5 *Voting ballots*

Ballots for voting at a Noteholders Meeting will be sent together with the Notice according to Condition 18.3.

Ballots for voting will be in the English language.

Voting could be convened as an e-voting through filling-out an electronic voting ballot through the interface of the Platform.

Noteholders included in the list of those entitled to participate in the Noteholders Meeting other than the Noteholders Meeting held in the form of absentee voting, or their representatives, may register to participate or forward their completed ballots to the Issuer. Voting ballots will be counted towards the calculation of the quorum and voting results if received by the company no later than 2 days before the Noteholders Meeting.

The voting ballot will contain the information about the Noteholders Meeting including but not limited to:

- information about the Issuer, including address and contact person;
- details identifying the Series of Notes;
- form of the Noteholders Meeting (attendance or by absentee voting);
- date, place and time of the Noteholders Meeting if it is held in the form of attendance of the Noteholders;
- Principal Amount Outstanding; and
- voting options for each item on the agenda, expressed as “for”, “against”, or “abstained”, and the indication that the voting ballot must be signed by a person entitled to participate in the Noteholders Meeting or its representative unless convened by e-voting.

When voting by ballots, only those voting ballots are counted where for each item only one voting option is selected. The voting ballots completed in breach of the aforementioned requirement will be deemed invalid. However, if there are several items put to the vote on the voting ballot, breach of the aforementioned requirement with respect to one or several items will not affect the validity of the remaining ballot. If a voting ballot is rendered invalid with respect to voting on one, several or all items included in such ballot, the votes so cast in such ballot will not be excluded from the calculation of the quorum. If a voting ballot is rendered invalid, the votes on the items contained in the voting ballot will not be counted.

18.6 *Counting*

The counting functions will be performed by Mintos, which will check the powers of, and register the participants in a Noteholders Meeting, determine the quorum at a Noteholders Meeting, count the votes and determine the voting results, draw up the voting minutes and hand over the voting ballots to the archive.

19. **SUBSTITUTION**

19.1 The Issuer or any previous substitute company may be substituted by any other company as principal obligor under all of the Notes then outstanding provided that such substitution would not

be materially prejudicial to the interests of the Noteholders and subject to the other Terms and Conditions being complied with, including with provisions of the Transaction Documents, and further provided that NCA has given its prior consent to such substitution if any needed according to the applicable law.

19.2 By subscribing to, or otherwise acquiring, the Notes, the Noteholders expressly consent to the substitution of the Issuer and to the release of the Issuer from any and all obligations in respect of the Notes and any relevant agreements and are expressly deemed to have accepted such substitution and the consequences of such substitution.

19.3 Any such substitution will be notified to Noteholders in accordance with Condition 20.

20. NOTICES AND PROVISION OF INFORMATION

20.1 Notices to the Noteholders will be given upon sole discretion of the Issuer in the English language and/or any other language the Issuer deems fit for such purposes and will be given by using one or several communication channels:

(a) emailed to respective email addresses in the register of Noteholders and deemed to have been given within 24 hours after the dispatch; and

(b) delivered to Mintos for further communication to the Noteholder according to the services provision agreement between Mintos and the Noteholder (including times when deemed to have been duly given).

20.2 Any notices, demands, claims or other communication to the Issuer by any Noteholder will be in the English language and will be given by using one of the following communication channels:

(a) delivered by hand or courier and deemed to have been given on the same day of delivery; and

(b) delivered by registered mail and deemed to have been given on the 10th calendar day following the date indicated on the stamp by the postal service provider on the acceptance of a registered letter.

20.3. For the purposes of Condition 20.2 notices or other communications addressed to the Issuer will be given to Mintos, serving as an agent for this purpose:

AS Mintos Marketplace
50 Skanstes Street, Riga, LV-1013, Latvia
For the attention of SIA Mintos Finance No. 45

21. AGENTS

21.1 Mintos acts solely as an agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, any Noteholder.

21.2 The Issuer subject to the provisions of the Transaction Documents reserves the right at any time to vary or terminate the appointment of Mintos and any other party to any of the Transaction Documents.

21.3 Without prejudice to section 18 of these Terms and Conditions neither Mintos nor Issuer is representing the Noteholders in regards to the Notes and on the basis of this Base Prospectus there are no organisations representing the Investors and there are no provisions applying to

such representation.

22. FORCE MAJEURE

Neither the Issuer nor Mintos will be responsible for any failure to perform any of its respective obligations under these Terms and Conditions which is due to any reason that is independent of that person's will and has resulted from a *force majeure* event. A *force majeure* event will apply only and solely if that person has taken all steps that depend on it in order to perform the obligation. Once the *force majeure* event has finished, that person must immediately resume the performance of the obligation. The following circumstances will be considered as *force majeure* events:

- (a) extraordinary and unavoidable circumstances including natural disasters, fire, flood, earthquake, warfare, terror acts, riots and strikes;
- (b) technical failures, delays or malfunctions; failure of computers, communications systems, hardware and/or software; power supply malfunctions; or other critical infrastructure malfunctions, which neither the Issuer nor Mintos could have prevented or predicted;
- (c) decisions and/or activities of local and/or foreign public authorities, and/or international organisations;
- (d) entry into force, amendments and/or suspension of a statutory act binding on either the issuer or Mintos affecting the performance of obligations under these Terms and Conditions; and
- (e) any circumstance defined as a *force majeure* circumstance in any of the Transaction Documents.

23. GOVERNING LAW AND JURISDICTION

- 23.1 The Notes (and any non-contractual obligations arising out of or in connection with the Notes) are governed by and will be construed in accordance with the law of the Republic of Latvia.
- 23.2 The courts of the Republic of Latvia are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including any disputes relating to any non-contractual obligations arising out of or in connection with the Notes) and accordingly any legal action or proceedings arising out of or in conjunction with the Notes may be brought in such courts. The Issuer and each of the Noteholders irrevocably submits to the jurisdiction of such courts.

24. AMENDMENTS AND MODIFICATIONS

To comply with any applicable law, the Issuer may validly amend or supplement these Terms and Conditions by publishing the changed Terms and Conditions on the Platform without the consent of the Noteholders.

25. LIMITATION OF LIABILITY, AND REPRESENTATION AND WARRANTIES OF THE NOTEHOLDER

- 25.1 Notwithstanding anything in the Base Prospectus, other than with respect to gross negligence or wilful misconduct by the Issuer and/or Mintos, neither the Issuer nor Mintos will be held liable by any Noteholder for:
 - (a) any material error, misrepresentation, omission or fraud by the Bonds' Issuer;

- (b) failure of the Bonds' Issuer for whatever reason to inform the Issuer and/or Mintos of the Payment Event having occurred or for the information being inaccurate or wrong;
 - (c) the Bonds' Receivables; or
 - (d) determinations and decisions when distributing amounts under the Notes, including, when applying the Priority of Payments, deciding whether to defer payment or make a partial payment, relying upon or deciding if and when there is no realistic prospect of collecting further funds under issued Notes, including in the event of default of the Bonds' Issuer.
- 25.2 In any and all cases liability of the Issuer and/or Mintos to any Noteholder under these Terms and Conditions will be limited to the amount invested in the impacted Notes by the Noteholder.
- 25.3 Each Noteholder, on subscribing or buying any Note directly, through a portfolio management service of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:
- (a) the Issuer and Mintos do not make any representation or warranty in respect of, or will not at any time have any responsibility for, or, save as otherwise expressly provided in these Terms and Conditions, liability or obligation in respect of the performance and observance by the Bonds' Issuer of its obligations under the Bonds' Issuer Prospectus;
 - (b) the Issuer and Mintos will not at any time have any responsibility for, or obligation or liability in respect of, the condition, financial or otherwise, covenant, creditworthiness, affairs, status or nature of the Bonds' Issuer or any other person;
 - (c) the Issuer and Mintos will not at any time be liable for any representation or warranty, or any act, default or omission of the Bonds' Issuer or other person;
 - (d) the Issuer will not at any time have any responsibility for, or liability or obligation in respect of, the performance and observance by Mintos of its obligations under the Transaction Documents or any other agreement entered or to be entered into by and between the Noteholders and Mintos;
 - (e) financial servicing and performance of the terms of the Notes depend upon the performance of the Bonds' Issuer of its obligations under the Bonds' Issuer Prospectus, its duties to make payments under the terms of the Bonds' Issuer Prospectus and its credit and financial standing, and the performance of its guarantors (if any) and/or the pledgors (if any) of their respective contractual obligations towards the Issuer and Mintos as well as their respective credit and financial standing;
 - (f) the Notes, which the Noteholder has or will acquire, reflect the performance of the Bonds. The Noteholder has no direct recourse to any of the Bonds. Once the Bonds' Receivables have been realised according to these Terms and Conditions, the Noteholder is not entitled to take any further steps against the Issuer or Mintos to recover any further sums due and the right to receive any such sum will be extinguished. The Noteholder accepts not to attach or otherwise seize any of the assets of the Issuer. In particular, the Noteholder will not be entitled to petition or take any step for the winding-up, the liquidation or the bankruptcy of the Issuer or any similar insolvency-related proceedings and such petition or action will be treated as null and void as from its initiation time; and
 - (g) the Investment Accounts will be opened and be held by the Noteholder fully operational

with Mintos while the Noteholder holds any Notes.

10. TAXATION

The information provided in this section will not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances. The following is a general summary of certain tax considerations in the Republic of Latvia in relation to the Notes. It is not exhaustive and does not purport to be a complete analysis of all tax consequences relating to the Notes, as well as does not take into account or discuss the tax implications of any country other than the Republic of Latvia.

Tax laws of the Noteholder's country of residence for taxation purposes and of the Issuer's country of residence may have an impact on the income received from the Notes.

This summary is based on the laws of Latvia as in force on the date of this Base Prospectus and is subject to any change in the law that may take effect after such date, provided that such changes could apply also retroactively.

Latvia has entered into a number of tax conventions on elimination of the double taxation (hereinafter - DTT), which may provide a more favourable taxation regime. Therefore, if there is a valid DTT between Latvia and the country of tax residence of a prospective Noteholder, it should be also examined. The procedures for application of tax conventions are provided in the Republic of Latvia Cabinet of Ministers' Regulations No. 178 "Procedures for Application of Tax Relief Determined in International Agreements for Prevention of Double Taxation and Tax Evasion", adopted on 30 April 2001.

Taxation of the Issuer

The Issuer is a corporate income tax payer in Latvia. According to the Latvian tax law, the annual profit earned by entities in Latvia is not taxed. Instead, corporate income tax is paid on dividends, fringe benefits, gifts, donations, representation costs, non-business related disbursements and transfer pricing adjustments. The tax rate applicable is 20%, however, the taxable base is divided by the coefficient 0.8, thus the effective Corporate income tax rate is 25%.

Taxation of individual Noteholders

Resident individuals

An individual will be considered a resident of Latvia for taxation purposes if at least one of the following requirements is met:

- the declared place of residence of this person is in Latvia;
- the person stays in Latvia for at least 183 days for a period of 12 consecutive calendar months;
- the person is a Latvian citizen who is employed by the government of Latvia in a foreign country.

Following the Latvian tax laws the interest income received by the individual tax resident in Latvia is subject to tax at the rate of 20%. The interest income from the Notes for resident individuals will be subject to 20 % personal income tax that will be withheld by the Issuer before the Interest payment is made by the Issuer to the Noteholder. The tax withheld by the Issuer is a final tax liability on the interest income received.

The income from the sale of the Notes is treated as an income similar to the interest income for Latvian personal income tax purposes and will be subject to 20% personal income tax and the tax is payable by the individual him/herself.

Non-resident individuals

An individual would be considered a non-resident of Latvia for taxation purposes in all cases unless he/she is a tax resident of Latvia. Interest income from the Notes received by the non-resident individual is subject to a 5% withholding tax rate for investors who invest as private persons and are tax residents of the EU/EEA. For other individual investors and those who have not confirmed tax residence and not investing

as a private person 20% withholding tax rate is applied. According to the general practice the tax withheld in Latvia might be deducted from the tax payable by the investor in his/her residence country (as tax paid abroad). However, we recommend consulting with the respective country's tax administration or tax adviser to clarify the procedure and documents required to perform such a deduction (if any).

The tax rate might be reduced based on the Double Tax Treaty between Latvia and the respective country. The list of the Double Tax Treaties concluded by Latvia is available [here](#).

The income from the sale of the Notes will be subject to 20% tax and the tax would be payable by the individual him/herself, if the buyer of the Notes is an individual or legal entity non-resident of Latvia.

Taxation of legal entity Noteholders

Resident legal entities

A legal entity would be considered a resident of Latvia for tax purposes, if established pursuant to Latvian law. Interest payments on the Notes and proceeds from the disposal of the Notes received by Latvian resident legal entities will not be subject to withholding tax in Latvia. Under the Latvian tax law retained earnings are exempt from corporate income tax and only profit distributions are taxed. Distributed gross profits are subject to the 20% profit tax. Corporate income tax on the net amount of profit distribution is determined by dividing the net amount with a coefficient of 0.8 (i.e., the effective tax rate on net distributed profit is 25%).

Non-resident legal entities

A legal entity would be considered a non-resident of Latvia for taxation purposes in all cases unless it is a tax resident of Latvia. The interest income and capital gains from the sale of the Notes for non-resident legal entities will not be taxable in Latvia (i.e. gross income will be paid), except if the income recipient is located, registered, or incorporated in a no-tax or low-tax country (so-called "tax havens"; if this is the case - 20% tax will be withheld by the Issuer in Latvia). The list of "tax havens" according to the Latvian law includes UK Anguilla, Antigua and Barbuda, US Guam, US Samoa, US Virgin Islands, Belize, Russian Federation, Commonwealth of the Bahamas, Republic of Fiji, Republic of Palau, Republic of Panama, Independent State of Samoa, Republic of Seychelles, UK Turks and Caicos Islands, Republic of Trinidad and Tobago, Republic of Vanuatu. The list of mentioned countries and territories may be amended from time to time.

11. APPLICABLE FINAL TERMS
