

Base Prospectus

mintos

Dated 20.06.2025

SIA Mintos Finance No. 24

(incorporated as a limited liability company and registered in the Republic of Latvia with registration number 40203393436 and LEI: 98450053768CLO01D826)

EUR 60 000 000 Note Programme

Under this Programme, the Issuer may from time to time issue Notes denominated in any currency as determined by the Issuer. The Notes will be distributed by way of a public offer.

Notice of the aggregate nominal amount of the Notes, interest (if any) payable in respect of the Notes, the issue price of the Notes and any other terms and conditions applicable to the Notes and not contained in this Base Prospectus will be set out in the applicable Final Terms.

Notes will be issued in registered form. The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 60 000 000 (or its equivalent in other currencies).

Any payment under the Notes is dependent on, and limited to, a pool of certain Loans.

This Base Prospectus has been approved as a base prospectus by the NCA, as competent authority under the Prospectus Regulation. The NCA has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. This approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the appropriateness and suitability of investing in the Notes.

The public offer of the Notes is made in Latvia, France, Germany, Italy, Poland, Netherlands, Czech Republic, Belgium, Austria, Portugal and Spain under this Base Prospectus.

During the validity period of this Base Prospectus the Issuer plans to request that the NCA provides competent authorities under the Prospectus Regulation in Bulgaria, Croatia, Republic of Cyprus, Denmark, Estonia, Finland, Greece, Hungary, Iceland, Ireland, Liechtenstein, Lithuania, Luxembourg, Malta, Norway, Romania, Slovakia, Slovenia and Sweden with a certificate of approval attesting that this Base Prospectus has been drawn up following the Prospectus Regulation. When such a certificate shall be obtained it will be permitted to make the public offer under this Base Prospectus in other Member States, and the Issuer shall ensure that Mintos provides information about it on the Platform. Such certificate, if and when received, should not be considered as an endorsement of the Issuer or the quality of the Notes.

This Base Prospectus will be valid for a period of up to 12 months after its approval by the NCA. In the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, the Issuer will prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes. The obligation to prepare a supplement to this Base Prospectus or publish a new Base Prospectus in the event of any significant new factor, material mistake or inaccuracy will cease to apply upon the expiry of the validity period of this Base Prospectus.

The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed in the section entitled '2. RISK FACTORS' of this Base Prospectus.

Capitalised terms used in this Base Prospectus have the meaning given to them in the section entitled 'GLOSSARY' of this Base Prospectus.

1. GENERAL DESCRIPTION

○ What is Mintos?

Mintos is Europe's leading investment platform for earning regular passive income, with over €600 million in assets under management for more than 500 thousand registered users (as of 1 January, 2025). Authorized under MiFID (*Markets in Financial Instruments Directive*), Mintos enables users to build diversified portfolios of income-generating assets through both automated and manual investments. Mintos has earned multiple industry awards since its founding in 2014.

For more information, see section '6. MINTOS' of this Base Prospectus.

○ What are Notes?

Notes are financial instruments issued by the Issuer via Mintos to Investors, which allows Investors to invest in Loans issued by the Lending Company to Borrowers.

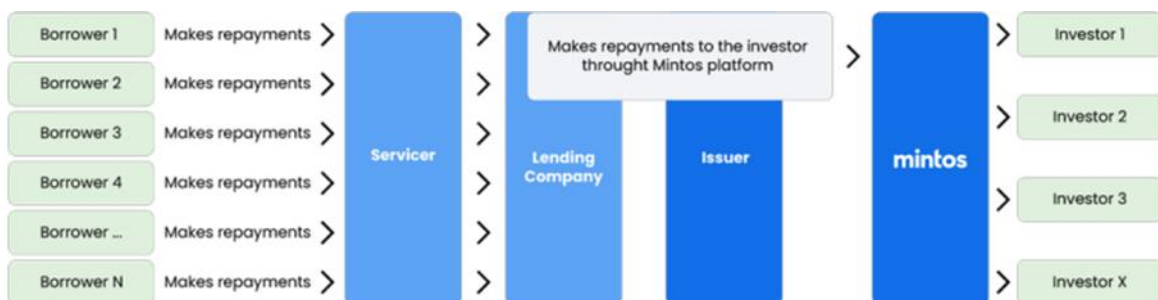

The Issuer is a special purpose legal entity established for the purposes of:

- purchasing Loan Receivables from the Lending Company;
- pooling those Loan Receivables for a particular Series of Notes; and
- issuing those Notes to Investors via Mintos.

See the sections entitled '5. THE ISSUER' and '7. THE LENDING COMPANY' of this Base Prospectus for more information.

○ The flow of funds for repayment

Each time the Borrower makes repayments to the Servicer that then transfers those funds to the Lending Company, then the Lending Company transfers the funds to the Issuer, which in turn makes repayments under the relevant Series of Notes to the relevant Investor via Mintos in terms as specified in Final Terms. The repayments are received into the relevant Investment Account.

This means that if the Borrower makes:

- the repayments to the Servicer later than scheduled, the repayments to the Investor will also be correspondingly delayed; and
- no repayments at all and the Servicer is not able to recover anything from the Borrower, no repayments will be received by the Investor.

The Lending Company has to provide a Buyback Obligation for Loan Receivables, which means that if any repayment by the Borrower is delayed by more than 60 days, the Lending Company is obliged to repay the Loan Receivables together with any interest. In this situation, the Investor will be exposed to

the credit risk of the Lending Company. See section entitled ‘2. RISK FACTORS – *RISKS SPECIFIC TO LOAN SERVICING* – Insolvency of the Servicer’.

- *The flow of funds for investment*

The Lending Company issues Loans via the Servicer to Borrowers, and then sells the relevant Loan Receivables to the Issuer. The Issuer issues a Series of Notes corresponding to these Loan Receivables to Investors via Mintos. When the Investor purchases any Note of the Series, the Investment Accounts are credited with the Note and debited with the purchase price of the Note. The purchase price is transferred to the Lending Company.

Note: Lending Company issues the Loan directly to the Borrower; the Servicer provides only the fund transfer to the Borrower.

2. RISK FACTORS

The Issuer believes that the factors listed in this section of the Base Prospectus may affect its ability to fulfil its obligations under the Notes. All of these risk factors and events are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materialising, the potential significance of the risks or the scope of any potential negative impact to the Issuer's or the Lending Company's business, financial condition, results of operations and prospects. The Issuer and/or the Lending Company may face a number of these risks described below simultaneously. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Issuer believes that the factors described below represent the material risks inherent to investing in the Notes, but the inability of the Issuer or the Lending Company to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the statements below regarding the risks of investing in any Notes are not exhaustive. Other risks, events, facts or circumstances not included in this Base Prospectus, not presently known to the Issuer, or that the Issuer at the date of this Base Prospectus deems to be immaterial could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's or the Lending Company's business, financial condition, results of operations and prospects. Prospective investors should carefully review the entire Base Prospectus and should form their own views before making an investment decision with respect to the Notes.

Before making an investment decision with respect to any Notes, prospective investors should consult their own lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

○ **RISKS SPECIFIC TO THE UNDERLYING LOANS**

1. The Borrowers may not make payments according to the agreed schedule or may default on their obligations altogether

The Notes are linked to the pool of underlying Loan Receivables, which means that if any of the Borrowers do not make a payment on time, then the Noteholder will also not receive a payment on time. For example, if a Borrower makes a repayment a week later than the agreed schedule, the Noteholder will also receive the repayment a week later. Furthermore, if a Borrower makes no repayment at all the Servicer and/or the Lending Company is not able to recover anything from the Borrower, the Noteholder will also not receive any further repayments unless, if applicable, the Loan is sold with the Buyback Obligation.

The Lending Company may decide to offer additional compensation to the Noteholder in the form of interest income on delayed payments or penalty income. A Loan Agreement with the Borrower may contain a grace period, which is a period immediately after a scheduled payment date during which a late fee is waived provided that the obligation is satisfied during the grace period. Interest income on delayed payments and penalty income would not be paid to the Noteholder for the grace period.

The Lending Company also has the option to offer the Loan Receivable with the feature of Buyback Obligation which means that the Lending Company is obligated to repurchase the Loan Receivables if the Borrower has failed to pay more than 60 days after the scheduled repayment date. While this feature could reduce the potential loss for the Noteholder due to the Borrower failing to make repayments, the Buyback Obligation is only as strong as the company providing this obligation. If the Lending Company fails to honour its obligation, the Noteholder is still exposed to the risk of the underlying Borrower not making repayments.

While the probability of any Borrower missing repayments or defaulting depends on many factors, such as payment amount, the income of the Borrower, and repayment term, it is important to point out that these probabilities are never zero. Due to this, the Notes are only suitable investments for Investors who have the appropriate knowledge and experience and are in a financial situation that allows them to lose part or even all of the money invested in Notes.

Overall, a Borrower not making repayments in full or defaulting could be caused by a variety of factors, including, but not limited to:

- **The Borrower overestimates its ability to repay** - each Borrower should evaluate its current and future financial position itself and assess its ability to repay. For various reasons, the Borrower could overestimate its future cash flows and borrow more than it will be able to repay.
- **Limitations of initial risk scoring** - the Lending Company has developed its own method for scoring customer credit risk that relies on various information, which can be collected also from other parties than the Lending Company (e.g., credit rating agencies). There is a risk that the information could be wrong or outdated, or that the scoring method is not sufficient.
- **Unexpected events** - reasons why the Borrower could miss a repayment, include loss of employment, a delay in receiving expected income, unexpected costs, or even disability or death.
- **Macroeconomic factors** - the credit risk scoring of the Lending Company makes assumptions about the client's ability to repay during normal economic conditions. A sudden change in macroeconomic factors could significantly impact the Borrower's ability to make repayments.
- **Other liabilities** - the underlying Loans that are linked to the Note usually do not restrict the Borrower from incurring additional unsecured or secured debt. Additional debt may adversely affect the Borrower's creditworthiness and could result in financial distress, insolvency or bankruptcy of the Borrower.
- **Loan issued in a different currency than the Borrower's income** - in some cases, the Loan that has been issued to the Borrower is in a different currency than the currency in which the Borrower earns income. Significant changes in the exchange rates or a local currency devaluation could impact the Borrower's ability to make repayments.

2. It may not be possible to recover the full principal and interest owed by the Borrowers, thus the Noteholder may not receive back its invested amount

While any recoveries from a Borrower are limited to the value of Borrower's assets (if any),

some jurisdictions may, set a lower limit that creditors may claim from the Borrower or define a list of the estate which is not allowed to be alienated for recovery purposes, thus reducing the maximum amount that could be covered from the Borrower.

The underlying Loans that are linked to the Note do not restrict the Borrowers from incurring additional unsecured or secured debt. This means that if the Loan is not secured by an asset and any funds from the Borrower are available for recovery, these funds could be allocated to various creditors, i.e., not only the Lending Company, but also other persons that the Borrower owns money to, such as local tax agency, state authorities, other lending companies and utility companies.

If the Loan is secured by an asset, the proceeds from the sale of the asset would be allocated proportionally to the Noteholders of the same Series and all other creditors whose receivables are secured by that asset (unless another allocation order applies under applicable law). In addition, the pledged asset (e.g., car, property) might lose its value and could be sold for an amount that is less than the amount due to the Noteholder, or the asset could be stolen, hidden, alienated, missing or damaged. There is also a risk that any pledge securing the Borrower's obligations under the Loan Agreement may become invalid or unenforceable due to a number of reasons, including, but not limited to, cases when legal relations arising from the loan documents are recategorised by the court of law, mistakes and omissions are made and/or due procedures are not followed when the pledge is formed. In that case, the obligations of the Borrower would become unsecured and the credit risk significantly increases.

There could also be the case, especially where the amount of the Loan is low, that the expected collection and recovery costs might be higher than the debt itself, which means the collection and recovery is not economically reasonable, thus it would not be pursued.

In addition, the Loan Agreement may, for a variety of reasons, be challenged and thus the ability of the Lending Company to exercise its rights under the Loan Agreement may be delayed or otherwise hindered for an undefined term. The reasons for challenging the Loan Agreement could include errors in agreements, electronic form of agreement (while the legal form requirement might be met in principle by such electronic signature, its value as evidence in court proceedings in some jurisdictions could be less compared to an actual signature made by hand on a physical document), compliance with regulations, such as consumer protection laws, as well as borrower identify fraud cases.

Due to the reasons described above the Noteholder may experience delayed repayments or partial or full loss of the amount invested in Notes.

3. The Borrower may repay the Loan early

A Borrower may repay all or a portion of the remaining principal amount at any time without penalty. This may happen, for example, in cases where the Borrower can acquire lower cost financing from other sources and wishes to refinance the Loan. The Loan Agreement might be also terminated or cancelled in advance by the Lending Company and/or Servicer, triggering the early repayment of the amounts due by the Borrower without penalty. While the Noteholder may invest the repaid money elsewhere, the return on the investments could be lower than the initially planned return.

4. The Borrower may face difficulties to repay the Loan in advance

A Borrower may breach the Loan Agreement, for example, the Borrower takes out additional loans without permission from the Lending Company or alienates the collateral, and the Lending

Company can therefore require early Loan repayment in full. A Borrower may lack necessary financial resources to make such advance payment, so this could lead to Borrower's debt restructuring or debt collection and result in the Noteholder experiencing delayed repayments or partial or full loss of invested amount under Notes.

- **RISKS SPECIFIC TO LOAN SERVICING**

1. The Servicer is not able to continue Loan servicing

Various factors can negatively impact the Servicer's ability to provide Loan servicing, which in turn could lead to delayed repayments to the Noteholder or even partial or full loss of the invested amount. Some of the factors are:

- **Loss-making operations** - The Servicer may experience losses due to various business events and factors, such as intense competition, higher than expected cost of client acquisition, high recovery costs, unexpected costs, reduction in the portfolio sizes, changes in local regulation with regards to new Loans and management errors.
- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters or pandemic, could significantly increase the non-performing Loans ratio.
- **Loss of the Servicer's licence/ authorization, if such is required by the local regulation** - Provision of lending services require a company to receive special approval/ authorization. Licence/ authorization may be revoked or otherwise lost for a number of reasons. Loss of a licence/ authorization may negatively affect the Lending Company's ability to continue its operations and service the existing Loans.
- **Freezing, seizing or closing of the Servicer's operational bank account** - The account that the Servicer uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your client breaches, sanctions violations, state authorities' arbitrary actions, or insolvency of a bank or payments services provider. Inability to use the bank account could restrict the Servicer's ability to collect Borrowers' repayments and transfer funds to the Issuer for an indefinite time, or even lead to insolvency or bankruptcy of the Servicer.
- **Currency control restrictions or lack of corresponding banks chain** - The local government could introduce certain currency control restrictions, leading to a situation where the Servicer is not able to make payments in foreign currency and/or to the beneficiary that is a foreign entity and/or to an account in a foreign financial institution. Alternatively, corresponding bank relations of a bank or payments services provider which maintains the Servicer's operational accounts could be dramatically amended or terminated, eliminating the Servicer's ability to make payments towards the Issuer. This may negatively affect payments to the Issuer and thus further distributions to the Noteholder.
- **Changes in local regulation with regards to Loans already issued** - A legislative body of the country where the Servicer operates could introduce a Borrowers' moratorium (a legally authorised period of delay in the performance of a legal obligation or the repayment of a debt) or even full or partial debt (including interest and penalties) release.
- **Foreign exchange positions mismatch** - Quite often Loans are issued and are being

repaid in one currency, but Notes promise repayments to Noteholders in another currency, for example, a Loan has been issued to a Borrower in Indonesian Rupiah, but the Investor invests in a Note denominated in euros. If such Loans make up a large amount of the total portfolio, and local currency devalues and the Lending Company has not properly hedged this risk, the Servicer is subject to foreign exchange positions mismatch risk, leading to significant losses for the Servicer and its inability to pay amounts due to the Issuer.

- **Other or sole funding sources** - Besides Mintos, the Servicer may use other sources of funding, such as a bank credit line, corporate bonds issues, private equity or public shares offerings. In some situations, such as an economic downturn, it could be difficult for the Servicer to attract funding from other sources to refinance the existing liabilities, thus leading to a liquidity crisis that could lead to the Servicer having difficulties continuing operations. Furthermore, if the Servicer uses the Platform as a major funding source and a significant number of investors decide to suddenly avoid investing in Notes corresponding to the Loans, the consequences can be the same.

2. No Backup Servicer may be available for servicing the underlying Loans if the Servicer is not able to continue Loan servicing

One of the key roles of the Servicer with respect to the Notes is to provide Loan servicing. There might be no backup servicer that could be appointed to take over the servicing from the Servicer if needed. If there is an event of default or other circumstance that disrupts the due servicing of the Loans and administration of the Borrowers' debts by the Servicer and if at the time no backup solution for Loan servicing exists, the timeline and volumes of repayments could be significantly impacted, leading to a partial or full loss of amounts invested in Notes.

3. The Servicer may intentionally or unintentionally breach its contractual obligations

There is a risk that the Servicer performs actions that are in violation of the Transaction Documents, including the risk of fraud against the Issuer and Mintos, resulting in the partial or full loss of amounts invested in Notes. Contractual breaches that may happen include, but are not limited to:

- **Loan Receivables sold to the Issuer are or will be pledged to other creditors** - According to the Transaction Documents, to which the Servicer is a party, the Loan Receivables underlying Notes must not be pledged to any creditors. If the Servicer intentionally or unintentionally pledges the specific Loan Receivables sold to the Issuer to other creditors, the Noteholder could lose some or all the invested funds if the Servicer defaults or becomes insolvent.
- **False or incomplete information about the Servicer** - All information in this Base Prospectus about and/or related to the Servicer has been provided and certified by the Servicer as actual, true, and complete. Material errors or omission of such information could initially affect the decision of the Noteholder to invest in a particular Note and eventually result in a negative outcome of the investment.
- **False Borrower data** - The Servicer provides Mintos with information about the Loan status, the Borrowers, repayment schedules, repayments, extensions of the underlying Loans or changes to the Loan Agreements. While Mintos regularly asks the Servicer to provide scanned copies of the documents as evidence for randomly selected Loans, Mintos does not check and verify all Loans backing the Notes. There is a risk that the Servicer intentionally or unintentionally has provided wrong information to Mintos or

fails to provide information to Mintos at all, and as a result, the payments under the Notes could be impacted.

- **The Servicer stops cooperation with Mintos** - The Servicer could for some reason suddenly stop cooperating with Mintos. This could mean not honouring its obligations under the existing agreements, including the Transaction Documents and breach of their provisions. The Servicer could stop making payments to the Issuer, which means the Issuer would not be able to make payments to the Noteholder. The Servicer might also stop providing Mintos with the necessary information or providing the information with significant delays.

4. Insolvency of the Servicer

Insolvency, bankruptcy or other similar adverse events may significantly influence or even dismiss the ability of the Servicer to service issued Loans and to execute the undertaken Buyback Obligation and Repurchase towards the Issuer. This means that if the Servicer experiences significant problems, the Servicer may not be able to transfer the underlying Loan repayments from the Borrower or make payments of buyback price or repurchase price to the Issuer which would mean that the Issuer would not be able to make payments to the Noteholder.

The Servicer may be required to continue to treat the Loan Receivables as assets of the Servicer from an accounting perspective. Reflection or recognition of the Loan Receivables sold to the Issuer as the Servicer's balance sheet assets if insolvency proceeding is initiated, may lead to the receiver or the administrator not recognising the Issuer's title over the Loan Receivable sold to it. In this case, the Issuer would need to take legal actions to protect its interests in the Loan Receivables. The Issuer may have to prove to the administrator, receiver and/or other parties that the Loan Receivables and the Borrower payments towards them are not to be included in the assets of the Servicer that are available for the general pool of creditors. Should the Loan Receivables be treated as assets of the Servicer that are available for the general pool of creditors and not of the Issuer, the Issuer might be treated as an unsecured creditor of the Servicer and it may then be entitled to receive only a portion of all distributions available to the unsecured creditors of the same class, and this portion of distributions may be not enough to cover the indebtedness towards the Issuer partially or in full.

In case of insolvency, an administrator usually is bound to consider which past transactions of the insolvent company have to be contested and which sold assets or transferred funds have to be clawed back. There is a risk that the administrator of the Servicer takes action to claw back to the Servicer estate, the Loan Receivables sold to the Issuer or amounts paid to the Issuer. The Issuer would then have to take legal actions to protect its interests in the Loan Receivables and the Borrower payments and argue against the position of the administrator in judicial proceedings, which could be long and costly, and no assurance could be made of its successful outcome.

The Transaction Documents allow Mintos to appoint a backup servicer, who would take over the servicing of the Loan Receivables in case of insolvency or bankruptcy of the Servicer. The enforcement of rights under contracts might not result in recoveries for the Noteholder in a swift manner, and the recovery might be affected by lengthy and costly legal proceedings.

Eventually, the Noteholder may experience delayed repayments or partial or full loss of invested amount under Notes.

5. The Servicer's IT systems may fail or may be breached

IT systems are a crucial part of all financial services companies and if they are impacted, that could affect the Servicer's ability to provide financial services to its customers and exchange information with Mintos. This could also result in loss or distortion of significant information and databases that are crucial for sound cooperation between the Servicer, the Issuer and Mintos, including for Notes issue servicing and administration.

Since IT systems play such a crucial role in the Servicer's operation, the Servicer typically devotes a substantial amount of resources to ensure stable and uninterrupted performance of the IT systems. Neither the Issuer nor Mintos audits the Servicer's IT systems thus cannot ensure their soundness.

○ RISKS SPECIFIC TO GUARANTEES AND PLEDGES WHEN THOSE ARE PROVIDED TO THE ISSUER

1. The Guarantor or pledgor may not honour its obligations

There might be a Guarantee Agreement, or a pledge provided to secure the obligations of the Lending Company towards the Issuer.

If there is a Guarantee Agreement the Guarantor would be expected to pay the due amount if the Lending Company fails to pay when due. As there is a risk of any party not honouring its obligations under a contract, there is a risk that the Guarantor does not honour its obligations under the Guarantee Agreement. If this happens, the Issuer may take legal action against the Guarantor. There is a risk that the enforcement of rights under the Guarantee Agreement does not result in recoveries for the Issuer, and by extension for the Noteholder, in the anticipated amount, or that the recovery might be affected by lengthy and costly legal proceedings.

If there is a pledge, the pledgor would be expected to allow the Issuer to enforce its pledge by taking over the object of the pledge or putting it up for sale. The procedure for enforcing the rights of the pledge are defined by law in the country of the pledge. There is a risk that the pledged assets might lose their value and could be sold for an amount that is less than the amount due to the Issuer or the asset could be stolen, hidden, alienated, missing or damaged. There is a risk, as with any pledge/security, that it is or becomes unenforceable or invalid (see 'The guarantee or pledge may become invalid or unenforceable' below).

2. The Guarantor or pledgor may default

The risk of default, for example, insolvency, is a risk that is present for any counterparty, the Guarantor or the pledgor included.

If the Guarantor defaults, the Issuer cannot rely on receiving funds from the Guarantor even if the Issuer decides to take legal action to recover due amounts from the Guarantor in or outside of the insolvency or bankruptcy proceedings. If the Guarantor defaults, the Issuer might terminate cooperation with the Lending Company and request that the Lending Company repurchase all the Loan Receivables before the term.

If the pledgor defaults, as a general rule the pledge should not be affected and the pledgee should be able to exercise its rights of pledge (to take over the pledge or to put it up for sale and receive all proceeds from the sale to cover the payments due from the Lending Company). However, the Issuer may decide to terminate cooperation with the Lending Company and request that the Lending Company repurchase all Loan Receivables before their term.

3. The guarantee or pledge may become invalid or unenforceable

There is a risk that guarantees or pledges securing the Lending Company obligations towards the Issuer may become invalid or unenforceable for several reasons, including, but not limited to cases when legal relations arising from the Transaction Documents are recategorised by the court of law, mistakes and omissions are made and/or due procedures not being followed when guarantees or pledges are formed. In that case, the obligations of the Lending Company towards the Issuer defined by the Transaction Documents become unsecured and the credit risk significantly increases, and that may trigger the Issuer terminating cooperation with the Lending Company and requesting repurchase by the Lending Company of all the Loan Receivables before their term. If there is no guarantee to enforce and no pledge to enforce against then the Issuer is left with the Lending Company as the only debtor party from which to expect the payment of monies due from the Lending Company.

○ RISKS SPECIFIC TO MINTOS

1. Various events and failures could cause situations where Mintos is not able to continue operations

As a relatively new service, Mintos operates in a complex and dynamic regulatory and competitive environment and various events and failures could lead to Mintos terminating the provisioning of services, including the operations of the Platform. These events include but are not limited to revocation of licence, weak financial performance, negative reputation, non-compliance events, dramatic changes in the applicable regulations impacting Mintos operating model or an economic downturn. If Mintos ceases operations, this could significantly impact the Noteholder's ability to receive repayment on time.

Should Mintos enter liquidation or insolvency, as a regulated and supervised entity, the process will be supervised by the NCA. The appointed liquidator or administrator will take over the functions of the management board. Mintos will continue servicing its clients and the Investment Accounts, and relevant financial instruments portfolios in line with what Mintos is permitted to do according to the applicable insolvency and liquidation rules. The process from the moment of the appointment would be led by the appointed administrator or liquidator. In some cases, the Investors' Protection Law may apply. Such processes may significantly influence the investment's return times and make the return more complex to the Noteholder.

Furthermore, Mintos could for some reason suddenly stop honouring its obligations under the existing agreements, leading to delayed payments or partial or full loss of the amount invested in the Notes.

2. Non-compliance with regulations could lead to revocation of Mintos' licence

To provide services to clients, Mintos, as the operator of the Platform, has received an investment firm licence from the NCA. The licence could be suspended or revoked due to non-compliance with regulations by Mintos. Loss of licence by Mintos could lead to delayed payments or partial or full loss of invested amount under the Notes.

3. Failure of IT systems or a security breach could lead to significant liabilities and harm relationships with customers

The technology that Mintos has developed over the years is a cornerstone of Mintos' future success. The satisfactory performance, reliability and availability of the Platform is critical to its operations, customer service and reputation.

While Mintos has taken steps to protect confidential information, the techniques used to obtain unauthorised, improper or illegal access to systems, data, or customer data, or to disable or degrade services are constantly evolving and may not be detected quickly.

As a result, Mintos' and Mintos' third-party vendor security measures might be breached, and these security breaches could result in confidential client information being stolen. Breaches of security measures because of third-party action, employee error, third-party vendor error, design flaws in the software, or interruptions in Mintos' systems and services could adversely impact our relationships with Mintos' clients, harm Mintos' reputation and expose Mintos to significant liability.

Furthermore, in the event of damage or interruption, existing insurance policies may not adequately compensate Mintos and Mintos' clients for any losses that may have been incurred. Nevertheless, as IT systems are crucial to Mintos' operations, a substantial amount of resources are devoted to ensuring the stable and uninterrupted performance of the IT systems.

4. Mintos' bank accounts could be frozen or closed and banks, where the Noteholder funds are held, can become insolvent

Mintos clients' funds, including the fund being deposited in the Issuer's Account for settlement under the Notes, are kept segregated from Mintos' own funds in several bank accounts marked as client funds accounts.

One or several of those bank accounts that Mintos uses might be blocked, seized or closed for a number of reasons, including insolvency of the banks, resulting in interruptions of fund transfers to the Lending Company and the Noteholder.

5. Significant problem or termination of the agreement with a Mintos partner may affect the provision of services to the clients

While providing its services, Mintos relies on several carefully selected partners (e.g., cloud computing providers), and any problems with the service providers could impact Mintos' ability to provide services to the Noteholder. Mintos has taken several steps to reduce the likelihood and impact of such occurrences, such as having backup service providers where feasible, there is still a risk that the Noteholder may not be able to access the Platform or receive services.

6. Certain situations or actions may raise conflicts of interests

While the rights and the responsibilities of Mintos, the Issuer, the Lending Company are detailed in the Transaction Documents and this Base Prospectus, and Mintos has established policies and procedures to mitigate the risk, it is not possible to fully avoid the possibility of a conflict of interests between the parties that could impact the interests of the Noteholder.

While Mintos provides placement services to the Issuer with respect to the Notes, Mintos also provides the infrastructure services for the Lending Company and the Issuer to perform sales of the Loan Receivables to the Issuer, as well as to exercise the Buyback Obligations and Repurchases. Mintos receives fees from the Lending Company for placement services. Mintos has carefully set up the fees in a compliant manner and so that it would not violate the conflict of interest management rules. Such placement fees might qualify as inducements and Mintos would disclose information on these inducements to the Noteholder. In addition to inducement disclosures, Mintos has set up internal procedures to identify and manage conflicts of interest. Some conflicts of interest require disclosure and those are disclosed.

○ **RISKS SPECIFIC TO THE ISSUER**

1. The Issuer could default on its obligations or become insolvent

The Issuer is a wholly-owned Mintos Group company, and not engaged in any business activities other than those provided in this Base Prospectus. There is a risk that the Issuer could suddenly stop effectively honouring its obligations under the existing agreements and breaching its provisions, resulting in missing repayments to the Noteholder. This could lead to delays in repayments and partial or full loss of invested amounts.

While the Issuer is created, established and performs its operations as a special purpose undertaking, due to possible legal shortcomings of the applicable law and/or judicial practice, the Issuer might be found insolvent due to the following reasons, including, but not limited to, a Noteholder or other creditor initiating the insolvency procedure against the Issuer in bad faith and the court not finding limited recourse and non-petition provisions defined by this Base Prospectus as a sufficient ground to reject such proceeding. In such situations, the Noteholder could experience delays in receiving its invested funds and its priority as a creditor of the Issuer might be changed by the rule of law, leading to receiving fewer amounts than due under the Notes.

The Terms and Conditions of the Notes (in section 10 of this Base Prospectus) are set up and drafted as having legal force and addressing concerns as legally binding contractual obligations. There can be external circumstances that might influence such legal construction, including, but not limited to court ruling, and/or new or modified legal enactments.

2. Mintos may not be able to cover the maintenance and administrative costs of the Issuer

Considering the pass-through nature of the Issuer, the maintenance costs and administrative expenses of the Issuer are, in essence, covered by the Lending Company, either via direct compensation mechanism or indirectly via Mintos. If for any reason mentioned above in '*RISKS SPECIFIC TO MINTOS*', Mintos is not able to cover such costs, it could significantly influence the operations of the Issuer and its ability to service Notes and make payments to the Noteholder.

3. Information asymmetry

With a reference to risks described above in 'The Lending Company may intentionally or unintentionally breach its contractual obligations - False or incomplete information about the Lending Company' and '-False Borrower data', part of the information in this Base Prospectus as well as significant information being received during the term of the Notes is being sourced and received from the Lending Company. There is a risk that the Lending company can provide material information with delay or fails to provide information to the Issuer at all. As a consequence:

- the Issuer through Mintos acting as its authorised representative will not be able to timely enforce its rights provided in the Transaction Documents and to act in the interests of Noteholders; and
- the Issuer will not be able to prepare and publish supplements to this Base Prospectus in a timely manner, which could impact the Noteholders' judgement on purchasing the Notes being unaware of any significant new factor, material mistake or inaccuracy related to the information being sourced from the Lending Company.

4. Cross-risks applicable to the Issuer

Considering the pass-through nature of the Issuer, the Issuer and its abilities to pay amounts due to the Noteholders under the Note are exposed to all the risks listed above in '*RISKS SPECIFIC TO THE UNDERLYING LOAN*', '*RISKS SPECIFIC TO LOAN SERVICING*', '*RISKS SPECIFIC TO GUARANTEES AND PLEDGES WHEN THOSE ARE PROVIDED TO THE ISSUER*' and '*RISKS SPECIFIC TO MINTOS*'.

○ RISKS SPECIFIC TO NOTES

1. The Noteholder has no rights of recourse against the Borrowers, the Lending Company, the Guarantor (if any) or the pledgor (if any)

The Noteholder has no direct right to the Loan Receivables. Instead, the Noteholder is acquiring Notes, which are backed by the corresponding Loan Receivables. The legal title in the Loan Receivables and relevant rights arising from them are vested in the Issuer. This means that the Noteholder will have no direct recourse against the Borrowers and no ability to independently and in its discretion to pursue any Borrower to collect payments under the relevant Loan. For the same reason the Noteholder will have no direct recourse against the Lending Company, the Guarantor (if any) and/or the pledgor (if any), and no ability to pursue the Lending Company, the Guarantor (if any) and/or the pledgor (if any) to enforce them to duly perform their duties and obligations due. All such actions are carried out by the Issuer as the legal owner of the Loan Receivables according to the provisions of this Base Prospectus and the Transaction Documents.

2. Change of creditors priority

The outcome of judicial or insolvency procedure could overrule the creditors' priority in this Base Prospectus due to requirements of the law, meaning that the Noteholders of one Series of Notes could become equal creditors to Noteholders of other Series of Notes, thus all the proceeds the Issuer receives from all the Loan Receivables is distributed on *pro rata* basis or otherwise.

3. Certain costs may rank higher than payments to the Noteholder

While it is the Issuer's responsibility to transfer to the Noteholder all payments that have been received from the Lending Company, including the payments from the Borrowers received by the Lending Company, there are certain costs, such as taxes, Mintos' fees and recovery costs that rank higher than payments to the Noteholder. This means that the Noteholder would only receive payment after the payment obligations of a higher priority have been settled.

Also, there is a risk that the outcome of judicial or insolvency procedure could define other priority of payments, which differs from the priority in this Base Prospectus.

4. Liabilities that are not Series specific will be allocated to all Series of Notes proportionally

If there are higher priority costs, i.e., taxes, fees and recovery costs, related to the specific Note, then these will be covered from the payments due to the Noteholders according to the Priority of Payments defined in this Base Prospectus. Where the liability is not Series-specific, for example, legal costs, the liability will be allocated to all Series of Notes proportionally unless otherwise defined by the Priority of Payments.

5. Due diligence and monitoring performed by Mintos and Mintos risk score allocated are limited in scope, do not address all material risks, and do not provide any assurance or indemnification

Before the Lending Company joins Mintos and during the cooperation, Mintos carries out due diligence and assigns a Mintos risk score. It is important to point out that these processes are limited in scope and do not address all material risks relating to an investment in the Notes, but rather reflect the view of Mintos at the time the due diligence and monitoring are performed.

Even if Mintos continuously measures the accuracy of Mintos risk score and evaluates the need to adjust the methodology when new data is obtained, these processes might not guarantee any further performance of the investment.

Mintos neither provides any assurance or guarantee for the Noteholder nor indemnifies or holds Noteholder harmless for any loss or adverse consequence directly or indirectly arising from the Noteholder relying upon Mintos risk score or due diligence and monitoring performed. Basing investment decisions solely on Mintos risk score could lead to a partial or full loss of invested amounts.

6. No specific securitisation laws in Latvia

There are no dedicated laws and regime in Latvia addressing specific special purpose vehicle issuer insolvency or limited recourse concepts at the date of this Base Prospectus. Mintos believes the Terms and Conditions of the Notes are set up and drafted as having legal force and addressing such concerns as legally binding contractual obligations. There might be circumstances that influence such legal construction, including, but not limited to the court ruling, or new or modified legal enactments. Eventually, this could lead to delayed payments or partial or full loss of the amount invested in the Notes.

7. Repurchase could impact planned return

The Lending Company may repurchase the Loan Receivables from the Issuer at any time at their then outstanding principal value without any penalty or other compensation. This may happen, for example, in cases where the Lending Company can acquire lower cost financing from other sources and wishes to refinance the Loan.

The Lending Company not only has a right to repurchase, but also has an obligation to repurchase the Loan Receivables from the Issuer upon the occurrence of certain events specified in the Cooperation Agreement. The Lending Company may become obliged to repurchase one or several affected Loan Receivables, as well as there are certain events that may trigger the obligation to repurchase all the Loan Receivables. Occurrence of a Material Event of Default under the Cooperation Agreement triggers the obligation to repurchase all the Loan Receivables.

If the repurchase right is exercised by the Lending Company or if the repurchase obligation arises, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company. The Noteholders' return on the investments in the Notes which are redeemed due to the repurchase will be lower than the initially planned return.

8. New regulations introduced in the future could impact the Noteholder and Mintos

Due to several reasons, such as improvements in computer technology, the financial crisis of

the past decade and a greater focus on preventing the legalisation of illegally gained proceeds, the financial industry over the last years has experienced the introduction of several new regulations. With further developments and adoption of technologies, jurisdictions, either where Noteholders or Mintos Group are domiciled are likely to introduce new regulations or administrative interventions that could relate to Notes or online marketplaces such as the Platform. Such regulation in the future, for example, could enhance investors' protection measures, limit access to Notes to only qualified or sophisticated Noteholders, limit the proportion of the portfolio that can be invested through Notes or introduce any other restricting measures.

Furthermore, the introduction of new regulations or significant changes to the existing regulations could impact the profitability, cost base and future operations of Mintos. Failure to comply with regulation could lead to, among other things, lawsuits, administrative enforcement actions, penalties, and revocation of licences and authorisations. Eventually, this could lead to delayed payments or partial or full loss of invested amounts under Notes.

9. New regulation in relation to taxes could impact the expected return for the Noteholder

In the event that new regulation is introduced, or existing regulation or its interpretation changes so that the Issuer and/or Mintos needs to withhold additional taxes before making payments to the Noteholder, and the Issuer and/or Mintos is required to withhold any transfer tax, stamp duty and/or financial transactions tax, this could impact the expected return on investment for the Noteholder. Similar developments in the Noteholders' tax residence country can lead to the same consequences.

10. Notes have limited liquidity and transferability

The Notes are illiquid securities and there is no active market for them, and the Notes are not admitted to any trading venue. The potential buyers and transferees are limited only to other Mintos' clients who are registered on the Platform. Which all means that the Noteholder might need to offer the Notes with a significant discount and hence would not meet the expected return on the investment, or might even be unable to sell them at all during a shorter or longer period of time. Furthermore, to protect Noteholders that use automatic investment solutions from making investment decisions, Mintos may restrict the execution of orders to sell the Notes according to the terms and conditions of the agreements between the Investors and Mintos.

The Noteholder should therefore only invest in Notes that the Noteholder is comfortable with holding to maturity.

11. An undiversified investment portfolio may lead to greater exposure to the Lending Company and country-specific risks than a well-diversified portfolio

Investment in a single Note, Notes issued in relation to the Lending Company or Notes with underlying Loans related to one country means that the performance of the portfolio and risk exposure depends on that Note, the Lending Company, country and currency risk.

Mintos encourages its customers to build a well-diversified portfolio and provides several tools to automate investing in Notes, making this easier.

12. Investing in Notes issued in other currencies increase the Noteholder's exposure to currency risk

If a Noteholder invests in Notes denominated in a currency that is different from the currency

that the Noteholder earns and/or spends, the return on the investment could be significantly impacted by the fluctuations in the exchange rate between those currencies. This means that if the underlying currency depreciates significantly, the Noteholder could lose part of the investment, and if the currency appreciates significantly, the Noteholder could earn a higher return on investment.

13. Notes are not bank deposits

Investment in Notes does not have the status of a bank deposit in Latvia or elsewhere and is not within the scope of the deposit protection or guarantee scheme operated by the Republic of Latvia or any other jurisdiction.

Final Terms

Each Series of Notes will be issued on the terms and conditions set out under the section entitled '11. TERMS AND CONDITIONS OF THE NOTES' of this Base Prospectus as completed by the applicable Final Terms. The Final Terms will be published on the website www.mintos.com. A form of applicable Final Terms is set out under the section entitled '13. APPLICABLE FINAL TERMS' of this Base Prospectus.

Other relevant information

This Base Prospectus must be read and construed together with any supplements to this Base Prospectus and with any information incorporated by reference in this Base Prospectus and, concerning any Series of Notes, must be read and construed together with the relevant applicable Final Terms.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into concerning the Programme, any information supplied by the Issuer, or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer.

Mintos has not authorised the whole or any part of this Base Prospectus and does not make any representation or warranty, or accept any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue and offering of the Notes, nor does Mintos or any of its shareholders, directors, affiliates, advisers or agents take any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue, offering and sale of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms, and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and Mintos to inform themselves about and to observe any such restrictions. In particular, Notes have not been and will not be registered under the Securities Act. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. Neither this Base Prospectus nor any Final Terms constitute an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, Mintos or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer. Mintos has not provided any financial or taxation advice in connection with the Programme or the Notes.

Programme limit

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 60 000 000 (or its equivalent in other currencies).

Language

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language so that the correct technical meaning may be ascribed to

them under applicable law.

Ratings

No Series of Notes issued under the Programme will be rated by any credit rating agency.

Currencies

Unless otherwise indicated, the financial information contained in this Base Prospectus has been expressed in euro. The Issuer's functional currency is euro, and the Issuer prepares its financial statements in euro.

Third-party and market share data

This Base Prospectus contains information regarding business of the Issuer, Mintos, the Lending Company and others, and the industry in which they operate and compete. Where third party information has been used in this Base Prospectus, the source of such information has been identified. Statistical information included in this Base Prospectus has been derived from official public sources, including the statistical releases. All such statistical information may differ from that stated in other sources for a variety of reasons, including the use of different definitions and cut-off times. This data may subsequently be revised as new data becomes available and any such revised data will not be circulated by the Issuer to Investors who have purchased the Notes. In some cases, independently determined industry data is not available. In these cases, any market share data included in this Base Prospectus is referred to as having been estimated. All such estimates have been made by either the Issuer or the Lending Company using its information and other publicly available market information. Each of the Issuer and the Lending Company believes that these estimates of market share are helpful as they give prospective Investors a better understanding of the industry in which the Issuer or the Lending Company operates as well as its position within that industry. Although all such estimations have been made in good faith based on the information available and the Issuer's or the Lending Company's knowledge of the market within which it operates, neither the Issuer nor the Lending Company can guarantee that a third-party expert using different methods would reach the same conclusions. Where information has not been independently sourced, it is the Issuer's or the Lending Company's own information.

No incorporation of website information

The Issuer is affiliated with Mintos and their website is www.mintos.com. Unless specifically incorporated by reference into this Base Prospectus, information on the website or any other website mentioned in this Base Prospectus or any website directly or indirectly linked to these websites has not been verified, is not incorporated by reference into, and does not form part of, this Base Prospectus, and Investors should not rely on it.

4. TRANSACTION OVERVIEW

○ THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES

▪ The Issuer, Mintos, the Servicer and the Lending Company

The Issuer, Mintos, the Servicer and the Lending Company have entered into the Transaction Documents for the issue and sale of the Notes as described in this Base Prospectus.

▪ Transfer of the Loan Receivables by the Lending Company to the Issuer

Note: Loans to the Borrowers are issued by the Lending Company via the Servicer.

The Lending Company makes, from time to time, an irrevocable offer to sell the Loan Receivables by using the API connection set up with Mintos.

The offer for sale of the Loan Receivable is accepted, on behalf of the Issuer, by Mintos generating the Transfer Document. Mintos verifies the information provided through the API. The Loan Receivables are required to meet certain eligibility criteria to form a 'pool' of Loan Receivables to serve as the

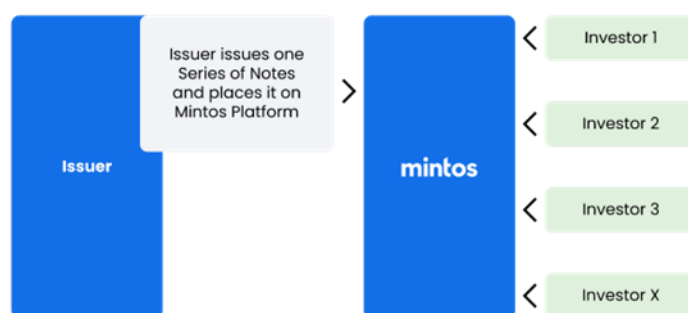

underlying assets for a particular Series of Notes and to satisfy other conditions precedent.

Payment for the acquired Loan Receivable is subject to placement of the Series of Notes.

That means the Loan Receivables transferred to the Issuer and backing the Series have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Notes. The Lending Company retains in relation to each Loan (a) the 'skin in the game' in keeping 10% of the principal amount outstanding and (b) any collateral consisting of pledge rights and title to the relevant vehicle, if any.

The Borrowers are not notified of the transfer of the Loan Receivables. The Servicer continues to service the Loan Receivables.

▪ Issue of Notes

Once the Issuer has a pool of the Loan Receivables, Mintos publishes the Final Terms for the relevant Series of Notes on the Platform on behalf of the Issuer. This process is automated and takes place in real-time.

As of the Issue Date, the Notes are publicly offered by the Issuer through the Platform. Investors can purchase Notes from the Issue Date until the Maturity Date of the Notes provided in the Final Terms or until the time when the Notes are fully sold to Investors by the Issuer, whichever occurs earlier. Information about the offer results of the Notes is published on the website www.mintos.com in real time starting from the Issue Date of the Notes. Subscriptions will not be reduced, which means refund of amounts paid in excess does not apply. The Issuer does not expect any conditions to which offer of the Notes would be subject.

To purchase Notes from the Issuer, the Investor registered on the Platform submits an investment order using the "Primary market" section of the Platform, indicating the amount of money that the Investor wishes to invest in particular Notes. The Investor can also use automated portfolio management services provided by Mintos to purchase the Notes. The process for purchasing Notes is automated and takes place in real-time. When the investment order is accepted by the Platform, Mintos debits cash funds from the Investor's cash account with Mintos in exchange for delivery of the Notes to the Investor's financial instruments account with Mintos. Paying for the Notes and delivery of the Notes take place simultaneously. The Notes allotted are available as soon as the investment order is executed by Mintos, by means of the Investor's profile on the Platform. Further alienation of Notes could be done as soon as available on the Investor's Investment Accounts.

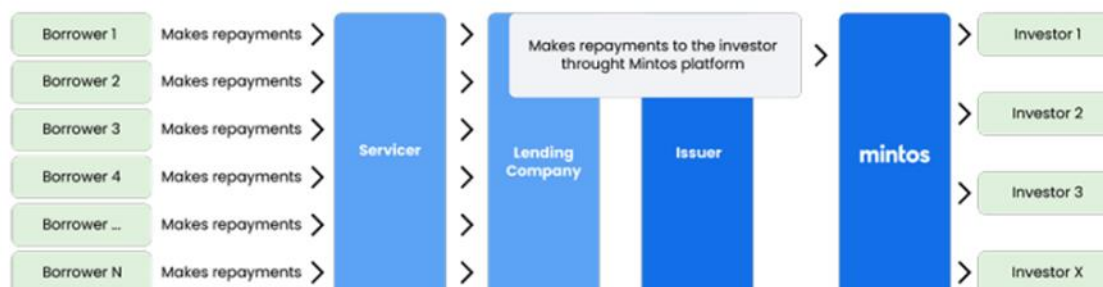

Minimum subscription amount is one Note. Maximum subscription amount is up to the Aggregate Nominal Amount for the relevant Series of Notes, but subject to the nominal amount of the Notes being available for purchase from the Issuer as at execution time of the investment order at Mintos.

No expenses are expected to be charged to the Investor by the Issuer when purchasing Notes. Currently there is no financial transaction tax to be applied by the Issuer and/or Mintos to the Investor

in subscribing or purchasing any Note.

The Issuer expects that net proceeds of any Series of Notes will equal the Aggregate Nominal Amount of the relevant Series.

▪ Payments under the Notes

Note: Repayments from the Borrowers to the Lending Company are done via the Servicer.

Interest specified in the Final Terms will begin to be calculated and accrue from (and including) the first day when the Investor has acquired the Notes from the Issuer and the Notes are booked by Mintos in the Investor's financial instruments account.

The Interest and principal payments under the Notes are linked and contingent on corresponding payment being made under the pool of the underlying Loan Receivables. Notes may have different payments which reflect the different Loans issued by the Lending Company, such as:

- fully amortising Notes – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes so that the principal amount outstanding of the Notes is zero at maturity of the Notes;
- partially amortising Notes (or 'balloon' Notes) – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes but, a 'balloon' of principal amount outstanding of the Notes remains which is paid at maturity of the Notes;
- interest only Notes – only the interest is regularly paid during the term of the Notes, whilst the principal amount outstanding of the Notes is paid at maturity of the Notes; and
- bullet Notes - both the principal value outstanding of the Notes and interest are paid at the maturity of the Notes.

▪ The Buyback Obligation

The **Buyback Obligation** is the obligation, if any payment under any of the relevant Loans is delayed by more than 60 days, for the Lending Company [or any other person specified in the Transaction Documents] to repurchase the relevant Loan Receivables from the Issuer, provided that the Buyback Obligation is stated as being applicable in the Final Terms.

If the Buyback Obligation is triggered, the relevant Series of Notes will be redeemed early in part once the Issuer has received the buyback price from the Lending Company. The buyback price is the nominal value of the Loan Receivable as it is at the time when the Buyback Obligation arose, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the

Issuer that form part of the Loan Receivable up to the date when the Buyback Obligation was triggered.

▪ **Repurchase**

Repurchase is the right or obligation for the Lending Company to repurchase the Loan Receivable(s) from the Issuer on the occurrence of certain events specified in the Cooperation Agreement.

The Repurchase rights the Lending Company may exercise at any time with respect to any Loan Receivable(s). The repurchase price is the nominal value of the Loan Receivable, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase right was exercised, as it is at the time when the Repurchase right was exercised.

If during the validity of the Cooperation Agreement the Lending Company exercises its rights to repurchase individual Loan Receivables of performing loans (loans that are not delayed by the Borrower), the Lending Company shall be obliged to repurchase the same amount of the Loan Receivables on non-performing loans with a delay of 1 to 59 days (if any) and on non-performing loans with a delay of 60 and more days (if any). Namely, if the Lending Company repurchases 10% (ten per cent) of the Loan Receivables on performing loans, the Lending Company shall be obliged to repurchase 10% (ten per cent) of the Loan Receivables on non-performing loans with a delay of 1 to 59 days and 10% (ten per cent) of the Loan Receivables on non-performing loans with a delay of 60 and more days. The Loan Receivables of non-performing loans subject to the repurchase are randomly selected by the Lending Company at its own discretion. If the Lending Company fails to repurchase the Loan Receivables of non-performing loans as per this clause, Mintos shall randomly select the Loan Receivables on non-performing loans subject to the repurchase by the Lending Company.

The Repurchase obligation arises either with respect to one or several Loan Receivables or it may as well arise with respect to all Loan Receivables.

Individual affected Loan Receivable(s) must be repurchased by the Lending Company according to the Cooperation Agreement if the following occurs:

- (a) termination by the Lending Company of a Loan Agreement from which the Loan Receivable arises;
- (b) in case any of the following events occur:
 - if the Loan Agreement from which the respective individual Loan Receivable arises is or shall for any reason and by any means become invalid or unenforceable whether in whole or in part or it becomes impossible or unlawful for any party to any such document to perform its obligations under such documents; or
 - if, in the reasonable opinion of Mintos and/or the Issuer and/or the Lending Company, the Borrower's fraud or fraudulent misrepresentation has been established;
- (c) with respect to the affected Loan Receivable that is determined in the sole discretion of Mintos, in case if any of the following events occur:
 - if certain representations or warranties of the Lending Company and/or the Servicer provided in the Cooperation Agreement with respect to the Loan Receivable is or proves to have been untrue when made or deemed to be made;
 - if a breach of an obligation of the Lending Company to comply with certain restrictions on amendments to the Loan Agreements are not complied with or if the Servicer breaches its duties as a servicer of the Loan Receivables; or
 - if it is or becomes unlawful for the Servicer to assign or offer the assignment of any new Loan Receivables according to the laws applicable to the Lending Company and/or Loan Receivables and/or to perform any of its obligations under the Cooperation

Agreement in relation to the assignment or servicing of the Loan Receivable, for example in case of loss of licence by the Lending Company which affects the already executed assignments or servicing of the Loan Receivables (i.e. having a retroactive effect).

The above might not be a precise wording of the Cooperation Agreement provisions, however even if the wording is different the description of the essence remains correct.

In case a Material Event of Default under the Cooperation Agreement has occurred (see paragraph: THE TRANSACTION DOCUMENTS - The Cooperation Agreement - Material Events of Default), Mintos is entitled to request the Lending Company to repurchase all the Loan Receivables transferred to the Issuer. Mintos has the discretion to request or not to request the repurchase of all the Loan Receivables. If the full repurchase is requested, repurchase obligation must be met by way of paying the repurchase price within the time period, which in most cases is 5 (five) Business Days, but may be set as a longer period of time up to no more than 6 months, after the notice has been given to the Lending Company regarding the repurchase and the final calculation of the amounts payable is sent to the Lending Company.

The repurchase price for the Loan Receivable which the Lending Company is obliged to pay to the Issuer for the Repurchase of the Loan Receivable is equal to the total amount of the remaining principal amount of the Loan Receivable and accumulated and outstanding interest, and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase was triggered.

If Repurchase rights or obligation is triggered, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company.

- **No credit enhancement**

The Notes have no credit enhancements and no liquidity support in relation to payment of interest or principal.

The Issuer, as a special purpose entity, has no obligation to make any payment on the Notes unless sufficient funds have been received from the Lending Company. The Servicer, in turn is dependent on payments on the relevant Loans from the Borrowers.

- **THE TRANSACTION DOCUMENTS**

The information in this section is a summary of certain features of the Transaction Documents provided for information purposes and will not be treated as the full binding text of the relevant agreement.

- **The Cooperation Agreement**

General

The Cooperation Agreement contains the agreement between the Issuer, the Lending Company, the Servicer (entitled as the Operator under the Cooperation Agreement), and Mintos on the matters outlined in the above section entitled 'THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES'.

Sample of the Loan Agreement is provided in the schedule to the Cooperation Agreement. There are also other schedules to the Cooperation Agreement.

This Base Prospectus as submitted to the NCA for approval is not a schedule to the Cooperation Agreement but may be agreed on in writing by the same parties as those of the Cooperation Agreement on or about the date of submission of this Base Prospectus to the NCA for approval.

Mintos

Mintos acts as an assignment agent, placement agent, calculation agent, transfer agent and paying agent of the Issuer in relation to the Notes.

Loan servicing

The Issuer has appointed the Servicer and the Lending Company as the servicers with service rights which includes any and all rights to:

- (a) service the Loan Receivables;
- (b) all agreements or documents creating, defining or evidencing the servicing rights to the extent they relate to the servicing;
- (c) collect all payments under the Loan Agreements; and
- (d) maintain and use any and all servicing files and other data and information about the Loan Receivables, and about the past, present or prospective servicing of the Loan Receivables.

Within the scope of servicing obligations, the Servicer has undertaken certain obligations, including:

- (a) to collect and process payments from the Borrowers;
- (b) to transfer the payments received from the Borrowers to the Lending Company.

Within the scope of servicing obligations, the Lending Company has undertaken certain obligations, including:

- (a) to transfer the Borrowers' payments received from the Servicer to the Issuer;
- (b) not to assign, transfer or create any encumbrance over any Loan Receivables; and
- (c) to take all reasonable actions to ensure that the Loan Receivables are not treated as the Lending Company's property and any pledge rights, prohibitions or other encumbrances in favour of the Lending Company, its creditors or administrators would not be attributed to the Loan Receivables.

The appointment of the Servicer and/or the Lending Company as the servicers can be terminated by notice from the Issuer to the Lending Company, the Servicer and Mintos, or by written mutual agreement between the Issuer, the Lending Company and Mintos, only when the Issuer has settled all obligations under the Notes towards the Noteholders.

Subject to certain terms and conditions, the Issuer may, by notice to the Lending Company, the Servicer and Mintos, terminate the appointment of the Servicer and/or the Lending Company as the servicers and appoint another person as the servicer of the Loan Receivables.

Extensions

The Lending Company through the Servicer may modify any of the Loan Agreements without approval of the Issuer, provided that payments from the relevant Borrower remain unchanged.

If provided in the Final Terms, the Lending Company through the Servicer may extend the repayment schedule of one or more of the Loan Agreements without the consent of the Issuer or the Noteholders, provided that: (a) there is no event of default under any of the Loan Agreements, (b) any change

complies with 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms, and (c) any change is notified on the Platform to the Noteholders.

The Lending Company through the Servicer may also extend the repayment schedule of one or more of the Loan Agreements without the consent of the Issuer or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal authority, provided that any change is notified on the Platform to the Noteholders.

Representations and warranties

The Lending Company and the Servicer have made certain representations and warranties relating to the Loan Receivables including:

- (a) all necessary and required procedures, checks and assessments have been performed to ensure the validity and enforceability of each of the Loan Agreements;
- (b) information and documents provided regarding each of the Loans, the Loan Agreements and the Loan Receivables sold to the Issuer are true, correct and complete,
- (c) the Lending Company is the sole owner of the Loan Receivables being sold to the Issuer and has full rights and authority to sell and assign the Loan Receivables, which are free and clear of all liens, pledges or encumbrances.

The Lending Company and the Servicer have represented and warranted that they have all necessary licences, permits and authorisations to conduct their business activities.

Each of the Issuer, the Lending Company, the Servicer and Mintos has ensured the truth, correctness and completeness of all the documents and information being provided by it, as well as its compliance with applicable regulatory requirements.

Covenants

The Lending Company and the Servicer have covenanted to comply with certain financial and other covenants.

Indemnities and penalties

The Lending Company and the Servicer have agreed to pay contractual penalties to the Issuer for breach of any of the obligations indicated in the Cooperation Agreement.

Each of the Issuer, the Lending Company, the Servicer and Mintos has indemnified the others against any and all losses suffered by or incurred by the others arising out of or resulting from its breach under the Cooperation Agreement.

Material Events of Default

The Cooperation Agreement contains an exhaustive list of events that constitute Material Events of Default. These include events such as:

- (a) non-payment by the Lending Company and/or the Servicer under the Cooperation Agreement;
- (b) the Lending Company not maintaining the capitalisation ratio as specified in the Cooperation Agreement;

- (c) failure to perform certain obligations under the Agreement by the Lending Company and/or the Servicer;
- (d) an event of default under the Prospectus caused by the Lending Company, Servicer, Guarantor, or Pledgor;
- (e) invalidity or unenforceability of any security documents (if any);
- (f) insolvency or insolvency proceedings of the Lending Company, Servicer, Guarantor or Pledgor;
- (g) a creditor's process affecting assets above the threshold defined in the Agreement;
- (h) misrepresentation by the Lending Company with respect to its obligations or disclosures;
- (i) cross-default or acceleration of financial liabilities above the specified amount;
- (j) breaches of AML or sanctions compliance obligations;
- (k) cessation of business by the Lending Company, Servicer, Guarantor or Pledgor.

If any Material Event of Default occurs, Mintos may stop:

- (a) the execution of sales of the Loan Receivables to the Issuer;
- (b) the placement of the Notes on the Platform; and
- (c) the processing of submitted but not yet executed orders for subscription of the Notes.

Upon occurrence of a Material Event of Default Mintos may require the Lending Company to repurchase all the Loan Receivables transferred to the Issuer.

Also, if a Material Event of Default occurs, Mintos may change the servicer of the Loan Receivables.

Whether to exercise any or all of the above rights is a decision that Mintos makes, acting as an authorised representative of the Issuer. Even if a Material Event of Default occurs, Mintos may determine that the event is curable or does not negatively affect the Lending Company's or Servicer's ability to perform, and may choose not to exercise any such rights.

Term and termination

The Cooperation Agreement continues until all liabilities of the Issuer, the Lending Company, the Servicer and Mintos according to its provisions are fully satisfied.

Governing law

The Cooperation Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and will be construed in accordance with the laws of the Republic of Latvia.

- **The Guarantee Agreement**

General

Parties to the Guarantee Agreement (amended, restated and/or supplemented from time to time) are the Issuer, the Lending Company, the Guarantor and Mintos (hereinafter in this section - the Parties).

According to the provisions of the Guarantee Agreement the Guarantor guarantees to the Issuer the performance of Lending Company's obligations that may be incurred and arising from the Cooperation Agreement and all agreements on sale and purchase of the Loan Receivables entered by and between the Issuer and the Lending Company according to the Cooperation Agreement (hereinafter - Principal Agreements), where from the Issuer's monetary claims against the Lending Company arises and agrees

to be held liable for the performance of the said obligations of the Lending Company as the principal debtor itself.

The Guarantee Agreement defines a list of financial and other covenants, including negative covenants, that the Guarantor shall comply with during the term of the Guarantee Agreement. The failure to meet the covenants or breach of them leads to an event of default of the Guarantee Agreement and hence Material Event of Default or Event of Default under the Cooperation Agreement.

Rights and obligations

According to the provisions of the Guarantee Agreement the Guarantor undertakes before the Issuer the liability for the Lending Company's outstanding obligations under the Principal Agreements with all of its present and future assets, except stocks that might be potentially acquired by the Guarantor in the licensed credit institution (bank).

In the event that the Lending Company has not fulfilled its obligations on the payment date under the Principal Agreements, the Guarantor as a principal debtor (Lending Company) after the receipt of written notification from Mintos shall pay within 5 (five) Business Days of receipt of such notice to Mintos the whole amount of Lending Company's outstanding obligations indicated in the respective written notice.

The Guarantor ensures that the payment obligations assumed by the Guarantor under the Guarantee Agreement rank at least equally (*pari passu*) to other liabilities of the Guarantor and that position of the Issuer is not worsened against other creditors of the Guarantor neither in terms of payment priority, nor security.

Representations and warranties

The Guarantee Agreement contains several representations and warranties made by the Guarantor. The Guarantor has represented and warranted, including, but not limited to the Issuer and Mintos, that:

- (i) the representative of the Guarantor has all rights, internal corporate approvals and powers for entering into the Guarantee Agreement;
- (ii) neither the signing and performance nor the compliance by the Guarantor with the provisions of the Guarantee Agreement shall conflict with or result in a breach or violation of any of the provisions of its articles of association, any agreement, licence, commitment or permit to which the Guarantor is a party or any judgement, order, injunction, decree or ruling of any court or governmental or local authority, to which the Guarantor is subject to;
- (iii) the Guarantor has ensured truth, correctness and completeness of the documents and provided information, as well as their compliance with applicable regulatory requirements.

Indemnities and penalties

Each Party shall indemnify the other Parties against any and all losses suffered by or incurred by the other Parties arising out of or resulting from a breach under the Guarantee Agreement or any representation given in the Guarantee Agreement not being true or correct in any material aspect.

The Guarantee Agreement also defines in which cases the Guarantor shall pay the contractual penalties to the Issuer for the breach of obligations indicated in the Guarantee Agreement.

Term and termination

The Guarantee Agreement continues to be valid and in legal force until all liabilities under the Cooperation Agreement are fully settled in accordance with its provisions.

Governing law

The Guarantee Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and shall be construed in accordance with the laws of the Republic of Latvia.

• **The Pledge Agreement**

There are 2 (two) pledge agreements: (i) the pledge agreement by and between the Lending Company as the pledgor and the Issuer as the pledgee over all present and future obligations and liabilities of the pledgor to the pledgee, whether actual or contingent and whether owed jointly or severally, as principal or surety or in any other capacity, under or in connection with the Cooperation Agreement, together with all interest (including, without limitation, default interest) accruing in respect of those obligations or liabilities (hereinafter in this section - the **Fiducia Agreement over receivables**), and (ii) the pledge agreement by and between the Lending Company as the pledgor and the Issuer as the pledgee over the bank accounts (hereinafter in this section - the **Pledge Agreement over bank account**). Both agreements, whether individually or collectively, shall be referred to as the “Pledge Agreement,” as applicable.

As of the date of this Base Prospectus and the commencement of the issuance of the Notes, the Pledge Agreement might not yet be signed and registered in the Public Registry in accordance with the laws of Indonesia. The Parties have agreed in the Cooperation Agreement that the Pledge Agreement as described herein will be established however, due to the time needed for all of the formalities it is not a condition precedent for the issuance of the Notes to start.

The Fiducia Agreement over receivables

General

Parties to the fiduciary security agreement (amended, restated and/or supplemented from time to time) (“the Pledge Agreement”) are the Lending Company as pledgor (“Pledgor”) and the Issuer as secured party (“Pledgee”).

The security is created through a fiduciary transfer (*jaminan fidusia*) under Indonesian Law No. 42 of 1999 on Fiducia Security, and perfected by registration with the Fiducia Registration Office in Indonesia.

Representations and warranties

For the duration of the Security Period (“Secured Period” means the period beginning on the date of this Deed and ending on the date on which the Pledgor has fulfilled all liabilities and obligations under the Cooperation Agreement and Finance Documents), the Pledgor represents and warrants to the Pledgee that:

- (a) It has full power and authority to execute and deliver this Pledge Agreement and to perform its obligations hereunder;
- (b) The security is and will be duly and validly created and registered under Indonesian fiduciary law, and the Pledgee has and will have a good, valid and perfected interest in the secured receivables;

(c) The Pledgor has not charged, assigned, or otherwise encumbered the secured receivables, and there are no rights or interests created over the secured receivables in favour of any third party other than those created under and pursuant to this Pledge Agreement and the Finance Documents.

Obligations of the Pledgor

For the duration of the Security Period, the Pledgor undertakes to do the following:

- (a) It will at all times comply with the terms of the Pledge Agreement, the Loan Agreements and of all other Finance Documents;
- (b) It will perform all its obligations under the Loan Agreements in a diligent and timely manner;
- (c) To use its best endeavours to ensure that the Pledgee receives the full benefit of each Secured Asset;
- (d) Not to do or permit to be done anything which may in any way depreciate or otherwise prejudice the Secured Assets or the value to the Pledgee of the security constituted by the Pledge Agreement;
- (e) To promptly inform the Pledgee of any material disputes relating to any Secured Assets;
- (f) At all times and at the Pledgor's own expense take all steps, and execute and give all deeds, agreements, documents and/or consents necessary or, in the reasonable opinion of the Pledgee, desirable to:
 - i. Render effective and valid any security or any right or power created or intended to be created or evidenced under or by the Pledge Agreement;
 - ii. Perfect, protect or improve any such security or to facilitate its enforcement or realisation;
 - iii. Protect the Pledgee's position under the Pledge Agreement or any other deed or document entered into pursuant to the Pledge Agreement, or;
 - iv. In connection with the exercise of any rights or powers by any party under or in relation to the Pledge Agreement, and so that any security document required to be executed pursuant to Pledge Agreement will be in such form and will contain such provisions as the Pledgee may reasonably require.
- (g) To indemnify the Pledgee and keep the Pledgee indemnified against all losses and expenses incurred by the Pledgee in connection with the exercise by the Pledgee of its rights contained in the Pledge Agreement. All sums which are subject of this indemnity will be payable by the Pledgor to the Pledgee on demand and if not so paid will bear interest at the rate as defined in the Cooperation Agreement, in accordance with the Cooperation Agreement;
- (h) Not to, without the consent of the Pledgee, permit any encumbrance to exist over the Secured Assets or attempt to hold itself out as having any power to, or permit any person to do so.

The Pledgor will take all steps as are necessary to preserve the value of the Pledged Assets and will notify the Pledgee upon becoming aware of any matter which might reasonably be expected to have a material adverse effect on the rights of the Pledgee under the Pledge Agreement.

Enforcement of the Pledge

At any time after an event of default, the fiduciary security becomes immediately enforceable. The Pledgee may, without court authorization or notice to the Pledgor:

- (a) Exercise all remedies under Indonesian fiduciary law, including sale, transfer, or assignment of receivables;
- (b) Demand delivery of all documentation and information related to the secured receivables.

Term and termination

The Pledge Agreement continues to be valid and in legal force until the Secured Obligations relating to the relevant Secured Assets have been fully discharged in accordance with the Cooperation Agreement and other Finance Documents to the satisfaction of the Pledgee or when the Pledgee by written notice communicates that all or a particular Secured Assets has been discharged.

Governing law

The Pledge Agreement is governed by and shall be construed in all respects in accordance with the laws of Indonesia and the parties submit to the exclusive jurisdiction courts of Indonesia to settle any dispute arising out of or in connection with the Pledge Agreement.

The Pledge Agreement over bank account

General

Parties to the pledge over accounts agreement (as amended, restated and/or supplemented from time to time) ("the Pledge Agreement") are the Lending Company as Pledgor and the Issuer as Pledgee.

The Pledge Agreement creates a pledge over specific bank accounts maintained with respective banks as notified.

The Pledgor pledges its present and future rights, titles, and interests in the secured accounts and the credit balances therein, to secure performance of obligations under the Cooperation Agreement and Finance Documents.

Representations and warranties

For the duration of the Pledge Agreement, the Pledgor represents and warrants that:

- (a) It is duly established under the laws of Indonesia and possesses the corporate capacity to execute the Pledge Agreement;
- (b) The secured assets are owned by the Pledgor, free of encumbrances except as created by this agreement;
- (c) It has taken all required corporate actions to authorize execution of the agreement;
- (d) The obligations under the agreement are valid, binding, and enforceable.

Obligations of the Pledgor

During the Pledge Agreement:

- (a) Maintain the pledged bank accounts in accordance with the terms of the Finance Documents;
- (b) Notify the Account Bank of the pledge and obtain written acknowledgment within five (5) Business Days of execution;
- (c) Provide account statements and other documentation to the Pledgee;
- (d) Not create additional encumbrances over the pledged accounts without Pledgee's consent;
- (e) Cooperate with the Pledgee during enforcement, including surrendering access and transferring funds as directed.

Enforcement of the Pledge

Upon an Event of Default under the Cooperation Agreement, the Pledgee may, without prior notice, exercise the rights granted under the irrevocable power of attorney executed by the Pledgor, including operating the pledged account, withdrawing funds, or instructing transfers to the Pledgee's designated account.

The Pledgor shall immediately comply and cease access to the pledged accounts.

Term and termination

The Pledge Agreement continues in force until the Secured Obligations are fully discharged in accordance with the Cooperation Agreement and the Finance Documents, or upon written confirmation by the Pledgee.

Governing law

The Pledge Agreement over the bank account is governed by the laws of the Republic of Indonesia. Disputes arising in connection with the Pledge Agreement shall be settled by the Indonesian National Arbitration Board (BANI), in accordance with its arbitration rules.

Additional Security

In addition to the Pledge Agreement the Lending Company has issued a power of attorney over the Lending Company's Bank account according to which under certain conditions Mintos will be entitled to withdraw money from the Lending Company's bank account.

○ Business overview

In order to efficiently organise the process of micro, small and medium enterprises (MSME), lending and servicing the corresponding loans and to reach the widest possible range of customers with its loan offer, the Lending Company has outsourced the processes related to finding interested parties in obtaining invoice and supply chain financing loans utilising business assets and inventory as a collateral, namely - the Servicer.

The Servicer is PT Cerita Teknologi Indonesia (CTI), a limited liability company established based on deed no. 01 dated 04 February 2019 in Indonesia, existing under the laws of the Republic of Indonesia, business identification number (NIB) 9120009411408, having its registered address at Jakarta, Sequis Tower Building Level 19 Unit 7, Jenderal Sudirman Street, lot 71st, South Jakarta 12190, Indonesia.

The Servicer provides credit intermediation services for the benefit of the Lending Company and to the extent specified in the Loan Agreements and also in the service agreement concluded between the Servicer and the Lending Company. The main obligations of the Servicer under the service agreement (concluded between the Servicer and the Lending Company) include communication with the Borrowers, issuance of loans on behalf of the Lending Company, transfer of funds to the Lending Company arising from the repayment of the Borrowers and also performing internal debt collection.

○ Financial information

- **Auditors**

The statutory auditors of the audited financial statements as of and for the financial year ended 31 December 2023 was Teguh Heru & Partner, an independent member of Prime Global, incorporated under the laws of Indonesia, having its registered office at Jl. KH Abdullah Syafei No. 11, South Jakarta, Indonesia 12860 and registered with Indonesian trade and companies Register under number STTD.AP-282/NB/122/2028.

For the financial year ended on 31 December 2024 was Jamaludin, Ardi, Sukimto & Partners, an independent member of Prime Global incorporated under the law of Indonesia, having its registered office at Perkantoran Sentra Keramat, Jl. Kramat Raya No. 7-9, Central Jakarta, Indonesia 10450 and registered with Indonesian trade and companies Register under number STTD.AP-230/NB/122/2018.

- **Litigation**

The Servicer (whether as a defendant or otherwise) is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Servicer is aware) in the 12 months preceding the date of this Base Prospectus which may have, or have in such period had, a significant effect on the financial position or profitability of the Servicer.

- **Loans underwriting**

The Servicer applies a structured credit risk framework tailored specifically to small and medium-sized businesses in Indonesia. The credit scoring algorithms are developed in-house and are based on business performance, credit histories, inventory cycles, and digital transaction footprints collected through multiple data points, including business site visits for deeper validation and due-diligence. The underwriting process is semi-automated, leveraging digital underwriting tools and API integrations. Manual intervention is only required in cases where customer data input is incorrect and/or to ensure the understanding of data presented by potential borrowers. To enhance fraud prevention, the Servicer employs third-party services and re-verification procedures. The credit scoring model is fully developed internally by the Servicer.

- **Loans issuance and disbursement**

The Servicer disburses loans on behalf of the Lending Company after completing loan documentation and verification. Fund transfers are executed via bank partners integrated into the payment gateway, ensuring secure and traceable disbursement.

- **Debt recovery management**

The Servicer's collection framework encompasses a structured approach that includes pre-delinquency engagement, inventory liquidation, repayment rescheduling options, and legal recovery in cases of prolonged default. When necessary, the Servicer also partners with third-party collection agencies to support recovery efforts.

Key Stages of the Debt Collection Process:

- 1–60 days past due (DPD): Managed by the internal collection team.
- After 30 DPD: The Servicer may repossess inventory in accordance with the loan agreement and the Power of Attorney document that allows to collect inventory from the Borrower.

- After 40 DPD: Deposit check options may be utilized.
- 60–90 DPD: Restructuring or rescheduling options are offered to the Borrower.
- After 90 DPD: Insurance claims can be initiated.

This structured framework ensures that Borrowers are treated fairly and appropriately based on their repayment behavior, while also providing flexible options for recovery and mitigating credit losses.

○ **Administrative, management and supervisory bodies**

The following table shows the main administrative, managerial and supervisory positions of the Servicer:

Name	Position / function (year since)	Education and business experience summary

9. THE LOANS

○ Legal nature, jurisdiction and the applicable law of the Loans

The Loans are productive business loans for MSMEs made under the Loan Agreement. The two types of products offered are inventory financing, which provides working capital loans with inventory as the collateral, and supply chain financing, which is similar to invoice factoring. The repayment scheme that can be opted by the borrowers are instalment (principal and interest are payable in equal monthly amounts during the term to repay the Loan in full at maturity) and bullet payment with periodic interest (interest are payable in equal monthly amounts during the term to repay the Loan along with the full principal payable at maturity).

If the monthly payments are not made in full, fines and/or penalties are paid first followed by interest, then principal.

There is no fee payable for early repayment, but the total interest needs to be paid in full.

The Borrower is required to pay for additional costs specified in the Loan Agreement, such as administration fee and taxes charged on the provision fee.

The Loan Agreement is subject to the amendment and/or variation from time to time as provided in the section entitled '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – Extensions' of this Base Prospectus.

The Loan Agreement is in the Indonesian language. The Lending Company has provided an English translation of the Loan Agreement for informational purposes at www.mintos.com. Any discrepancy or difference due to the translation is not binding and has no legal effect. Neither the Issuer nor Mintos bears any responsibility for the accuracy of the English translation from the Loan Agreement in the Indonesian language.

The Loan Agreement is governed by the laws and regulations of the Republic of Indonesia.

○ Repayment and maturity

Under the Loan, the Borrower makes monthly payments of principal and interest on a pre-agreed schedule. The annual percentage rate (APR) ranges from 12% to 37%. The term ranges from 1 month to 12 months with the average term being 6 months.

Borrowers may repay the outstanding balance in full or in part by notifying the Lending Company at least 3 days in advance. In such a case the Borrower is obliged to pay the Lending Company the unpaid part of the loan and the interest. Interest will be charged according to the monthly amount of the percentage indicated in the Loan Agreement.

The Borrower may apply for an extension of the term of the Loan. After the Lending Company receives the application of the Borrower for an extension it will immediately discuss the application and decide upon it. The Lending Company has no obligation to approve the application of the Borrower.

If during the term of the Loan Agreement new taxes, levies or law comes into force which causes the Lending Company to bear new taxes or reduces amount payable under the Loan Agreement, the Lending Company may increase the amount of payable by notifying the Borrower 30 days in advance with a new payment schedule and calculations without consent of the Borrower.

- **Economic environment in Indonesia**

Indonesia's economy has shown resilience, with GDP growth projected to average 5.1% annually from 2024 to 2026, despite challenges such as declining commodity prices and global uncertainties. Private consumption is expected to be the main driver of this growth, supported by business investments and public spending.

Inflation has returned to target, dropping from a peak of 6.0% in 2022 to 1.7% in mid-2024, within the central bank's 1.5%-3.5% range. This has allowed the central bank to begin easing policy rates, supporting investment and growth.

The unemployment rate has declined to 4.9% in mid-2024, below pre-pandemic levels, reflecting a strong labor market. Further labor market improvements, including increased female workforce participation and formal employment expansion, will support long-term economic potential. Despite growing fiscal pressures from the green transition and rising public service demands, broadening the tax base and improving enforcement will help maintain fiscal sustainability while supporting investment in infrastructure, digitalization, and education.

To achieve sustainable growth, Indonesia is focusing on enhancing human capital and infrastructure, which are essential for long-term economic development.

- **General description of the Borrowers**

Borrowers of the Lending Company and the Servicer are mainly Indonesian SMEs from different industries but largely unbanked or underbanked by traditional financing providers such as banks. The Borrowers are businesses that have been operating for a minimum of 1 year and have strong traction for growth. Lending is nationwide, however, most customers concentrated in the main cities such as Jakarta and Bandung.

The Servicer is a platform in Indonesia and is still the best choice for its customers as it offers fast and reliable solutions, especially for retail businesses due to its unique inventory financing product. By adopting a fully online loan application model, customers have also streamlined and facilitated their loan application processes, providing them with a worry-free experience.

- **Loan portfolio data**

As of 31 March 2025, the Lending Company's total portfolio of gross receivables was EUR 8,075 million. The tables below show the Lending Company's portfolio in terms of Days Past Due (DPD) for inventory financing and supply chain financing products.

The current part of the portfolio for both products has remained above 80% for the previous six consecutive quarters and the part of the portfolio that is overdue for longer than 60 days has been consistently under 10%.

11. TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes (the **Terms and Conditions**) which, together with the relevant Final Terms, will be applicable to the specified Series of Notes. The relevant Final Terms will complete the Terms and Conditions in relation to each Series of Notes.

Save where the context requires otherwise, references in the Terms and Conditions to **Notes** are to the Notes of one Series only, not to all Notes of other Series that may be issued under these Terms and Conditions.

In these Terms and Conditions, unless the context otherwise requires, words denoting the singular include the plural and *vice versa*.

In these Terms and Conditions, references to a specified Condition will be construed as a reference to that specific Condition of these Terms and Conditions as in force for the time being and as amended or supplemented from time to time.

The headings are inserted for convenience of reference only and will not affect the interpretation of these Terms and Conditions.

In these Terms and Conditions, reference to any other document will be construed as references to that document as in force the time being and as amended, supplemented or substituted.

The use of the word **including** means **including without limitation**.

Words and expressions used in these Terms and Conditions in capitals and not defined will have the meanings given to them in the Final Terms unless the context otherwise requires or unless otherwise stated.

DEFINITIONS

In these Terms and Conditions, unless the context otherwise requires, the following definitions will apply:

1. UNDERTAKINGS OF THE ISSUER

The undertakings in this Condition 1 remain in force for so long as any of the Notes are outstanding.

1.1 Authorisations and compliance with laws

The Issuer will promptly obtain, comply with and do all that is necessary to maintain in full force and effect any authorisation required under any law or regulation of Latvia to enable it to perform its obligations under the Notes or own title in the Loan Receivables, and carry on its business as it is being conducted. The Issuer will comply in all respects with all laws to which it is subject.

1.2 Negative covenants

Other than in connection with the Notes or as provided in the Base Prospectus, the Issuer will not:

- (a) sell, transfer, create any security over or otherwise dispose of any of the Loan Receivables;
- (b) incur or permit to be outstanding any financial indebtedness;
- (c) be the creditor in respect of any loan or any form of a credit to any person, other than the Lending Company or as permitted under the Transaction Documents;
- (d) give or allow to be outstanding any guarantee or indemnity to or for the benefit of any person in respect of any obligation of any other person;
- (e) carry on any business other than as a special-purpose pass-through undertaking established for the purpose of issuing and offering Notes, which are backed by the

Loan Receivables, to Investors on the Platform; or

- (f) use the Issuer's Account for any purpose other than as provided in these Terms and Conditions and the Transaction Documents.

2. GENERAL

- 2.1 The Issuer under these Terms and Conditions together with the corresponding Final Terms has authorised the creation, issue and sale of the Notes to provide funds to the Issuer to purchase Loan Receivables in accordance with the Purchase Agreement. The issue of Notes on the Issue Date specified in the Final Terms will correspond to the Issuer obtaining title to the Loan Receivables with a total amount equal to the Aggregate Nominal Amount.
- 2.2 Subject to Condition 25, the Issuer will obtain the title to the Loan Receivables on the condition that Mintos has determined that it has all the data it requires in relation to the Loan Receivables in accordance with the Purchase Agreement and the Transfer Document. The condition in no case implies either the Issuer or Mintos has any obligation to examine, verify or assess such data, including, through the use of any documentary evidence.
- 2.3 In each case where amounts of principal, Interest, other return and additional amounts (if any) are payable in respect of the Notes, the obligations of the Issuer to make any such payment will constitute an obligation only to account to the Noteholders on each date on which such amounts are due, for an amount equal to amounts of principal, Interest, other return and additional amounts (if any) actually received by the Issuer in relation to the Series Specific Loans.
- 2.4 Neither the Issuer nor Mintos are liable to make any payments in respect of the Notes other than as expressly provided in these Terms and Conditions.
- 2.5 Save for any fees payable to the Lending Company, Mintos and the Backup Servicer (if any), so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer of the Notes.

3. STATUS

- 3.1 The Notes constitute direct, general, unsubordinated and limited recourse debt obligations of the Issuer, which rank *pari passu* among themselves; and at all times these obligations rank at least *pari passu* with all other present and future direct, general, unsubordinated and limited recourse obligations of the Issuer arising from the present and further Series, except for those obligations as may be preferred by applicable law.
- 3.2 No proprietary or other direct interest in the Issuer's rights under or in respect of any of the Transaction Documents, the Purchase Agreement, the Transfer Document, the Guarantee Agreement, the Pledge Agreement (if any) and the Loan Receivables, exists for the benefit of the Noteholders. Subject to these Terms and Conditions, no Noteholder will and will have any right to enforce any of the Transaction Documents and the Loan Receivables, or any direct recourse to any of the Lending Company, the Borrowers, the Guarantor (if any) and the pledgor under the Pledge Agreement (if any).

4. FORM

The Notes are issued by the Issuer in registered form which are deposited and held as book-entry with Mintos.

5. ISSUE OF NOTES

The Notes are issued on the Issue Date in the Aggregate Nominal Amount, the Specified Denominations and the Specified Currency as specified in the Final Terms.

6. REGISTER, TITLE AND TRANSFERS

- 6.1 Mintos maintains an electronic register of Noteholders in accordance with the Cooperation Agreement. No certificates will be issued to any Noteholder in respect of its holding.
- 6.2 Each Noteholder will (except as otherwise required by law) be treated as the absolute owner of any relevant Note for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust, nomineehip or any other interest in the Note), and no person will be liable for so treating the Noteholder.
- 6.3 The Notes are held and freely transferred only between the financial instrument accounts at Mintos of Noteholders. No application has been or will be made to trade the Notes on any regulated market or any other trading venue, other than the Platform.
- 6.4 A transfer of any Note between the Noteholders may be affected by Mintos which may require as conditions to the transfer of (a) provision of documents and information, (b) payment of any transfer fee and (c) payment of any tax or other governmental charges, in each case, by the relevant Noteholder in accordance with terms and conditions of the Platform.

7. PRIORITY OF PAYMENTS

All funds received by the Issuer in relation to the Series Specific Loans, irrespective whether indicated as corresponding to the relevant Series Specific Loan or not, to the extent legally permitted, will be applied by the Issuer in the following order of priority:

- (a) *first*, in or towards payment of any amounts owed by the Issuer to any tax authority and required to be paid by the Issuer under or pursuant to the Notes;
- (b) *second*, in payment or satisfaction of all fees and penalty fees then due and unpaid to Mintos by the Lending Company under the Cooperation Agreement;
- (c) *third*, in or towards payment or satisfaction of all amounts then due and unpaid as commissions, fees, costs, charges, expenses and liabilities incurred or payable for servicing of the Loan Receivables if (i) the Issuer or any person designated by the Issuer has taken over the servicing of the Loan Receivables or (ii) any event of default of the Lending Company has occurred under any of the Transaction Documents and the Issuer acts for the purposes of recovery of funds includes filing a claim in the liquidation, insolvency or other administrative proceedings of the Lending Company, or enforcing any legal rights;
- (d) *fourth*, in or towards payment or satisfaction of any costs, including legal fees, for any action to recover funds, collect or restructure payment obligations, or taking any other actions to receive the Loan Receivables;
- (e) *fifth*, in or towards payment or discharge of all amounts which are due to the Backup Servicer, if any;
- (f) *sixth*, to the Noteholders in or towards the payment or discharge of all amounts of

Interest and principal (Late Payment Interest or penalty fee or other assigned claim, if any, in the order that is set forth with respect to the particular Loan Receivable) then due and payable under or in respect of Series, Repurchase prices and/or Buyback Obligation prices, unless the Buyback Obligation price is discharged next according to 7 (g) below. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest Payment Event to the Series Specific Loan having newest Payment Event, and then applying pro rata approach on each particular Series level; and

- (g) *seventh*, to the Noteholders in or towards the payment of the Buyback Obligation price, if the Lending Company is late in making payments due to the Issuer for 14 (fourteen) days or another period that the Issuer finds material. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest buyback related Payment Event to the Series Specific Loan having newest buyback related Payment Event, and then applying pro rata approach on each particular Series level; and
- (h) *eight*, to the Noteholders in or towards the payment of Notes' pro-rata portion of the Pending Payments Penalty Fee (if any). Such pro-rata portion shall be applied towards all impacted Series.

Neither the Issuer nor Mintos will be liable for applying the Priority of Payments, including for any minor errors, pursuant to Condition 25.

8. INTEREST

8.1 *Payment of Interest*

Each Note bears Interest from (and including) the date on which the Note is subscribed by the Noteholder. Interest will be calculated in accordance with Conditions 8.2 and 8.3, and payable in the Specified Currency in arrears on each Interest Payment Date.

8.2 *Accrual of Interest*

The Interest payable on any Interest Payment Date in respect of each Note is as follows:

Loan Interest Rate X Series Specific Loan Principal Amount Outstanding X Day Count

Where:

Series Specific Loan Principal Amount Outstanding, is the principal amount of the Series Specific Loans which is scheduled to be outstanding (even if the principal amount is redeemed later) on the day immediately before the Loan Interest Payment Date which is immediately before the Interest Payment Date.

Day Count, unless otherwise specified in the Final Terms, the actual number of days in the immediately preceding Interest Accrual Period, divided by 360.

8.3 *Accrual of Late Payment Interest*

The Late Payment Interest (if specified as being applicable in the Final Terms) payable on any day on which the Issuer receives the Principal Amount Due in respect of each Note is as follows:

Late Payment Interest Rate X Principal Amount Due X Day Count

Where:

Principal Amount Due, is the principal amount of a Series Specific Loan which was due on the Loan Repayment Date but not paid under the relevant Series Specific Loan provided that there will be no Principal Amount Due if paid within the Grace Period; and

Day Count, unless otherwise specified in the applicable Final Terms, the actual number of days from (but excluding) the day on which the Principal Amount Due becomes due to (but excluding) the day on which the Issuer receives the Principal Amount Due or, if the Buyback Obligation or Repurchase applies, the relevant Payment Event, divided by 360.

Any payment of Interest or Late Payment Interest will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

9. PRINCIPAL REDEMPTION

9.1 *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified in these Terms and Conditions, each Note will be redeemed at the then Principal Amount Outstanding on the Maturity Date.

9.2 *Early Redemption*

A proportion of the Principal Amount Outstanding of the Notes will be redeemed *pro rata* on each Redemption Date and at any other time any principal payment from any of the Series Specific Loans is received by the Issuer, without any prior notice to Noteholders. The Principal Amount Outstanding of the Notes redeemed will be in the same proportion as the proportion that the principal payment received by the Issuer has to the total principal amount outstanding of all the Series Specific Loans immediately before the principal payment. Any accrued but unpaid Interest associated to that proportion of the Principal Amount Outstanding of the Notes being redeemed will be paid at the same time. For the avoidance of doubt if the Principal Amount Outstanding of the Notes is redeemed, the nominal amount of each Note (as specified in Final Terms) is constant and remains unchanged.

Any repayment of the Principal Amount Outstanding will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

10. INTEREST AND PRINCIPAL DETERMINATION

10.1 Mintos determines (a) the amount of Interest and the Late Payment Interest (if any) payable in accordance with Condition 8 for each Interest Payment Date and (b) the amount of principal payable in accordance with Condition 9 on each Redemption Date and the Maturity Date, on its review of the following information:

- (i) the Payment Events which have arisen;

- (ii) aggregate payment amounts paid by the Borrowers (or by the Lending Company and/or the Servicer on behalf of the Borrower in respect of certain Interest payments, if it is stipulated in the Cooperation Agreement) which have been received from the Lending Company and any amounts paid by the Borrowers that the Lending Company is allowed to retain until the final maturity of the Loan Receivable;
 - (iii) the Buyback Obligation and Repurchase which have arisen; and
 - (iv) the amounts then due and owed by the Issuer according to the Priority of Payments on the Interest Payment Date, the Redemption Date or the Maturity Date.
- 10.2 On each Interest Payment Date, each Redemption Date and the Maturity Date, Mintos on the Issuer's behalf will direct the payment of Interest and principal amounts to the Noteholders in accordance with Condition 11.
- 10.3 If after application of the Priority of Payments the Issuer has insufficient funds on any Interest Payment Date, any Redemption Date or the Maturity Date to make a payment of Interest or principal in full as required by Conditions 8 and 9, on behalf of the Issuer, Mintos at its sole discretion may decide that the Issuer pays part of the amount due or defers the payment until the full amount due is available, and such partial payment or deferral will not constitute an Event of Default under these Terms and Conditions.
- 10.4 All determinations, calculations and adjustments made by Mintos will be made in conjunction with the Issuer and will, in the absence of manifest error, be conclusive in all respects and binding upon the Issuer and all Noteholders.

11. PAYMENTS

11.1 *Payments of Interest and principal*

Subject to Conditions 7 and 12, the Issuer will, from any Available Distribution Amount:

- (a) pay the Interest on the Notes in accordance with Condition 8 on each Interest Payment Date; and
- (b) redeem the Notes in accordance with Condition 9 on each Redemption Date and the Maturity Date.

11.2 *Notes contingent payments*

All payments of Interest and principal by the Issuer under the Notes are dependent on the Issuer having received information on the Payment Event and the Available Distribution Amount being sufficient to make the relevant payments in accordance with the Priority of Payments. The Notes will not give rise to the Issuer having any payment obligation in excess of the foregoing.

Any overdue payment of Interest or principal under any of the Series Specific Loans that have been collected by the Lending Company (including by its external debt collection agency) will be paid to the Issuer as an Available Distribution Amount which will be paid in accordance with the Priority of Payments on the date determined by the Issuer at its sole discretion.

11.3 *Pending Payments Penalty Fee*

If, following any Payment Event, the Lending Company delays any payments due to the Issuer under any of the Transaction Documents by more than 10 days, the Lending Company will pay to the Issuer the Pending Payments Penalty Fee.

11.4 *Loan extension*

The Lending Company may modify any of the Series Specific Loans without approval of the Issuer and the Noteholders, provided that payments from the relevant Borrower remain unchanged.

If 'Extension possibility' is provided in the Final Terms, the Lending Company may extend the repayment schedule of one or more Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer or the Noteholders provided that (a) there is no event of default under any of the Series Specific Loans, (b) any change is restricted by 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms and (c) any change is notified on the Platform to the Noteholders.

The Lending Company may also extend the repayment schedule of one or more Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal provided that any change is notified on the Platform to the Noteholders

11.5 *Loan Receivables subject to Buyback Obligation or Repurchase*

Any Loan Receivable subject to the Buyback Obligation or Repurchase will be repurchased by the Lending Company at a price equal to the outstanding principal amount of the Loan Receivable together with any accrued but unpaid Interest and any Late Payment Interest up to (but excluding) the repurchase date.

11.6 *Insufficient funds on the Maturity Date*

If any amounts on the Notes are outstanding on the Maturity Date, the Maturity Date will be automatically postponed to the date that is the earlier of (a) the date on which all amounts due and payable under the Notes are paid and (b) the date referred to in Condition 11.7, and Interest will not accrue on the Notes (other than Pending Payments Penalty Fee, if applicable) and any Available Distribution Amount will be paid to the Noteholders on a date as reasonably determined by the Issuer in accordance with the Priority of Payments.

11.7 *After the Maturity Date*

If on any date following the Maturity Date:

- (a) Mintos concludes following notification in writing from the Lending Company and/or the Servicer to the Issuer and Mintos and by API that the Lending Company has determined in good faith that there is no realistic prospect of collecting any further funds in accordance with its loan management and collection policies from the Series Specific Loans which are not subject to the Buyback Obligation nor Repurchase; or
- (b) the Issuer and Mintos determines in good faith that there is no realistic prospect of

collecting any further funds from the Lending Company and/or the Servicer if the Series Specific Loans are subject to the Buyback Obligation and/or Repurchase but the Issuer has not received the full amount due from the Buyback Obligation or Repurchase or, if earlier, on the 10th anniversary of the Maturity Date,

as of that date (i) all the Notes outstanding will be cancelled in full, (ii) the Issuer will be deemed to have fulfilled all its payment and other obligations to each of the Noteholders and (iii) no Noteholder will have any right in respect of any of the Notes.

11.8 *Payments to the Noteholders*

Any payments of Interest and redemption amounts in respect of the Notes will be made to the relevant Investment Account.

11.9 *Taxes*

All payments and/or deliveries in respect of the Notes made by or on behalf of the Issuer will be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be withheld or deducted.

The Issuer or Mintos will:

- (a) not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Noteholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted;
- (b) not be liable for or otherwise obliged to pay, and the relevant Noteholder will be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer (or agreement to transfer), any payment and/or any delivery (or any agreement for delivery) in respect of the Notes held by such Noteholder; and
- (c) have the right but will not be obliged (unless required by law), to withhold or deduct from any amount payable or, as the case may be, any delivery due to the relevant Noteholder, such amount or portion as will be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The Noteholders will agree to provide the Issuer and/or Mintos with all information and documentation required by the Issuer and/or Mintos, as the case may be, to satisfy any Latvian or other country tax or regulatory obligations at any time.

11.10 *Payments on Business Days*

If the due date for payment of any amount in respect of any Notes is not a Business Day, the Noteholder will not be entitled to payment of the amount due until the next succeeding Business Day in such place and will not be entitled to any further interest or other payment in respect of any such delay.

12. LIMITED RECOURSE AND NON-PETITION

- 12.1 Notwithstanding anything in the Base Prospectus, the obligations of the Issuer in respect of the Notes are limited recourse obligations which are payable solely from the sums of principal, Interest, other return and additional amounts (if any) actually received (and identified as such)

in relation to the Series Specific Loans.

- 12.2 All payments to be made by the Issuer in respect of the Notes will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer under the Series Specific Loans, subject always to the Priority of Payments.
- 12.3 In relation to any sums received or recovered, the Issuer (or Mintos on its behalf) will follow these Terms and Conditions in determining to which Series of Notes such sums relate and such determination will be binding on Noteholders of all Series in the absence of manifest error.
- 12.4 To the extent that the sums referred to in Condition 12.1 are less than the amount which the Noteholders may have expected and been entitled to receive (such difference being referred to as the **shortfall**), the shortfall will be borne by the Noteholders.
- 12.5 Each Noteholder, on subscribing or buying any Note directly, through a portfolio management service of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:
- (a) only the sums referred to in this Condition 12, and Conditions 7 and 11 will be available for any payments to be made by the Issuer in respect of the Notes;
 - (b) the sums which are attributable to another Series of Notes are only available in satisfaction of the obligations of the Issuer to such Noteholders;
 - (c) the obligations of the Issuer to make payments in respect of the Notes will be limited to the sums and the Noteholders will have no recourse to the Issuer, Mintos or their respective shareholders, directors, officers, employees, affiliates, successors or assigns in respect of the Notes for the shortfall;
 - (d) no Noteholder is entitled to proceed against the Issuer or Mintos for the shortfall;
 - (e) following the realisation and distribution of the net proceeds from the Loan Receivable corresponding to the Series Specific Loan in accordance with the Priority of Payments, the Noteholders or anyone acting on behalf of any of them will not be entitled to take any further steps against the Issuer or Mintos to recover any further sum and the right to receive any such further sum will be deemed as fulfilled; and
 - (f) no Noteholder will be entitled to petition or take any other step or join with any other person in bringing, instituting or joining, insolvency, winding-up, liquidation or bankruptcy proceedings (whether court-based or otherwise), or for the appointment of an examiner, liquidator or analogous person in relation to the Issuer, nor will it have any claim to, or in respect of any sum arising in respect of any assets of the Issuer.
- 12.6 Non-payment of the shortfall referred to in this Condition 12 will not constitute an Event of Default.
- 12.7 None of the shareholders of the Issuer, Mintos, the Lending Company, the Guarantor or the Backup Servicer (if any) has any obligation to any Noteholder for payment of any amount by the Issuer in respect of the Notes.
- 12.8 The provisions of this Condition 12 will survive redemption of the Notes.

13. PURCHASE

- 13.1 The Issuer may at any time purchase Notes at any price in the open market or otherwise.
- 13.2 Any Note purchased by the Issuer on the sole discretion of the Issuer may be either cancelled or sold to any investor on behalf of the Issuer by Mintos.

14. CANCELLATION

All Notes which are redeemed or cancelled may not be re-issued or resold.

15. PRESCRIPTION

Any and all claims against the Issuer for payment in respect of the Notes will be prescribed and become void unless made within 10 years from the date on which payment in respect of the Notes first becomes due.

16. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders create and issue further Series and further tranches of existing Series of Notes. A further tranche of an existing Series will:

- (a) be fungible with the Notes of that existing Series;
- (b) have the same terms and conditions as the Notes of that Series except for the Aggregate Nominal Amount, the Issue Date, the Issue Price, the Interest Accrual Periods, the first Interest Payment Date and the first Redemption Date; and
- (c) be consolidated and form a single Series with that existing Series of Notes, and references in these Terms and Conditions to Notes will be construed accordingly.

17. EVENTS OF DEFAULT

- 17.1 Any of the following events will constitute an event of default under the Notes (each, an **Event of Default**):
- (a) if any order is made by any competent court or any resolution passed for the winding-up or dissolution (including any bankruptcy, insolvency, voluntary, forced or judicial liquidation, composition with creditors, a reprieve from payment, controlled management, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer (save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangements); or
 - (b) formal notice is given of an appointment an administrator (including any receiver, liquidator, auditor, verifier), provisional administrator; or
 - (c) any application is made, or petition is lodged, or documents are filed with the court or administrator in relation to the Issuer for the actions, proceeding or procedures specified in paragraphs (a) or (b) above, unless such proceedings or petitions are disputed in good faith and are discharged, stayed or dismissed within 90 calendar days of commencement.

- 17.2 The Issuer is obliged to inform Mintos immediately if any Event of Default should occur. Should Mintos not receive such information, Mintos is entitled to assume that no Event of Default exists or can be expected to occur, provided that Mintos does not have knowledge of any Event of Default. Mintos is under no obligation to make any investigations relating to any Event of Default. The Issuer will, at the request of Mintos, provide Mintos with details of any Event of Default and provide Mintos with all documents that may be of significance for the application of this Condition 17.
- 17.3 If Mintos has been notified by the Issuer or has otherwise determined that there is an Event of Default, Mintos will, within 20 Business Days of the day of notification or determination, notify the Noteholders according to Condition 20.
- 17.4 Upon the occurrence of an Event of Default, Notes are repaid according to the terms and conditions stipulated by this Base Prospectus and relevant Series Final Terms, unless otherwise required by a rule of the law.
- 17.5 Mintos, subject to the Noteholders indemnifying and holding Mintos harmless from any reasonable expenses, loss or liability, will take every reasonable measure necessary to recover the amounts outstanding under the Notes according to their terms and conditions and Transaction Documents. Mintos will in each case inform the Noteholders about the costs which should be compensated prior to requesting any indemnification. In any case Mintos will charge this compensation of costs only up to the recovered amount. Mintos will not ask for compensation of costs for its in-house staff and resources.
- 17.6 For the avoidance of doubt, if any payment is not made by the Issuer because the Issuer has not received the relevant amounts under the Series Specific Loans so that the Available Distribution Amount after application of the Priority of Payments is not enough to make payments due under the Notes in full, the occurrence of such event will, as such, not constitute an Event of Default.

18. MEETING OF NOTEHOLDERS

18.1 *General provisions*

The Issuer from time to time may convene a meeting of the Noteholders (the **Noteholders Meeting**) to adopt resolutions on certain matters. The Issuer at its own discretion decides which matters will be reserved for passing at the Noteholders Meeting.

These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the Noteholders Meeting or in respect of the relevant resolution and Noteholders who voted in a manner contrary to the majority. As a result, Noteholders may be bound by a change to these Terms and Conditions or by some other decision that affects Noteholders' investment in the Notes even though they have not agreed to such change.

The Noteholders Meeting may adopt its resolutions in one of the two forms as chosen by the Issuer:

- (a) at a meeting held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote using ballots provided; or
- (b) by absentee voting (without attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote).

The Noteholders Meeting will be chaired, and minutes taken by a representative of Mintos.

18.2 *Resolutions of the Noteholders Meeting*

Matters put to the vote at a Noteholders Meeting and its agenda will be decided by the Issuer.

The Noteholders may neither pass resolutions on the matters not included in its agenda nor amend the agenda.

Resolutions passed by the Noteholders Meeting and voting results will be provided to the persons eligible to participate in the Noteholders Meeting in a report, which will be disclosed to the Noteholders as per the procedure prescribed with regard to sending notices of the Noteholders Meeting, within 5 Business Days after the closing date of the meeting or the final date for submitting the voting ballots in case of absentee voting. However, the failure to do so will not invalidate the resolution.

The resolution will be binding on all the Noteholders, whether or not present at the Noteholders Meeting and each of them will be bound to give effect to it accordingly.

18.3 *Information on holding a Noteholders Meeting*

The Issuer will notify the Noteholders about the Noteholders Meeting in accordance with the procedure below.

A notice of the Noteholders Meeting (the **Notice**) will be given according to Condition 20 no later than 10 days in advance.

The Notice will be given to the Noteholders registered on the date of the Notice in the electronic register of Noteholders maintained by Mintos.

The Issuer may decide not to publish the Notice on the Platform. In such a case within the time specified in this Condition 18.3 the Issuer will send the Notice to the Noteholders by email.

The Issuer may at its own discretion make available information to the Noteholders entitled to participate in the Noteholders Meeting as part of preparations for the Noteholders Meeting.

18.4 *Quorum at a Noteholders Meeting*

A Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 50% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

The number of votes for each Noteholder equals the Principal Amount Outstanding in the respective Series on the date of the Notice.

When a Noteholders Meeting is held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote, the Noteholders registered to

participate in the Noteholders Meeting and the Noteholders whose ballots have been received no later than 2 days before the meeting will be deemed to have participated in the meeting.

When a Noteholders Meeting is held in the form of absentee voting, the Noteholders whose ballots have been received before the final date for submitting the ballots will be deemed to have participated in the meeting.

Where there is no quorum for a Noteholders Meeting, a second Noteholders Meeting will be held with the same agenda. Such second Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 30% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

Subject to the quorum being present, the decisions on the Noteholders Meeting agenda will be adopted per each item of the agenda by the majority from the total amount of votes provided.

18.5 *Voting ballots*

Ballots for voting at a Noteholders Meeting will be sent together with the Notice according to Condition 18.3.

Ballots for voting will be in the English language.

Voting could be convened as an e-voting through filling-out an electronic voting ballot through the interface of the Platform.

Noteholders included in the list of those entitled to participate in the Noteholders Meeting other than the Noteholders Meeting held in the form of absentee voting, or their representatives, may register to participate or forward their completed ballots to the Issuer. Voting ballots will be counted towards the calculation of the quorum and voting results if received by the company no later than 2 days before the Noteholders Meeting.

The voting ballot will contain the information about the Noteholders Meeting including but not limited to:

- information about the Issuer, including address and contact person;
- details identifying the Series of Notes;
- form of the Noteholders Meeting (attendance or by absentee voting);
- date, place and time of the Noteholders Meeting if it is held in the form of attendance of the Noteholders;
- Principal Amount Outstanding; and
- voting options for each item on the agenda, expressed as “for”, “against”, or “abstained”, and the indication that the voting ballot must be signed by a person entitled

to participate in the Noteholders Meeting or its representative unless convened by e-voting.

When voting by ballots, only those voting ballots are counted where for each item only one voting option is selected. The voting ballots completed in breach of the aforementioned requirement will be deemed invalid. However, if there are several items put to the vote on the voting ballot, breach of the aforementioned requirement with respect to one or several items will not affect the validity of the remaining ballot. If a voting ballot is rendered invalid with respect to voting on one, several or all items included in such ballot, the votes so cast in such ballot will not be excluded from the calculation of the quorum. If a voting ballot is rendered invalid, the votes on the items contained in the voting ballot will not be counted.

18.6 *Counting*

The counting functions will be performed by Mintos, which will check the powers of, and register the participants in a Noteholders Meeting, determine the quorum at a Noteholders Meeting, count the votes and determine the voting results, draw up the voting minutes and hand over the voting ballots to the archive.

19. SUBSTITUTION

19.1 The Issuer or any previous substitute company may be substituted by any other company as principal obligor under all of the Notes then outstanding provided that such substitution would not be materially prejudicial to the interests of the Noteholders and subject to the other Terms and Conditions being complied with, including with provisions of the Transaction Documents, and further provided that Latvijas Banka has given its prior consent to such substitution if any needed according to the applicable law.

19.2 By subscribing to, or otherwise acquiring, the Notes, the Noteholders expressly consent to the substitution of the Issuer and to the release of the Issuer from any and all obligations in respect of the Notes and any relevant agreements and are expressly deemed to have accepted such substitution and the consequences of such substitution.

19.3 Any such substitution will be notified to Noteholders in accordance with Condition 20.

20. NOTICES AND PROVISION OF INFORMATION

20.1 Notices to the Noteholders will be given upon sole discretion of the Issuer in the English language and/or any other language the Issuer deems fit for such purposes and will be given by using one or several communication channels:

(a) emailed to respective email addresses in the register of Noteholders and deemed to have been given within 24 hours after the dispatch; and

(b) delivered to Mintos for further communication to the Noteholder according to the services provision agreement between Mintos and the Noteholder (including times when deemed to have been duly given).

20.2 Any notices, demands, claims or other communication to the Issuer by any Noteholder will be in the English language and will be given by using one of the following communication channels:

(a) delivered by hand or courier and deemed to have been given on the same day of delivery; and

- (b) delivered by registered mail and deemed to have been given on the 10th calendar day following the date indicated on the stamp by the postal service provider on the acceptance of a registered letter.
- 20.3. For the purposes of Condition 20.2 notices or other communications addressed to the Issuer will be given to Mintos, serving as an agent for this purpose:

AS Mintos Marketplace
50 Skanstes Street, Riga, LV-1013, Latvia
For the attention of SIA Mintos Finance No. 24

21. AGENTS

- 21.1 Mintos acts solely as an agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, any Noteholder.
- 21.2 The Issuer subject to the provisions of the Transaction Documents reserves the right at any time to vary or terminate the appointment of Mintos, the Lending Company and any other party to any of the Transaction Documents.

22. FORCE MAJEURE

Neither the Issuer nor Mintos will be responsible for any failure to perform any of its respective obligations under these Terms and Conditions which is due to any reason that is independent of that person's will and has resulted from a *force majeure* event. A *force majeure* event will apply only and solely if that person has taken all steps that depend on it in order to perform the obligation. Once the *force majeure* event has finished, that person must immediately resume the performance of the obligation. The following circumstances will be considered as *force majeure* events:

- (a) extraordinary and unavoidable circumstances including natural disasters, fire, flood, earthquake, warfare, terror acts, riots and strikes;
- (b) technical failures, delays or malfunctions; failure of computers, communications systems, hardware and/or software; power supply malfunctions; or other critical infrastructure malfunctions, which neither the Issuer nor Mintos could have prevented or predicted;
- (c) decisions and/or activities of local and/or foreign public authorities, and/or international organisations;
- (d) entry into force, amendments and/or suspension of a statutory act binding on either the issuer or Mintos affecting the performance of obligations under these Terms and Conditions; and
- (e) any circumstance defined as a *force majeure* circumstance in any of the Transaction Documents.

23. GOVERNING LAW AND JURISDICTION

- 23.1 The Notes (and any non-contractual obligations arising out of or in connection with the Notes) are governed by and will be construed in accordance with the law of the Republic of Latvia.

- 23.2 The courts of the Republic of Latvia are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including any disputes relating to any non-contractual obligations arising out of or in connection with the Notes) and accordingly any legal action or proceedings arising out of or in conjunction with the Notes may be brought in such courts. The Issuer and each of the Noteholders irrevocably submits to the jurisdiction of such courts.

24. AMENDMENTS AND MODIFICATIONS

To comply with any applicable law, the Issuer may validly amend or supplement these Terms and Conditions by publishing the changed Terms and Conditions on the Platform without the consent of the Noteholders.

25. LIMITATION OF LIABILITY, AND REPRESENTATION AND WARRANTIES OF THE NOTEHOLDER

- 25.1 Notwithstanding anything in the Base Prospectus, other than with respect to gross negligence or wilful misconduct by the Issuer and/or Mintos, neither the Issuer nor Mintos will be held liable by any Noteholder for:
- (a) any material error, misrepresentation, omission or fraud by the Lending Company;
 - (b) failure of the Lending Company for whatever reason to inform the Issuer and/or Mintos of the Payment Event having occurred or for the information being inaccurate or wrong;
 - (c) the Loan Receivables; or
 - (d) determinations and decisions when distributing amounts under the Notes, including, when applying the Priority of Payments, deciding whether to defer payment or make a partial payment, relying upon or deciding if and when there is no realistic prospect of collecting further funds under a Series Specific Loan, including in the event of default of the Lending Company.
- 25.2 In any and all cases liability of the Issuer and/or Mintos to any Noteholder under these Terms and Conditions will be limited to the amount invested in the impacted Notes by the Noteholder.
- 25.3 Each Noteholder, on subscribing or buying any Note directly, through a portfolio management service of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:
- (a) the Issuer and Mintos do not make any representation or warranty in respect of, or will not at any time have any responsibility for, or, save as otherwise expressly provided in these Terms and Conditions, liability or obligation in respect of the performance and observance by any Borrower of its obligations under the relevant Series Specific Loan, the Lending Company of its obligations under the Cooperation Agreement, the Guarantor (if any) of its obligations under the Guarantee Agreement and/or by the pledgor (if any) of its obligations under the pledge agreement, or the recoverability of any sum of the principal, Interest, other return or any additional amounts (if any) due or to become due from any Borrower, the Lending Company, the Guarantor (if any) and/or the pledgor (if any);
 - (b) the Issuer and Mintos will not at any time have any responsibility for, or obligation or liability in respect of, the condition, financial or otherwise, covenant, creditworthiness,

affairs, status or nature of any Borrower, the Lending Company, the Guarantor (if any), the pledgor (if any) or any other person;

- (c) the Issuer and Mintos will not at any time be liable for any representation or warranty, or any act, default or omission of any Borrower, the Lending Company, the Guarantor (if any), the pledgor (if any) or other person;
- (d) the Issuer will not at any time have any responsibility for, or liability or obligation in respect of, the performance and observance by Mintos of its obligations under the Transaction Documents or any other agreement entered or to be entered into by and between the Noteholders and Mintos;
- (e) financial servicing and performance of the terms of the Notes depend upon both the performance by each Borrower of its obligations under the Series Specific Loan, its duties to make payments under the Series Specific Loan and its credit and financial standing, and the performance by the Lending Company, the Guarantor (if any) and/or the pledgor (if any) of their respective contractual obligations towards the Issuer and Mintos as well as their respective credit and financial standing;
- (f) the Notes, which the Noteholder has or will acquire, reflect the performance of the relevant Series Specific Loans. The Noteholder has no direct recourse to any of the Series Specific Loans or the corresponding Loan Receivables. Once the Loan Receivables have been realised according to these Terms and Conditions, the Noteholder is not entitled to take any further steps against the Issuer or Mintos to recover any further sums due and the right to receive any such sum will be extinguished. The Noteholder accepts not to attach or otherwise seize any of the assets of the Issuer. In particular, the Noteholder will not be entitled to petition or take any step for the winding-up, the liquidation or the bankruptcy of the Issuer or any similar insolvency-related proceedings and such petition or action will be treated as null and void as from its initiation time; and
- (g) the Investment Accounts will be opened and be held by the Noteholder fully operational with Mintos while the Noteholder holds any Notes.

12. TAXATION

The information provided in this section will not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances. The following is a general summary of certain tax considerations in the Republic of Latvia in relation to the Notes. It is not exhaustive and does not purport to be a complete analysis of all tax consequences relating to the Notes, as well as does not take into account or discuss the tax implications of any country other than the Republic of Latvia.

Tax laws of the Noteholder's country of residence for taxation purposes and of the Issuer's country of residence may have an impact on the income received from the Notes.

This summary is based on the laws of Latvia as in force on the date of this Base Prospectus and is subject to any change in the law that may take effect after such date, provided that such changes could apply also retroactively.

Latvia has entered into a number of tax conventions on elimination of the double taxation (hereinafter - DTT), which may provide a more favourable taxation regime. Therefore, if there is a valid DTT between Latvia and the country of tax residence of a prospective Noteholder, it should be also examined. The procedures for application of tax conventions are provided in the Republic of Latvia Cabinet of Ministers' Regulations No. 178 "Procedures for Application of Tax Relief Determined in International Agreements for Prevention of Double Taxation and Tax Evasion", adopted on 30 April 2001.

Taxation of the Issuer

The Issuer is a corporate income tax payer in Latvia. According to the Latvian tax law, the annual profit earned by entities in Latvia is not taxed. Instead, corporate income tax is paid on dividends, fringe benefits, gifts, donations, representation costs, non-business related disbursements and transfer pricing adjustments. The tax rate applicable is 20%, however, the taxable base is divided by the coefficient 0.8, thus the effective Corporate income tax rate is 25%.

Taxation of individual Noteholders

Resident individuals

An individual will be considered a resident of Latvia for taxation purposes if at least one of the following requirements is met:

- the declared place of residence of this person is in Latvia;
- the person stays in Latvia for at least 183 days for a period of 12 consecutive calendar months;
- the person is a Latvian citizen who is employed by the government of Latvia in a foreign country.

Following the Latvian tax laws the interest income received by the individual tax resident in Latvia is subject to tax at the rate of 25.5%. The interest income from the Notes for resident individuals will be subject to 25.5% personal income tax that will be withheld by the Issuer before the Interest payment is made by the Issuer to the Noteholder. The tax withheld by the Issuer is a final tax liability on the interest income received.

The income from the sale of the Notes is treated as an income similar to the interest income for Latvian personal income tax purposes and will be subject to 25.5% personal income tax and the tax is payable by the individual him/herself.

Non-resident individuals

An individual would be considered a non-resident of Latvia for taxation purposes in all cases unless he/she is a tax resident of Latvia. Interest income from the Notes received by the non-resident individual

is subject to a 5% withholding tax rate for investors who invest as private persons and are tax residents of the EU/EEA. For other individual investors and those who have not confirmed tax residence and not investing as a private person 25.5% withholding tax rate is applied. According to the general practice the tax withheld in Latvia might be deducted from the tax payable by the investor in his/her residence country (as tax paid abroad). However, we recommend consulting with the respective country's tax administration or tax adviser to clarify the procedure and documents required to perform such a deduction (if any).

The tax rate might be reduced based on the Double Tax Treaty between Latvia and the respective country. The list of the Double Tax Treaties concluded by Latvia is available [here](#).

The income from the sale of the Notes will be subject to 25.5% tax and the tax would be payable by the individual him/herself, if the buyer of the Notes is an individual or legal entity non-resident of Latvia.

Taxation of legal entity Noteholders

Resident legal entities

A legal entity would be considered a resident of Latvia for tax purposes, if established pursuant to Latvian law. Interest payments on the Notes and proceeds from the disposal of the Notes received by Latvian resident legal entities will not be subject to withholding tax in Latvia. Under the Latvian tax law retained earnings are exempt from corporate income tax and only profit distributions are taxed. Distributed gross profits are subject to the 20% profit tax. Corporate income tax on the net amount of profit distribution is determined by dividing the net amount with a coefficient of 0.8 (i.e., the effective tax rate on net distributed profit is 25%).

Non-resident legal entities

A legal entity would be considered a non-resident of Latvia for taxation purposes in all cases unless it is a tax resident of Latvia. The interest income and capital gains from the sale of the Notes for non-resident legal entities will not be taxable in Latvia (i.e. gross income will be paid), except if the income recipient is located, registered, or incorporated in a no-tax or low-tax country (so-called "tax havens"; if this is the case - 25.5% tax will be withheld by the Issuer in Latvia). The list of "tax havens" according to the Latvian law includes UK Anguilla, US Guam, US Samoa, US Virgin Islands, Russian Federation, Republic of Fiji, Republic of Palau, Republic of Panama, Independent State of Samoa, Republic of Trinidad and Tobago, Republic of Vanuatu. The list of mentioned countries and territories may be amended from time to time.

13. APPLICABLE FINAL TERMS

The form of Final Terms that will be issued in respect of each Series, subject only to the deletion of non-applicable provisions, is set out below.
