Dated 08.08.2022.

SIA Mintos Finance No.30

(incorporated as a limited liability company and registered in the Republic of Latvia with registration number 40203395795 and LEI: 98450057BYCECE0BRE39)

EUR 300 000 000.00 (three hundred million euro) Note Programme

Under this Programme, the Issuer may from time-to-time issue Notes denominated in any currency as determined by the Issuer. The Notes will be distributed by way of a public offer.

Notice of the aggregate nominal amount of the Notes, interest (if any) payable in respect of the Notes, the issue price of the Notes and any other applicable terms and conditions not contained in this Base Prospectus which are applicable to the Notes will be set out in the applicable Final Terms.

Notes will be issued in registered form. The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 300 000 000.00 (three hundred million euro) (or its equivalent in other currencies).

Any payment under the Notes is dependent on, and limited to, a pool of certain Loans.

This Base Prospectus has been approved as a base prospectus by the FCMC, as competent authority under the Prospectus Regulation. The FCMC has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the appropriateness and suitability of investing in the Notes.

This offer is made only in Latvia under this Base Prospectus.

During the validity period of this Base Prospectus the Issuer plans to request that the FCMC provides competent authorities under the Prospectus Regulation in Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain and Sweden with a certificate of approval attesting that this Base Prospectus has been drawn up following the Prospectus Regulation. When such certificate shall be obtained, the Issuer shall ensure that Mintos provides information about it on the Platform. Such certificate, if and when received, should not be considered as an endorsement of the Issuer or the quality of the Notes.

This Base Prospectus will be valid for a period of up to 12 months after its approval by the FCMC. The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes. The obligation to prepare a supplement to this Base Prospectus or publish a new Base Prospectus in the event of any significant new factor, material mistake or inaccuracy will cease to apply upon the expiry of the validity period of this Base Prospectus.

The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed in the section entitled '2. RISK FACTORS' of this Base Prospectus.

Capitalised terms used in this Base Prospectus have the meaning given to them in the section entitled 'GLOSSARY' of this Base Prospectus.

1. GENERAL DESCRIPTION

○ What is Mintos?

Mintos established an online platform for investing in loans in 2015. Through the Platform, owned and operated by Mintos, Mintos provides investors with convenient means to invest in loans issued by various lending companies around the world. In May 2022 on the Platform investments in loans were started being offered via financial instruments called notes.

At the end of June 2022, Mintos has over 480,000 registered users, and Mintos is working with more than 64 lending companies from 31 countries, offering investment opportunities in 6 currencies.

Since Mintos was founded, investors through the Platform have invested more than EUR 8 billion.

Mintos is authorized as an investment firm by the FCMC. See the section entitled '6. Mintos' of this Base Prospectus for more information.

○ What are Notes?

Notes are financial instruments issued by the Issuer via Mintos to Investors, which allows Investors to invest in Loans issued by the Lending Company to Borrowers.

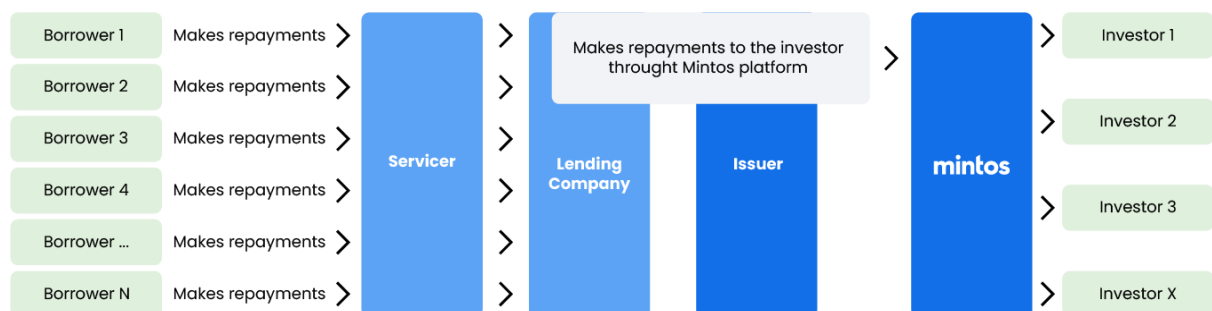

The Issuer is a special purpose legal entity established for the purposes of:

- purchasing Loan Receivables from the Lending Company;
- pooling those Loan Receivables for a particular Series of Notes; and
- issuing those Notes to Investors via Mintos.

See the sections entitled '5. THE ISSUER' and '7. THE LENDING COMPANY' of this Base Prospectus for more information.

○ The flow of funds for repayment

Each time a Borrower makes repayments to the Servicer that then transfers those funds to the Lending Company, then the Lending Company transfers the funds to the Issuer, which in turn makes repayments under the relevant Series of Notes to the relevant Investor via Mintos. The repayments are received into the relevant Investment Account.

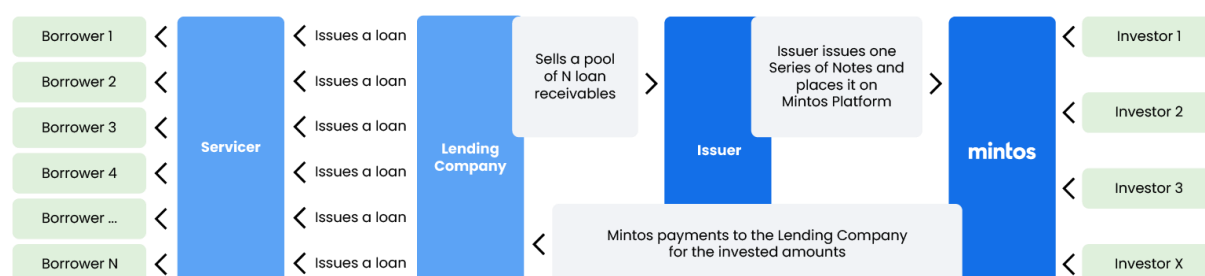

This means that if the Borrower makes:

- the repayments to the Servicer later than scheduled, the repayments to the Investor will also be correspondingly delayed; and
- no repayments at all and the Servicer and/or the Lending Company is not able to recover anything from the Borrower, no repayments will be received by the Investor.

The Lending Company may provide a Buyback Obligation for Loan Receivables, which means that if any repayment by the Borrower is delayed by more than 60 days, the Lending Company is obliged to repay the Loan Receivables together with any interest. In this situation, the Investor will be exposed to the credit risk of the Lending Company. See section entitled '2. RISK FACTORS – *RISKS SPECIFIC TO LOAN SERVICING* – Insolvency of the Lending Company'.

○ *The flow of funds for investment*

The Lending Company issues Loans via Servicer to Borrowers, and then sells the relevant Loan Receivables to the Issuer. The Issuer issues a Series of Notes corresponding to these Loan Receivables to Investors via Mintos. When an Investor purchases any Note of the Series, the Investment Accounts are credited with the Note and debited with the purchase price of the Note. The purchase price is transferred to the Lending Company.

Note: Lending Company issues the Loan directly to Borrower; Servicer provides only the fund transfer to the Borrower.

2. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these risk factors and events are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

Although the most material risk factors have been presented first within each category, the order in which the remaining risks are presented is not necessarily an indication of the likelihood of the risks actually materialising, the potential significance of the risks or the scope of any potential negative impact to the Issuer's or the Lending Company's business, financial condition, results of operations and prospects. The Issuer and/or the Lending Company may face a number of these risks described below simultaneously. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section.

The Issuer believes that the factors described below represent the material risks inherent to investing in the Notes, but the inability of the Issuer or the Lending Company to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the statements below regarding the risks of investing in any Notes are not exhaustive. Other risks, events, facts or circumstances not included in this Base Prospectus, not presently known to the Issuer, or that the Issuer at the date of this Base Prospectus deems to be immaterial could, individually or cumulatively, prove to be important and may have a significant negative impact on the Issuer's or the Lending Company's business, financial condition, results of operations and prospects. Prospective investors should carefully review the entire Base Prospectus and should form their own views before making an investment decision with respect to the Notes.

Before making an investment decision with respect to any Notes, prospective investors should consult their own lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

○ **RISKS SPECIFIC TO THE UNDERLYING LOANS**

1. The Borrowers may not make payments according to the agreed schedule or may default on their obligations altogether

The Notes are linked to the pool of underlying Loan Receivables, which means that if any of the Borrowers do not make a payment on time, then the Noteholder will also not receive a payment on time. For example, if a Borrower makes a repayment a week later than the agreed schedule, the Noteholder will also receive the repayment a week later. Furthermore, if a Borrower makes no repayment at all and the Servicer and/or the Lending Company is not able to recover anything from the Borrower, the Noteholder will also not receive any further repayments unless, if applicable, the Loan is sold with the Buyback Obligation.

The Lending Company may decide to offer additional compensation to the Noteholder in the form of interest income on delayed payments or penalty income. A Loan Agreement with the Borrower may contain a grace period, which is a period immediately after a scheduled payment date during which a late fee is waived provided that the obligation is satisfied during the grace period. Interest income on delayed payments and penalty income would not be paid to the Noteholder for the grace period.

The Lending Company also has the option to offer the Loan Receivable with the feature of Buyback Obligation which means that the Lending Company is obligated to repurchase the Loan Receivables if the Borrower has failed to pay more than 60 days after the scheduled repayment date. While this feature could reduce the potential loss for the Noteholder due to the Borrower failing to make repayments, the Buyback Obligation is only as strong as the company providing this obligation. If the Lending Company fails to honour its obligation, the Noteholder is still exposed to the risk of the underlying Borrower not making repayments.

While the probability of any Borrower missing repayments or defaulting depends on many factors, such as payment amount, the income of the Borrower, and repayment term, it is important to point out that these probabilities are never zero. Due to this, the Notes are only suitable investments for Investors who have the appropriate knowledge and experience and are in a financial situation that allows them to lose part or even all of the money invested in Notes.

Overall, a Borrower not making repayments in full, or defaulting could be caused by a variety of factors, including, but not limited to:

- **The Borrower overestimates its ability to repay** - each Borrower should evaluate its current and future financial position itself and assess its ability to repay. For various reasons, the Borrower could overestimate its future cash flows and borrow more than it will be able to repay.
- **Limitations of initial risk scoring** - the Lending Company has developed its own method for scoring customer credit risk that relies on various information, which can be collected also from other parties than the Lending Company (e.g., credit rating agencies). There is a risk that the information could be wrong or outdated, or that the scoring method is not sufficient.
- **Unexpected events** - reasons why the Borrower could miss a repayment, include loss of employment, a delay in receiving expected income, unexpected costs, or even disability or death.
- **Macroeconomic factors** - the credit risk scoring of the Lending Company makes assumptions about the client's ability to repay during normal economic conditions. A sudden change in macroeconomic factors could significantly impact the Borrower's ability to make repayments.
- **Other liabilities** - the underlying Loans that are linked to the Note usually do not restrict the Borrower from incurring additional unsecured or secured debt. Additional debt may adversely affect the Borrower's creditworthiness and could result in financial distress, insolvency or bankruptcy of the Borrower.
- **Loan issued in a different currency than the Borrower's income** - in some cases, the Loan that has been issued to the Borrower is in a different currency than the currency in which the Borrower earns income. Significant changes in the exchange rates or a local currency devaluation could impact the Borrower's ability to make repayments.

2. It may not be possible to recover the full principal and interest owed by the Borrowers, thus the Noteholder may not receive back its invested amount

While any recoveries from a Borrower are limited to the value of Borrower's assets (if any),

some jurisdictions may, set a lower limit that creditors may claim from the Borrower or define a list of the estate which is not allowed to be alienated for recovery purposes, thus reducing the maximum amount that could be covered from the Borrower.

The underlying Loans that are linked to the Note do not restrict the Borrowers from incurring additional unsecured or secured debt. This means that if the Loan is not secured by an asset and any funds from the Borrower are available for recovery, these funds could be allocated to various creditors, i.e., not only the Lending Company, but also other persons that the Borrower owns money to, such as local tax agency, state authorities, other lending companies and utility companies.

If the Loan is secured by an asset, the proceeds from the sale of the asset would be allocated proportionally to the Noteholders of the same Series and all other creditors whose receivables are secured by that asset (unless another allocation order applies under applicable law). In addition, the pledged asset (e.g., car, property) might lose its value and could be sold for an amount that is less than the amount due to the Noteholder, or the asset could be stolen, hidden, alienated, missing or damaged. There is also a risk that any pledge securing the Borrower's obligations under the Loan Agreement may become invalid or unenforceable due to a number of reasons, including, but not limited to, cases when legal relations arising from the loan documents are recategorized by the court of law, mistakes and omissions are made and/or due procedures are not followed when the pledge is formed. In that case, the obligations of the Borrower would become unsecured, and the credit risk significantly increases.

There could also be the case, especially where the amount of the Loan is low, that the expected collection and recovery costs might be higher than the debt itself, which means the collection and recovery is not economically reasonable, thus it would not be pursued.

In addition, the Loan Agreement may, for a variety of reasons, be challenged and thus the ability of the Lending Company to exercise its rights under the Loan Agreement may be delayed or otherwise hindered for an undefined term. The reasons for challenging the Loan Agreement could include errors in agreements, electronic form of agreement (while the legal form requirement might be met in principle by such electronic signature, its value as evidence in court proceedings in some jurisdictions could be less compared to an actual signature made by hand on a physical document), compliance with regulations, such as consumer protection laws, as well as borrower identify fraud cases.

Due to the reasons described above the Noteholder may experience delayed repayments or partial or full loss of the amount invested in Notes.

3. The Borrower may repay the Loan early

A Borrower may repay all or a portion of the remaining principal amount at any time without penalty. This may happen, for example, in cases where the Borrower can acquire lower cost financing from other sources and wishes to refinance the Loan. The Loan Agreement might be also terminated or cancelled in advance by the Lending Company, triggering the early repayment of the amounts due by the Borrower without penalty. While the Noteholder may invest the repaid money elsewhere, the return on the investments could be lower than the initially planned return.

4. The Borrower may face difficulties to repay the Loan in advance

A Borrower may breach the Loan Agreement, for example, the Borrower takes out additional loans without permission from the Lending Company or alienates the collateral, and the Lending

Company can therefore require early Loan repayment in full. A Borrower may lack necessary financial resources to make such advance payment, so this could lead to Borrower's debt restructuring or debt collection and result in the Noteholder experiencing delayed repayments or partial or full loss of invested amount under Notes.

- **RISKS SPECIFIC TO LOAN SERVICING**

1. The Servicer is not able to continue Loan servicing

Various factors can negatively impact the Servicer's ability to provide Loan servicing, which in turn could lead to delayed repayments to the Noteholder or even partial or full loss of the invested amount. Some of the factors are:

- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters, or pandemic, could significantly increase the non-performing Loans ratio.
- **Loss of the Servicer's licence/ authorization, if such is required by the local regulation** - In most countries provision of lending services requires a company to receive special approval/authorization. Licences can be revoked or otherwise lost for a number of reasons. Loss of a licence can negatively affect the Servicer's ability to continue its operations.
- **Freezing, seizing, or closing of the Servicer's operational bank account** - The account that the Servicer uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your customer (AML/KYC) breaches, sanctions violations, state authorities' arbitrary actions, insolvency of a bank/payments services provider. Inability to use the bank account could restrict the Servicer's ability to collect Borrowers' repayments and transfer funds to the Lending Company for an indefinite time, or even lead to insolvency/bankruptcy of the Servicer.
- **Changes in local regulation with regards to Loans already issued** - A legislative body of the country where the Servicer operates could introduce a Borrowers' moratorium (a legally authorised period of delay in the performance of a legal obligation or the repayment of a debt) or even full or partial debt (including interest and penalties) release.

2. No Backup Servicer may be available for servicing the underlying Loans if the Servicer is not able to continue Loan servicing

One of the key roles of the Servicer with respect to the Notes is to provide Loan servicing. There might be no backup servicer that could be appointed to take over the servicing from the current Servicer if needed. If there is an event of default or other circumstance that disrupts the due servicing of the Loans and administration of the Borrowers' debts by the Servicer and if at the time no backup solution for Loan servicing exists, the timeline and volumes of repayments could be significantly impacted, leading to a partial or full loss of amounts invested in Notes.

3. The Servicer may intentionally or unintentionally breach its contractual obligations

There is a risk that the Servicer performs actions that are in violation of the Transaction Documents, including the risk of fraud against the Lending Company, the Issuer and Mintos, resulting in the partial or full loss of amounts invested in Notes. Contractual breaches that may happen include, but are not limited to:

- **False or incomplete information about the Servicer** - All information in this Base Prospectus about and/or related to the Servicer has been provided and certified by the Servicer as actual, true, and complete. Material errors or omission of such information could initially affect the decision of the Noteholder to invest in a particular Note and eventually result in a negative outcome of the investment.
- **The Servicer stops cooperation with Mintos and/or Lending Company** - The Servicer could for some reason suddenly stop cooperating with Mintos and/or Lending Company. This could mean not honouring its obligations under the existing agreements, including the Transaction Documents and breach of their provisions. The Servicer could stop making payments to the Lending Company, which means the Issuer would not be able to make payments to the Noteholder. The Servicer might also stop providing Mintos with the necessary information or providing the information with significant delays.
- **The Servicer may not pass repayments from the Borrowers further to the Lending Company** - The Servicer may breach its obligations with the Lending Company on the servicing agreement concluded between them and not pass all proceeds received from the borrowers. This may cause the Lending Company not being able to fully honour their obligations towards the Issuer.

4. **Insolvency of the Servicer**

Insolvency, bankruptcy or other similar adverse events may significantly influence or even dismiss the ability of the Servicer to service issued Loans. This means that if the Servicer experiences significant problems, it may not be able to transfer the underlying Loan repayments from the Borrower to the Lending Company and further on to the Issuer which would mean that the Issuer would not be able to make payments to the Noteholder.

The Transaction Documents allow Mintos to appoint a backup servicer, who would take over the servicing of the Loan Receivables in case of insolvency or bankruptcy of the Lending Company or the Servicer. The enforcement of rights under contracts might not result in recoveries for the Noteholder in a swift manner, and the recovery might be affected by lengthy and costly legal proceedings.

Eventually, the Noteholder may experience delayed repayments or partial or full loss of invested amount under Notes.

5. **The Servicer's IT systems may fail or may be breached**

IT systems are a crucial part of all financial services companies and if they are impacted, that could affect the Servicers ability to provide financial services to its customers and exchange information with Mintos. This could also result in loss or distortion of significant information and databases that are crucial for sound cooperation between the Servicer, the Lending Company, the Issuer and Mintos, including for Notes issue servicing and administration.

Since IT systems play such a crucial role in the Servicer's operation, the Lending Company typically devotes a substantial amount of resources to ensure stable and uninterrupted performance of the IT systems. Neither the Issuer nor Mintos audits the Servicer's IT systems thus cannot ensure their soundness.

○ **RISKS SPECIFIC TO THE LENDING COMPANY**

1. The Lending Company is not able to continue paying to the Issuer

Various factors can negatively impact the Lending Company's ability to continue paying the Issuer, which in turn could lead to delayed repayments to the Noteholder or even partial or full loss of the invested amount. Some of the factors are:

- **Loss-making operations** - The Lending Company may experience losses due to various business events and factors, such as intense competition, higher than expected cost of client acquisition, high recovery costs, unexpected costs, reduction in the portfolio sizes, changes in local regulation with regards to new Loans and management errors.
- **Macro-environmental factors** - Various macro-environmental factors, such as recession, military conflict, natural disasters, or pandemic, could significantly increase the non-performing Loans ratio.
- **Loss of the Lending Company's licence/ authorization, if such is required by the local regulation** - In most countries provision of lending services requires a company to receive special approval/authorization. Licences can be revoked or otherwise lost for a number of reasons. Loss of a licence can negatively affect the Lending Company's ability to continue its operations.
- **Freezing, seizing, or closing of the Lending Company's operational bank account** - The account that the Lending Company uses for operations might be seized, blocked, or closed for a number of reasons, including anti-money laundering and know your customer (AML/KYC) breaches, sanctions violations, state authorities' arbitrary actions, insolvency of a bank/payments services provider. Inability to use the bank account could restrict the Lending Company's ability to collect Borrowers' repayments from the Servicer and transfer funds to the Issuer for an indefinite time, or even lead to insolvency/bankruptcy of the Servicer.
- **Foreign exchange positions mismatch** - Quite often Loans are issued and are being repaid in one currency, but Notes promise repayments to Noteholders in another currency, for example, a Loan has been issued to a Borrower in Polish zloty (PLN), but the Investor invests in a Note denominated in euros. If such Loans make up a large amount of the total portfolio, and local currency devalues and the Lending Company has not properly hedged this risk, the Lending Company is subject to foreign exchange positions mismatch risk, leading to significant losses for the Lending Company and its inability to pay amounts due to the Issuer.
- **Currency control restrictions or lack of corresponding banks chain** - The local government could introduce certain currency control restrictions, leading to a situation where the Lending Company is not able to make payments in foreign currency and/or to the beneficiary that is a foreign entity and/or to an account in a foreign financial institution. Alternatively, corresponding bank relations of a bank/payments services provider which maintains the Lending Company's operational accounts could be dramatically amended or terminated, eliminating the Lending Company's ability to make payments towards the Issuer. This may negatively affect payments to the Issuer and the distributions to the Noteholders.
- **Other or sole funding sources** - Besides Mintos, the Lending Company may use

other sources of funding, such as a bank credit line, corporate bonds issues, private equity, or public shares offerings. In some situations, such as an economic downturn, it could be difficult for the Lending Company to attract funding from other sources to refinance the existing liabilities, thus leading to a liquidity crisis that could lead to the Lending Company having difficulties continuing operations. Furthermore, if the Lending Company uses the Platform as a major funding source and a significant number of investors decide to suddenly avoid investing in Notes corresponding to the Loans, the consequences can be the same.

2. The Lending Company may intentionally or unintentionally breach its contractual obligations

There is a risk that the Lending Company performs actions that are in violation of the Transaction Documents, including the risk of fraud against the Issuer and Mintos, resulting in the partial or full loss of amounts invested in Notes. Contractual breaches that may happen include, but are not limited to:

- **Loan Receivables sold to the Issuer are or will be pledged to other creditors -** According to the Transaction Documents, to which the Lending Company is a party, the Loan Receivables underlying Notes must not be pledged to any creditors. If the Lending Company intentionally or unintentionally pledges the specific Loan Receivables sold to the Issuer to other creditors, the Noteholder could lose some or all the invested funds if the Lending Company defaults or becomes insolvent.
- **False or incomplete information about the Lending Company -** All information in this Base Prospectus about and/or related to the Lending Company has been provided and certified by the Lending Company as actual, true, and complete. Material errors or omission of such information could initially affect the decision of the Noteholder to invest in a particular Note and eventually result in a negative outcome of the investment.
- **False Borrower data -** The Lending Company provides Mintos with information about the Loan status, the Borrowers, repayment schedules, repayments, extensions of the underlying Loans or changes to the Loan Agreements. While Mintos regularly asks the Lending Company to provide scanned copies of the documents as evidence for randomly selected Loans, Mintos does not check and verify all Loans backing the Notes. There is a risk that the Lending Company intentionally or unintentionally has provided wrong information to Mintos or fails to provide information to Mintos at all, and as a result, the payments under the Notes could be impacted.
- **The Lending Company stops cooperation with Mintos -** The Lending Company could for some reason suddenly stop cooperating with Mintos. This could mean not honouring its obligations under the existing agreements, including the Transaction Documents and breach of their provisions. The Lending Company could stop making payments to the Issuer, which means the Issuer would not be able to make payments to the Noteholder. The Lending Company might also stop providing Mintos with the necessary information or providing the information with significant delays.

3. Insolvency of the Lending Company

Insolvency, bankruptcy or other similar adverse events may significantly influence or even dismiss the ability of the Lending Company to transfer Borrower payments to the Issuer and to execute the undertaken Buyback Obligation and Repurchase towards the Issuer. This means

that if the Lending Company experiences significant problems, the Lending Company may not be able to transfer the underlying Loan repayments from the Borrower or make payments of buyback price or repurchase price to the Issuer which would mean that the Issuer would not be able to make payments to the Noteholder.

The Lending Company may be required to continue to treat the Loan Receivables as assets of the Lending Company from an accounting perspective. Reflection or recognition of the Loan Receivables sold to the Issuer as the Lending Company's balance sheet assets if insolvency proceeding is initiated, may lead to the receiver or the administrator not recognising the Issuer's title over the Loan Receivable sold to it. In this case, the Issuer would need to take legal actions to protect its interests in the Loan Receivables. The Issuer may have to prove to the administrator, receiver and/or other parties that the Loan Receivables and the Borrower payments towards them are not to be included in the assets of the Lending Company that are available for the general pool of creditors. Should the Loan Receivables be treated as assets of the Lending Company that are available for the general pool of creditors and not of the Issuer, the Issuer might be treated as an unsecured creditor of the Lending Company and it may then be entitled to receive only a portion of all distributions available to the unsecured creditors of the same class, and this portion of distributions may be not enough to cover the indebtedness towards the Issuer partially or in full.

In case of insolvency, an administrator usually is bound to consider which past transactions of the insolvent company have to be contested and which sold assets or transferred funds have to be clawed back. There is a risk that the administrator of the Lending Company takes action to claw back to the Lending Company estate, the Loan Receivables sold to the Issuer or amounts paid to the Issuer. The Issuer would then have to take legal actions to protect its interests in the Loan Receivables and the Borrower payments and argue against the position of the administrator in judicial proceedings, which could be long and costly, and no assurance could be made of its successful outcome.

The Transaction Documents allow Mintos to appoint a backup servicer, who would take over the servicing of the Loan Receivables in case of insolvency or bankruptcy of the Lending Company. The enforcement of rights under contracts might not result in recoveries for the Noteholder in a swift manner, and the recovery might be affected by lengthy and costly legal proceedings.

Eventually, the Noteholder may experience delayed repayments or partial or full loss of invested amount under Notes.

4. The Lending Company's IT systems may fail or may be breached

IT systems are a crucial part of all financial services companies and if they are impacted, that could affect the Lending Company's ability to provide financial services to its customers and exchange information with Mintos. This could also result in loss or distortion of significant information and databases that are crucial for sound cooperation between the Lending Company, the Issuer and Mintos, including for Notes issue servicing and administration.

Since IT systems play such a crucial role in the Lending Company's operation, the Lending Company typically devotes a substantial number of resources to ensure stable and uninterrupted performance of the IT systems. Neither the Issuer nor Mintos audits the Lending Company's IT systems thus cannot ensure their soundness.

- ***RISKS SPECIFIC TO GUARANTEES WHEN THOSE ARE PROVIDED TO THE ISSUER***

- 1. The Guarantor may not honour its obligations**

There might be a Guarantee Agreement provided to secure the obligations of the Lending Company towards the Issuer.

If there is a Guarantee Agreement the Guarantor would be expected to pay the due amount if the Lending Company fails to pay when due. As there is a risk of any party not honouring its obligations under a contract, there is a risk that the Guarantor does not honour its obligations under the Guarantee Agreement. If this happens, the Issuer may take legal action against the Guarantor. There is a risk that the enforcement of rights under the Guarantee Agreement does not result in recoveries for the Issuer, and by extension for the Noteholder, in the anticipated amount, or that the recovery might be affected by lengthy and costly legal proceedings.

- 2. The Guarantor may default**

The risk of default, for example, insolvency, is a risk that is present for any counterparty, the Guarantor included.

If the Guarantor defaults, the Issuer cannot rely on receiving funds from the Guarantor even if the Issuer decides to take legal action to recover due amounts from the Guarantor in or outside of the insolvency or bankruptcy proceedings. If the Guarantor defaults, the Issuer might terminate cooperation with the Lending Company and request that the Lending Company repurchase all the Loan Receivables before the term.

- 3. The guarantee may become invalid or unenforceable**

There is a risk that guarantees securing the Lending Company obligations towards the Issuer may become invalid or unenforceable for several reasons, including, but not limited to cases when legal relations arising from the Transaction Documents are recategorised by the court of law, mistakes and omissions are made and/or due procedures not being followed when guarantees are formed. In that case, the obligations of the Lending Company towards the Issuer defined by the Transaction Documents become unsecured and the credit risk significantly increases, and that may trigger the Issuer terminating cooperation with the Lending Company and requesting repurchase by the Lending Company of all the Loan Receivables before their term. If there is no guarantee to enforce against then the Issuer is left with the Lending Company as the only debtor party from which to expect the payment of monies due from the Lending Company.

- ***RISKS SPECIFIC TO MINTOS***

- 1. Various events and failures could cause situations where Mintos is not able to continue operations**

As a relatively new service, Mintos operates in a complex and dynamic regulatory and competitive environment and various events and failures could lead to Mintos terminating the provisioning of services, including the operations of the Platform. These events include but are not limited to revocation of licence, weak financial performance, negative reputation, non-compliance events, dramatic changes in the applicable regulations impacting Mintos operating model or an economic downturn. If Mintos ceases operations, this could significantly impact the Noteholder's ability to receive repayment on time.

Should Mintos enter liquidation or insolvency, as a regulated and supervised entity, the process will be supervised by the FCMC. The appointed liquidator or administrator will take over the functions of the management board. Mintos will continue servicing its clients and the Investment Accounts, and relevant financial instruments portfolios in line with what Mintos is permitted to do according to the applicable insolvency and liquidation rules. The process from the moment of the appointment would be led by the appointed administrator or liquidator. In some cases, the Investors' Protection Law may apply. Such processes may significantly influence the investment's return times and make the return more complex to the Noteholder.

Furthermore, Mintos could for some reason suddenly stop honouring its obligations under the existing agreements, leading to delayed payments or partial or full loss of the amount invested in the Notes.

2. Non-compliance with regulations could lead to revocation of Mintos' licence

To provide services to clients, Mintos, as the operator of the Platform, has received an investment firm license from the FCMC. The licence could be suspended or revoked due to non-compliance with regulations by Mintos. Loss of licence by Mintos could lead to delayed payments or partial or full loss of invested amount under the Notes.

3. Failure of IT systems or a security breach could lead to significant liabilities and harm relationships with customers

The technology that Mintos has developed over the years is a cornerstone of Mintos' future success. The satisfactory performance, reliability and availability of the Platform is critical to its operations, customer service and reputation.

While Mintos has taken steps to protect confidential information, the techniques used to obtain unauthorised, improper or illegal access to systems, data, or customer data, or to disable or degrade services are constantly evolving and may not be detected quickly.

As a result, Mintos' and Mintos' third-party vendor security measures might be breached, and these security breaches could result in confidential client information being stolen. Breaches of security measures because of third-party action, employee error, third-party vendor error, design flaws in the software, or interruptions in Mintos' systems and services could adversely impact our relationships with Mintos' clients, harm Mintos' reputation and expose Mintos to significant liability.

Furthermore, in the event of damage or interruption, existing insurance policies may not adequately compensate Mintos and Mintos' clients for any losses that may have been incurred. Nevertheless, as IT systems are crucial to Mintos' operations, a substantial amount of resources are devoted to ensuring the stable and uninterrupted performance of the IT systems.

4. Mintos' bank accounts could be frozen or closed and banks, where the Noteholder funds are held, can become insolvent

Mintos clients' funds, including the fund being deposited in the Issuer's Account for settlement under the Notes, are kept segregated from Mintos' own funds in several bank accounts marked as client funds accounts.

One or several of those bank accounts that Mintos uses might be blocked, seized or closed for a number of reasons, including insolvency of the banks, resulting in interruptions of fund transfers to the Lending Company and the Noteholder.

5. Significant problem or termination of the agreement with a Mintos partner may affect the provision of services to the clients

While providing its services, Mintos relies on several carefully selected partners (e.g., cloud computing providers), and any problems with the service providers could impact Mintos' ability to provide services to the Noteholder. Mintos has taken several steps to reduce the likelihood and impact of such occurrences, such as having backup service providers where feasible, there is still a risk that the Noteholder may not be able to access the Platform or receive services.

6. Certain situations or actions may raise conflicts of interests

While the rights and the responsibilities of Mintos, the Issuer, the Lending Company are detailed in the Transaction Documents and this Base Prospectus, and Mintos has established policies and procedures to mitigate the risk, it is not possible to fully avoid the possibility of a conflict of interests between the parties that could impact the interests of the Noteholder.

While Mintos provides placement services to the Issuer with respect to the Notes, Mintos also provides the infrastructure services for the Lending Company and the Issuer to perform sales of the Loan Receivables to the Issuer, as well as to exercise the Buyback Obligations and Repurchases. Mintos receives fees from the Lending Company for placement services. Mintos has carefully set up the fees in a compliant manner and so that it would not violate the conflict-of-interest management rules. Such placement fees might qualify as inducements and Mintos would disclose information on these inducements to the Noteholder. In addition to inducement disclosures, Mintos has set up internal procedures to identify and manage conflicts of interest. Some conflicts of interest require disclosure and those are disclosed.

○ ***RISKS SPECIFIC TO THE ISSUER***

1. The Issuer could default on its obligations or become insolvent

The Issuer is a wholly owned Mintos Group company, and not engaged in any business activities other than those provided in this Base Prospectus. There is a risk that the Issuer could suddenly stop effectively honouring its obligations under the existing agreements and breaching its provisions, resulting in missing repayments to the Noteholder. This could lead to delays in repayments and partial or full loss of invested amounts.

While the Issuer is created, established and performs its operations as a special purpose undertaking, due to possible legal shortcomings of the applicable law and/or judicial practice, the Issuer might be found insolvent due to the following reasons, including, but not limited to, a Noteholder or other creditor initiating the insolvency procedure against the Issuer in bad faith and the court not finding limited recourse and non-petition provisions defined by this Base Prospectus as a sufficient ground to reject such proceeding. In such situations, the Noteholder could experience delays in receiving its invested funds and its priority as a creditor of the Issuer might be changed by the rule of law, leading to receiving fewer amounts than due under the Notes.

The Terms and Conditions of the Notes (in section 10 of this Base Prospectus) are set up and drafted as having legal force and addressing concerns as legally binding contractual obligations. There can be external circumstances that might influence such legal construction, including, but not limited to court ruling, and/or new or modified legal enactments.

2. Mintos may not be able to cover the maintenance and administrative costs of the Issuer

Considering the pass-through nature of the Issuer, the maintenance costs and administrative expenses of the Issuer are, in essence, covered by the Lending Company, either via direct compensation mechanism or indirectly via Mintos. If for any reason mentioned above in '*RISKS SPECIFIC TO MINTOS*', Mintos is not able to cover such costs, it could significantly influence the operations of the Issuer and its ability to service Notes and make payments to the Noteholder.

3. Information asymmetry

With a reference to risks described above in 'The Lending Company may intentionally or unintentionally breach its contractual obligations - False or incomplete information about the Lending Company' and '-False Borrower data', part of the information in this Base Prospectus as well as significant information being received during the term of the Notes is being sourced and received from the Lending Company. There is a risk that the Lending company can provide material information with delay or fails to provide information to the Issuer at all. As a consequence:

- the Issuer through Mintos acting as its authorised representative will not be able to timely enforce its rights provided in the Transaction Documents and to act in the interests of Noteholders; and
- the Issuer will not be able to prepare and publish supplements to this Base Prospectus in a timely manner, which could impact the Noteholders' judgement on purchasing the Notes being unaware of any significant new factor, material mistake or inaccuracy related to the information being sourced from the Lending Company.

4. Cross-risks applicable to the Issuer

Considering the pass-through nature of the Issuer, the Issuer and its abilities to pay amounts due to the Noteholders under the Note are exposed to all the risks listed above in '*RISKS SPECIFIC TO THE UNDERLYING LOAN*', '*RISKS SPECIFIC TO LOAN SERVICING*', '*RISKS SPECIFIC TO GUARANTEES WHEN THOSE ARE PROVIDED TO THE ISSUER*' and '*RISKS SPECIFIC TO MINTOS*'.

○ *RISKS SPECIFIC TO NOTES*

1. The Noteholder has no rights of recourse against the Borrowers, the Lending Company, the Guarantor

The Noteholder has no direct right to the Loan Receivables. Instead, the Noteholder is acquiring Notes, which are backed by the corresponding Loan Receivables. The legal title in the Loan Receivables and relevant rights arising from them are vested in the Issuer. This means that the Noteholder will have no direct recourse against the Borrowers and no ability to independently and in its discretion to pursue any Borrower to collect payments under the relevant Loan. For the same reason the Noteholder will have no direct recourse against the Lending Company, and the Guarantor, and no ability to pursue the Lending Company, and the Guarantor to enforce them to duly perform their duties and obligations due. All such actions are carried out by the Issuer as the legal owner of the Loan Receivables according to the provisions of this Base Prospectus and the Transaction Documents.

2. Change of creditors priority

The outcome of judicial or insolvency procedure could overrule the creditors' priority in this Base Prospectus due to requirements of the law, meaning that the Noteholders of one Series of Notes could become equal creditors to Noteholders of other Series of Notes, thus all the proceeds the Issuer receives from all the Loan Receivables is distributed on *pro rata* basis or otherwise.

3. Certain costs may rank higher than payments to the Noteholder

While it is the Issuer's responsibility to transfer to the Noteholder all payments that have been received from the Lending Company, including the payments from the Borrowers received by the Lending Company, there are certain costs, such as taxes, Mintos' fees and recovery costs that rank higher than payments to the Noteholder. This means that the Noteholder would only receive payment after the payment obligations of a higher priority have been settled.

Also, there is a risk that the outcome of judicial or insolvency procedure could define other priority of payments, which differs from the priority in this Base Prospectus.

4. Liabilities that are not Series specific will be allocated to all Series of Notes proportionally

If there are higher priority costs, i.e., taxes, fees and recovery costs, related to the specific Note, then these will be covered from the payments due to the Noteholders according to the Priority of Payments defined in this Base Prospectus. Where the liability is not Series-specific, for example, legal costs, the liability will be allocated to all Series of Notes proportionally unless otherwise defined by the Priority of Payments.

5. Due diligence and monitoring performed by Mintos and risk score allocated are limited in scope, do not address all material risks, and do not provide any assurance or indemnification

Before the Lending Company joins Mintos and during the cooperation, Mintos carries out due diligence and assigns a Mintos risk score. It is important to point out that these processes are limited in scope and do not address all material risks relating to an investment in the Notes, but rather reflect the view of Mintos at the time the due diligence and monitoring are performed.

Even if Mintos continuously measures the accuracy of the Mintos risk score and evaluates the need to adjust the methodology when new data is obtained, these processes might not guarantee any further performance of the investment.

Mintos neither provides any assurance or guarantee for the Noteholder nor indemnifies or holds Noteholder harmless for any loss or adverse consequence directly or indirectly arising from the Noteholder relying upon the risk score or due diligence and monitoring performed. Basing investment decisions solely on the Mintos risk score could lead to a partial or full loss of invested amounts.

6. No specific securitisation laws in Latvia

There are no dedicated laws and regime in Latvia addressing specific special purpose vehicle issuer insolvency or limited recourse concepts. Mintos believes the Terms and Conditions of the Notes are set up and drafted as having legal force and addressing such concerns as legally binding contractual obligations. There might be circumstances that influence such legal construction, including, but not limited to the court ruling, or new or modified legal enactments.

Eventually, this could lead to delayed payments, or partial or full loss of the amount invested in the Notes.

7. Repurchase could impact planned return

The Lending Company may repurchase the Loan Receivables from the Issuer at any time at their then outstanding principal value without any penalty or other compensation. This may happen, for example, in cases where the Lending Company can acquire lower cost financing from other sources and wishes to refinance the Loan.

The Lending Company not only has a right to repurchase, but also has an obligation to repurchase the Loan Receivables from the Issuer upon the occurrence of certain events specified in the Cooperation Agreement. The Lending Company may become obliged to repurchase one or several affected Loan Receivables, as well as there are certain events that may trigger the obligation to repurchase all the Loan Receivables. Occurrence of a Material Event of Default under the Cooperation Agreement triggers the obligation to repurchase all the Loan Receivables.

If the repurchase right is exercised by the Lending Company or if the repurchase obligation arises, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company. The Noteholders' return on the investments in the Notes which are redeemed due to the repurchase will be lower than the initially planned return.

8. New regulations introduced in the future could impact the Noteholder and Mintos

Due to several reasons, such as improvements in computer technology, the financial crisis of the past decade and a greater focus on preventing the legalisation of illegally gained proceeds, the financial industry over the last years has experienced the introduction of several new regulations. With further developments and adoption of technologies, jurisdictions, either where Noteholders or Mintos Group are domiciled are likely to introduce new regulations or administrative interventions that could relate to Notes or online marketplaces such as the Platform. Such regulation in the future, for example, could enhance investors' protection measures, limit access to Notes to only qualified or sophisticated Noteholders, limit the proportion of the portfolio that can be invested through Notes or introduce any other restricting measures.

Furthermore, the introduction of new regulations or significant changes to the existing regulations could impact the profitability, cost base and future operations of Mintos. Failure to comply with regulation could lead to, among other things, lawsuits, administrative enforcement actions, penalties, and revocation of licenses and authorisations. Eventually, this could lead to delayed payments or partial or full loss of invested amounts under Notes.

9. New regulation in relation to taxes could impact the expected return for the Noteholder

In the event that new regulation is introduced, or existing regulation or its interpretation changes so that the Issuer and/or Mintos needs to withhold additional taxes before making payments to the Noteholder, and the Issuer and/or Mintos is required to withhold any transfer tax, stamp duty and/or financial transactions tax, this could impact the expected return on investment for the Noteholder. Similar developments in the Noteholders' tax residence country can lead to the same consequences.

10. Notes have limited liquidity and transferability

The Notes are illiquid securities and there is no active market for them, and the Notes are not admitted to any trading venue. The potential buyers and transferees are limited only to other Mintos' clients who are registered on the Platform. Which all means that the Noteholder might need to offer the Notes with a significant discount and hence would not meet the expected return on the investment or might even be unable to sell them at all during shorter or longer period of time. Furthermore, to protect Noteholders that use automatic investment solutions from making investment decisions, Mintos may restrict the execution of orders to sell the Notes according to the terms and conditions of the agreements between the Investors and Mintos.

The Noteholder should therefore only invest in Notes that the Noteholder is comfortable with holding to maturity.

11. An undiversified investment portfolio may lead to greater exposure to the Lending Company and country-specific risks than a well-diversified portfolio

Investment in a single Note, Notes issued in relation to the Lending Company or Notes with underlying Loans related to one country means that the performance of the portfolio and risk exposure depends on that Note, the Lending Company, country and currency risk.

Mintos encourages its customers to build a well-diversified portfolio and provides several tools to automate investing in Notes, making this easier.

12. Investing in Notes issued in other currencies increase the Noteholder's exposure to currency risk

If a Noteholder invests in Notes denominated in a currency that is different from the currency that the Noteholder earns and/or spends, the return on the investment could be significantly impacted by the fluctuations in the exchange rate between those currencies. This means that if the underlying currency depreciates significantly, the Noteholder could lose part of the investment, and if the currency appreciates significantly, the Noteholder could earn a higher return on investment.

13. Notes are not bank deposits

Investment in Notes does not have the status of a bank deposit in Latvia or elsewhere and is not within the scope of the deposit protection or guarantee scheme operated by the Republic of Latvia or any other jurisdiction.

Final Terms

Each Series of Notes will be issued on the terms and conditions set out under the section entitled '11. TERMS AND CONDITIONS OF THE NOTES' of this Base Prospectus as completed by the applicable Final Terms. The Final Terms will be published on the website www.mintos.com. A form of applicable Final Terms is set out under the section entitled '13. APPLICABLE FINAL TERMS' of this Base Prospectus.

Other relevant information

This Base Prospectus must be read and construed together with any supplements to this Base Prospectus and with any information incorporated by reference in this Base Prospectus and, concerning any Series of Notes, must be read and construed together with the relevant applicable Final Terms.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into concerning the Programme, any information supplied by the Issuer, or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer.

Mintos has not authorised the whole or any part of this Base Prospectus and does not make any representation or warranty, or accept any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue and offering of the Notes, nor does Mintos or any of its shareholders, directors, affiliates, advisers or agents take any responsibility for the acts or omissions of the Issuer or any other person in connection with the issue, offering and sale of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms, and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and Mintos to inform themselves about and to observe any such restrictions. In particular, Notes have not been and will not be registered under the Securities Act. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. Neither this Base Prospectus nor any Final Terms constitute an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, Mintos or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms will be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer. Mintos has not provided any financial or taxation advice in connection with the Programme or the Notes.

Programme limit

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 300 000 000.00 (three hundred million euro) (or its equivalent in other currencies).

Language

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language so that the correct technical meaning may be ascribed to

them under applicable law.

Ratings

No Series of Notes issued under the Programme will be rated by any credit rating agency.

Currencies

Unless otherwise indicated, the financial information contained in this Base Prospectus has been expressed in euro. The Issuer's functional currency is euro, and the Issuer prepares its financial statements in euro.

Third-party and market share data

This Base Prospectus contains information regarding business of the Issuer, Mintos, the Lending Company and others, and the industry in which they operate and compete. Where third party information has been used in this Base Prospectus, the source of such information has been identified. Statistical information included in this Base Prospectus has been derived from official public sources, including the statistical releases. All such statistical information may differ from that stated in other sources for a variety of reasons, including the use of different definitions and cut-off times. This data may subsequently be revised as new data becomes available and any such revised data will not be circulated by the Issuer to Investors who have purchased the Notes. In some cases, independently determined industry data is not available. In these cases, any market share data included in this Base Prospectus is referred to as having been estimated. All such estimates have been made by either the Issuer or the Lending Company using its information and other publicly available market information. Each of the Issuer and the Lending Company believes that these estimates of market share are helpful as they give prospective Investors a better understanding of the industry in which the Issuer or the Lending Company operates as well as its position within that industry. Although all such estimations have been made in good faith based on the information available and the Issuer's or the Lending Company's knowledge of the market within which it operates, neither the Issuer nor the Lending Company can guarantee that a third-party expert using different methods would reach the same conclusions. Where information has not been independently sourced, it is the Issuer's or the Lending Company's own information.

No incorporation of website information

The Issuer is affiliated with Mintos and their website is www.mintos.com. Unless specifically incorporated by reference into this Base Prospectus, information on the website or any other website mentioned in this Base Prospectus or any website directly or indirectly linked to these websites has not been verified, is not incorporated by reference into, and does not form part of, this Base Prospectus, and Investors should not rely on it.

4. TRANSACTION OVERVIEW

○ THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES

▪ The Issuer, Mintos and the Lending Company

The Issuer, Mintos, the Lending Company, and the Servicer have entered the Transaction Documents for the issue and sale of the Notes as described in this Base Prospectus.

▪ Transfer of the Loan Receivables by the Lending Company to the Issuer

Note: Loans to the Borrowers are issued by the Lending Company via the Servicer

The Lending Company makes, from time to time, an irrevocable offer to sell the Loan Receivables by using the API connection set up with Mintos.

The offer for sale of the Loan Receivable is accepted, on behalf of the Issuer, by Mintos generating the Transfer Document. Mintos verifies the information provided through the API. The Loan Receivables are required to meet certain eligibility criteria to form a 'pool' of Loan Receivables to serve as the underlying assets for a particular Series of Notes and to satisfy other conditions precedent.

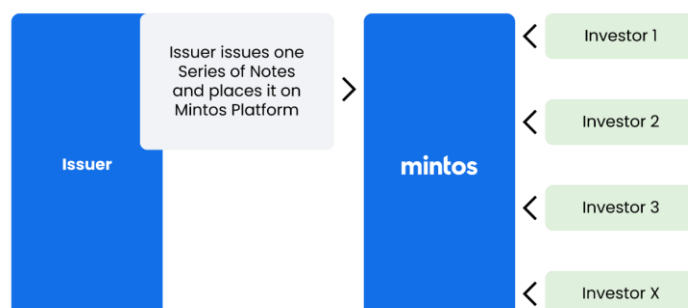

Payment for the acquired Loan Receivable is subject to placement of the Series of Notes.

That means the Loan Receivables transferred to the Issuer and backing the Series have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Notes.

The Lending Company retains in relation to each Loan the 'skin in the game' in keeping at least 10% of the principal amount outstanding.

The Borrowers are not notified of the transfer of the Loan Receivables. The Servicer continues to service the Loan Receivables.

▪ **Issue of Notes**

Once the Issuer has a pool of the Loan Receivables, Mintos publishes the Final Terms for the relevant Series of Notes on the Platform on behalf of the Issuer. This process is automated and takes place in real-time.

As of the Issue Date, the Notes are publicly offered by the Issuer through the Platform. Investors can purchase Notes from the Issue Date until the Maturity Date of the Notes provided in the Final Terms or until the time when the Notes are fully sold to Investors by the Issuer, whichever occurs earlier. Information about the offer results of the Notes is published on the website www.mintos.com in real time starting from the Issue Date of the Notes. Subscriptions will not be reduced, which means refund of amounts paid in excess does not apply. The Issuer does not expect any conditions to which offer of the Notes would be subject.

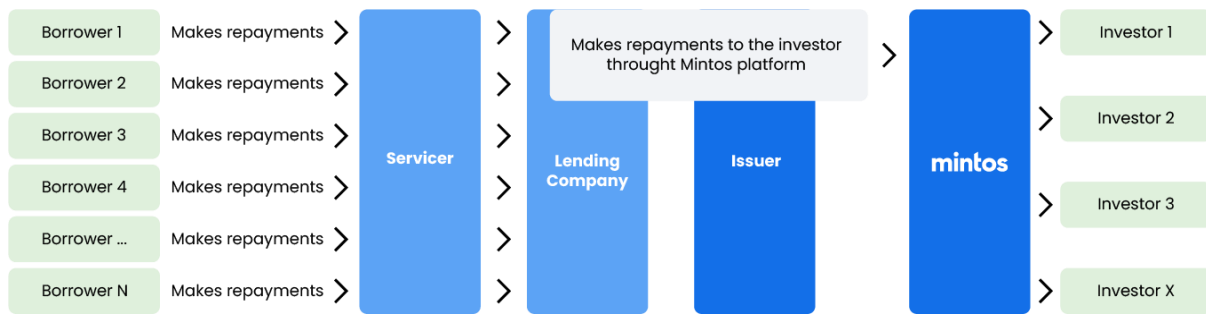

To purchase Notes from the Issuer, the Investor registered on the Platform submits an investment order using the "Primary market" section of the Platform, indicating the amount of money that the Investor wishes to invest in particular Notes. The Investor can also use automated portfolio management services provided by Mintos to purchase the Notes. The process for purchasing Notes is automated and takes place in real-time. When the investment order is accepted by the Platform, Mintos debits cash funds from the Investor's cash account with Mintos in exchange for delivery of the Notes to the Investor's financial instruments account with Mintos. Paying for the Notes and delivery of the Notes take place simultaneously. The Notes allotted are available as soon as the investment order is executed by Mintos, by means of the Investor's profile on the Platform. Further alienation of Notes could be done as soon as available on the Investor's Investment Accounts.

Minimum subscription amount is one Note. Maximum subscription amount is up to the Aggregate Nominal Amount for the relevant Series of Notes, but subject to the nominal amount of the Notes being available for purchase from the Issuer as at execution time of the investment order at Mintos.

No expenses are expected to be charged to the Investor by the Issuer when purchasing Notes. Currently there is no financial transaction tax to be applied by the Issuer and/or Mintos to the Investor in subscribing or purchasing any Note.

The Issuer expects that net proceeds of any Series of Notes will equal the Aggregate Nominal Amount of the relevant Series.

▪ Payments under the Notes

Note: Repayments from the Borrowers to the Lending Company are done via the Servicer

Interest specified in the Final Terms will begin to be calculated and accrue from (and including) the first day when the Investor has acquired the Notes from the Issuer and the Notes are booked by Mintos in the Investor's financial instruments account.

The Interest and principal payments under the Notes are linked and contingent on corresponding payment being made under the pool of the underlying Loan Receivables. Notes may have different payments which reflect the different Loans issued by the Lending Company, such as:

- fully amortising Notes – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes so that the principal amount outstanding of the Notes is zero at maturity of the Notes;
- partially amortising Notes (or 'balloon' Notes) – the principal amount outstanding of the Notes and interest are regularly paid during the term of the Notes but, a 'balloon' of principal amount outstanding of the Notes remains which is paid at maturity of the Notes;
- interest only Notes – only the interest is regularly paid during the term of the Notes, whilst the principal amount outstanding of the Notes is paid at maturity of the Notes; and
- bullet Notes - both the principal value outstanding of the Notes and interest are paid at the maturity of the Notes.

▪ The Buyback Obligation

The **Buyback Obligation** is the obligation, if any payment under any of the relevant Loans is delayed by more than 60 days, for the Lending Company to repurchase the relevant Loan Receivables from the Issuer, provided that the Buyback Obligation is stated as being applicable in the Final Terms.

If the Buyback Obligation is triggered, the relevant Series of Notes will be redeemed early in part once the Issuer has received the buyback price from the Lending Company. The buyback price is the nominal value of the Loan Receivable as it is at the time when the Buyback Obligation arose, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Buyback Obligation was triggered.

▪ Repurchase

Repurchase is the right or obligation for the Lending Company to repurchase the Loan Receivable(s) from the Issuer on the occurrence of certain events specified in the Cooperation Agreement.

The Repurchase rights the Lending Company may exercise at any time with respect to any Loan

Receivable(s). The repurchase price is the nominal value of the Loan Receivable, which means the nominal value of the principal outstanding and the interest and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase right was exercised, as it is at the time when the Repurchase right was exercised.

If during the validity of the Cooperation Agreement the Lending Company exercises its rights to repurchase individual Loan Receivables of performing loans (loans that are not delayed by the Borrower), the Lending Company shall be obliged to repurchase the same amount of the Loan Receivables on non-performing loans with a delay of 1 to 59 days (if any) and on non-performing loans with a delay of 60 and more days (if any). Namely, if the Lending Company repurchases 10% (ten per cent) of the Loan Receivables on performing loans, the Lending Company shall be obliged to repurchase 10% (ten per cent) of the Loan Receivables on non-performing loans with a delay of 1 to 59 days and 10% (ten per cent) of the Loan Receivables on non-performing loans with a delay of 60 and more days. The Loan Receivables of non-performing loans subject to the repurchase are randomly selected by the Lending Company at its own discretion. If Lending Company fails to repurchase the Loan Receivables of non-performing loans as per this clause, Mintos shall randomly select the Loan Receivables on non-performing loans subject to the repurchase by the Lending Company.

The Repurchase obligation arises either with respect to one or several Loan Receivables or it may as well arise with respect to all Loan Receivables.

Individual affected Loan Receivable(s) must be repurchased by the Lending Company according to the Cooperation Agreement if the following occurs:

- (a) termination by the Lending Company of a Loan Agreement from which the Loan Receivable arises;
- (b) in case any of the following events occur:
 - if the Loan Agreement from which the respective individual Loan Receivable arises is or shall for any reason and by any means become invalid or unenforceable whether in whole or in part or it becomes impossible or unlawful for any party to any such document to perform its obligations under such documents; or
 - if, in the reasonable opinion of Mintos and/or the Issuer and/or the Lending Company, the Borrower's fraud or fraudulent misrepresentation has been established;
- (c) with respect to the affected Loan Receivable that is determined in the sole discretion of Mintos, in case if any of the following events occur:
 - if certain representations or warranties of the Lending Company and/or the Servicer provided in the Cooperation Agreement with respect to the Loan Receivable is or proves to have been untrue when made or deemed to be made;
 - if a breach of an obligation of the Lending Company to comply with certain restrictions on amendments to the Loan Agreements are not complied with or if the Servicer breaches its duties as a servicer of the Loan Receivables; or
 - if it is or becomes unlawful for the Lending Company to assign or offer the assignment of any new Loan Receivables according to the laws applicable to the Lending Company and/or Loan Receivables and/or to perform any of its obligations under the Cooperation Agreement in relation to the assignment of the Loan Receivable, for example in case of loss of licence by the Lending Company which affects the already executed assignments or servicing of the Loan Receivables (i.e. having a retroactive effect).
 - if it is or becomes unlawful for the Servicer to service the Loan Receivables.

The above might not be a precise wording of the Cooperation Agreement provisions, however even if the wording is different the description of the essence remains correct.

In case a Material Event of Default under the Cooperation Agreement has occurred (see paragraph: THE TRANSACTION DOCUMENTS - The Cooperation Agreement - Material Events of Default), Mintos

is entitled to request the Lending Company to repurchase all the Loan Receivables transferred to the Issuer. Mintos has the discretion to request or not to request the repurchase of all the Loan Receivables. If the full repurchase is requested, repurchase obligation must be met by way of paying the repurchase price within the time period, which in most cases is 5 (five) Business Days, but may be set as a longer period of time up to no more than 6 months, after the notice has been given to the Lending Company regarding the repurchase and the final calculation of the amounts payable is sent to the Lending Company.

The repurchase price for the Loan Receivable which the Lending Company is obliged to pay to the Issuer for the Repurchase of the Loan Receivable is equal to the total amount of the remaining principal amount of the Loan Receivable and accumulated and outstanding interest, and other ancillary claims assigned to the Issuer that form part of the Loan Receivable up to the date when the Repurchase was triggered.

If Repurchase rights or obligation is triggered, the relevant Series of Notes will be redeemed early in full or in part once the Issuer has received the repurchase price from the Lending Company.

- **No credit enhancement**

The Notes have no credit enhancements and no liquidity support in relation to payment of interest or principal.

The Issuer, as a special purpose entity, has no obligation to make any payment on the Notes unless sufficient funds have been received from the Lending Company. The Lending Company and/or the Servicer, in turn is dependent on payments on the relevant Loans from the Borrowers.

- **THE TRANSACTION DOCUMENTS**

The information in this section is a summary of certain features of the Transaction Documents provided for information purposes and will not be treated as the full binding text of the relevant agreement.

- **The Cooperation Agreement**

General

The Cooperation Agreement contains the agreement between the Issuer, the Lending Company, the Servicer and Mintos on the matters outlined in the above section entitled '*THE DESCRIPTION OF THE TRANSACTIONS IN RELATION TO THE NOTES*'.

The Cooperation Agreement also contains as schedules:

- sample of the Loan Agreement; and
- this Base Prospectus as submitted to the FCMC for approval.

Mintos

Mintos act as an assignment agent, placement agent, calculation agent, transfer agent and paying agent of the Issuer in relation to the Notes.

Loan servicing

The Issuer has appointed the Servicer and the Lending Company as the servicers with service rights which includes any and all rights to:

- (a) service the Loan Receivables;
- (b) all agreements or documents creating, defining or evidencing the servicing rights to the extent they relate to the servicing;
- (c) collect all payments under the Loan Agreements; and
- (d) maintain and use any and all servicing files and other data and information about the Loan Receivables, and about the past, present or prospective servicing of the Loan Receivables.

Within the scope of servicing obligations, the Servicer has undertaken certain obligations, including:

- (a) to collect and process payments from the Borrowers;
- (b) to transfer the payments received from the Borrowers to the Lending Company;

Within the scope of servicing obligations, the Lending Company has undertaken certain obligations, including:

- (a) to transfer the Borrowers' payments received from the Servicer to the Issuer;
- (b) not to assign, transfer or create any encumbrance over any Loan Receivables; and
- (c) to take all reasonable actions to ensure that the Loan Receivables are not treated as the Lending Company's property and any pledge rights, prohibitions or other encumbrances in favour of the Lending Company, its creditors or administrators would not be attributed to the Loan Receivables.

Subject to certain terms and conditions, the Issuer may, by notice to the Lending Company, the Servicer and Mintos terminate the appointment of the Lending Company and/or the Servicer as the servicer and appoint another person as the servicer of the Loan Receivables.

Extensions

The Lending Company may modify any of the Loan Agreements without approval of the Issuer, provided that payments from the relevant Borrower remain unchanged.

If provided in the Final Terms, the Lending Company may extend the repayment schedule of one or more of the Loan Agreements without the consent of the Issuer or the Noteholders provided that (a) there is no event of default under any of the Loans Agreement, (b) any change is restricted by 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms and (c) any change is notified on the Platform to the Noteholders.

The Lending Company may also extend the repayment schedule of one or more of the Loan Agreements without the consent of the Issuer or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal provided that any change is notified on the Platform to the Noteholders

Representations and warranties

The Lending Company and the Servicer have made certain representations and warranties relating to the Loan Receivables including:

- (a) all necessary and required procedures, checks and assessments have been performed to ensure the validity and enforceability of each of the Loan Agreements;

- (b) information and documents provided regarding each of the Loans, the Loan Agreements and the Loan Receivables sold to the Issuer are true, correct and complete,
- (c) the Lending Company is the sole owner of the Loan Receivables being sold to the Issuer and has full rights and authority to sell and assign the Loan Receivables, which are free and clear of all liens, pledges or encumbrances.

The Lending Company and the Servicer have represented and warranted that it has all necessary licences, permits and authorisations to conduct its business activities.

Each of the Issuer, the Lending Company, the Servicer and Mintos has ensured the truth, correctness and completeness of all the documents and information being provided by it, as well as its compliance with applicable regulatory requirements.

Covenants

The Lending Company has covenanted to comply with certain financial and other covenants.

Indemnities and penalties

The Lending Company and the Servicer has agreed to pay the contractual penalties to Mintos for breach of the certain obligations indicated in the Cooperation Agreement.

Each of the Issuer, the Lending Company, the Servicer and Mintos has indemnified the others against any and all losses suffered by or incurred by the others arising out of or resulting from its breach under the Cooperation Agreement.

Material Events of Default

The Cooperation Agreement contains an exhaustive list of events that constitute Material Events of Default. Material Events of Default under the Cooperation Agreement include events like:

- (a) non-payment by the Lending Company and/or Guarantor under the Cooperation Agreement;
- (b) the Lending Company non-compliance with the adjusted equity ratio set in the Cooperation Agreement;
- (c) events with respect to various other obligations of the Lending Company and/or the Servicer: failure to fulfil some other obligations of the Cooperation Agreement; occurrence of a material event of default under other obligations referred to in the Cooperation Agreement;
- (d) an event of default, as such term is defined in this Base Prospectus, occurs, which such event of default is caused by fault, action or failure to act of the Lending Company, and/or the Servicer;
- (e) any security documents (if any) having become invalid, unenforceable or likewise events occurring with respect to them as agreed in the Cooperation Agreement;
- (f) insolvency proceedings of the Lending Company and/or the Servicer occurs;
- (g) a creditor's process against the Lending Company and/or the Servicer, as agreed in the Cooperation Agreement is taking place;
- (h) misrepresentation by the Lending Company and/or Servicer with respect to the information in this Base Prospectus that is sourced from the Lending Company and/or Servicer and the later is responsible for;
- (i) cross-default and cross-acceleration or certain financial liabilities of the Lending Company, and/or the Guarantor ;
- (j) occurrence of circumstances in the area of AML (Anti Money Laundering) or sanctions non-compliance that require termination of cooperation with the Lending Company and/or Servicer;
- (k) cessation of business by the Lending Company and/or the Servicer.

The above is not a precise wording of the Cooperation Agreement provisions on the Material Event of Default, it is just a description of their essence.

If any Material Event of Default occurs, Mintos may stop:

- (a) the execution of sales of the Loan Receivables to the Issuer;
- (b) the placement of the Notes on the Platform; and
- (c) the processing of submitted but not yet executed orders for subscription of the Notes.

Upon occurrence of a Material Event of Default Mintos may require the Lending Company to Repurchase all the Loan Receivables transferred to the Issuer.

Also, if a Material Event of Default occurs Mintos may change the servicer of the Loan Receivables.

Whether to exercise any or all of the above rights that Mintos has if any Material Event of Default occurs, is a decision that Mintos makes, acting as an authorized representative of the Issuer in its best interests. It may be that even if a Material Event of Default has occurred, it may be cured or does not negatively affect the ability of the Lending Company and/or Servicer to comply with its obligations under the Cooperation Agreement, or there are other legitimate reasons why Mintos should not exercise the said rights, and thus none of the said rights are exercised.

Term and termination

The Cooperation Agreement continues until all liabilities of the Issuer, the Lending Company, the Servicer and Mintos according to its provisions are fully satisfied.

Governing law

The Cooperation Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and will be construed in accordance with the laws of the Republic of Latvia.

▪ **The Guarantee Agreement**

General

Parties to the Guarantee Agreement (amended, restated and/or supplemented from time to time) are the Issuer, Mintos (hereinafter - Creditors) and the Guarantor all together hereinafter referred to as the Parties.

According to the provisions of the Guarantee Agreement the Guarantor guarantees to the Creditors the performance of Lending Company's obligations that may be incurred and arising from the Cooperation Agreement and all agreements on sale and purchase of the Loan Receivables according to the Cooperation Agreement (hereinafter - Principal Agreements), where from the Creditors monetary claims against the Lending Company arises and agrees to be held liable for the performance of the said obligations of the Lending Company to the extent agreed in the Guarantee Agreement, namely with all of the funds received from the Borrowers Loan Receivables against whom are transferred to the Issuer.

Rights and obligations

According to the provisions of the Guarantee Agreement the Guarantor undertakes before the Creditors the liability for the Lending Company's outstanding obligations under the Principal Agreements with all of the funds received from the Borrowers Loan Receivables against whom are transferred to the Issuer.

In the event that the Lending Company has not fulfilled its obligations on the payment date under the Principal Agreements, and the Creditors has requested a repayment from the Lending Company, and after such request indebtedness remains in place, the Guarantor after the receipt of written notification from the Mintos shall pay within 10 (ten) Business Days of receipt of such notice to the Mintos the whole amount of Lending Company's outstanding obligations indicated in the respective written notice.

The Guarantor ensures that the payment obligations assumed by the Guarantor under the Guarantee Agreement rank at least equally (*pari passu*) to other liabilities of the Guarantors and that position of the Creditors is not worsened against other creditors of the Guarantor neither in terms of payment priority, nor security.

Representations and warranties

The Guarantee Agreement contains several representations and warranties made by the Guarantor. The Guarantor has represented and warranted, including, but not limited to the following:

(i) the representatives of the Guarantor have all rights, internal corporate approvals and powers for entering into the Guarantee Agreement;

(ii) neither the signing and performance nor the compliance by the Guarantor with the provisions of the Guarantee Agreement shall conflict with or result in a breach or violation of any of the provisions of its articles of association, any agreement, licence, commitment or permit to which the Guarantor is a party or any judgement, order, injunction, decree or ruling of any court or governmental or local authority, to which the Guarantor is subject to.

Indemnities and penalties

Each Party shall indemnify the other Party against any and all losses suffered by or incurred by the other Party arising out of or resulting from a breach under the Guarantee Agreement or any representation given in the Guarantee Agreement not being true or correct in any material aspect.

Term and termination

The Guarantee Agreement continues to be valid and in legal force until all liabilities under the Cooperation Agreement are fully settled in accordance with its provisions.

Governing law

The Guarantee Agreement and any non-contractual obligations arising out of, or in connection with, it is governed by and shall be construed in accordance with the laws of the Republic of Latvia.

▪ **The Subordination Agreement**

General

Parties to the Subordination Agreement (amended, restated and/or supplemented from time to time) are the Issuer, Mintos, and Sun Finance Treasury Limited who act as the junior creditor (hereinafter in this section - the Junior Creditor) and the Lending Company (hereinafter in this section - the Parties).

According to the provisions of the Subordination Agreement the Parties agree to subordinate the repayment obligations of the Lending Company of the debt towards the Junior Creditor (hereinafter in this section - Junior Liabilities) under the loan agreements between the Junior Creditor and the Lending Company (hereinafter in this section - Corporate Loan Agreement) and to establish the outstanding loans under the Loan Agreement as the Junior Liabilities comparing to the obligations of the Lending

Company towards the Issuer and Mintos under the Cooperation Agreement together with all liabilities arising from any refinancing, deferral or extension of any of the above-mentioned liabilities and any claim for damages or restitution or arising as a result of any recovery of a payment or recovery of discharge on the grounds of preference in respect of the above-mentioned liabilities (hereinafter in this section - Senior Liabilities) which shall be ranked senior to the Junior Liabilities at any time when adjusted equity ratio as set in the Cooperation Agreement ("Adjusted Equity ratio") is not met.

The Lending Company and the Junior Creditor undertake to amend the Corporate Loan Agreement and ensure that the Junior Liabilities shall become due and payable on the first business day occurring after the date on which all Senior Liabilities have been fully and irrevocably paid to Mintos and the Issuer and the Cooperation Agreement have terminated or after the Lending Company's Adjusted Equity ratio is met and such payment will not result in a breach of the Adjusted Equity ratio or the date occurring in 10 (ten) years after the repayment date under the Corporate Loan Agreement (whichever occurs earlier).

Subordination Agreement define an amount of the outstanding loans subordinated thereof, certain obligations of Junior Creditor and the Lending Company, and sets certain conditions on the treating of the Senior Liabilities in any winding up, bankruptcy, insolvency, reorganisation, composition of debts or similar proceedings or arrangement commenced by or against the Lending Company.

Rights and obligations

The Lending Company and the Junior Creditor undertake to ensure that there is no breach of the provisions of the Subordination Agreements.

Moreover, the Lending Company shall not unless the Adjusted Equity ratio is met, and after such payment by the Lending Company the Adjusted Equity ratio is met:

- a) repay or prepay any principal, or pay any default interest, contractual penalties, fees or commissions or other similar payments on, or by reference to, all or any of the Junior Liabilities;
- b) grant any security, guarantee or other assurance in respect of the Junior Liabilities;
- c) take any action or step related to the bankruptcy, liquidation or reorganisation of the Lending Company, or any action or step which might lead to termination or adversely affect the subordination under the Subordination Agreement;
- d) exercise any set-off in relation to the Junior Liabilities.

The Junior Creditor shall not assign or otherwise transfer claims arising out of the Corporate Loan Agreement, and the Lending Company and the Junior Creditor shall not make any amendments and not enter into any additional agreement related to the Corporate Loan Agreement, except for the changes of the interest rate, without a prior written consent Mintos.

The Junior Creditor shall not without the prior written consent of Mintos unless the Adjusted Equity ratio is met and any of the following actions by the Junior Creditor will not result in a breach of the Adjusted Equity ratio:

- a) receive any principal repayments made by the Lending Company in relation to the Junior Liabilities;
- b) demand or accept any security, guarantee or any other assurance in relation to the Junior Liabilities, or assign or otherwise dispose any of its rights against the Lending Company in relation to the Junior Liabilities;

c) take any action or step related to i) commence any proceeding or actions against the Lending Company in relation to the Junior Liabilities; ii) to the bankruptcy, liquidation or reorganisation of the Lending Company; iii) or any action or step which might lead to termination or adversely affect the subordination under the Subordination Agreement;

d) exercise any set-off in relation to the Junior Liabilities.

Under the terms of the Subordination Agreement, if any payment or other kinds of performance of an obligation, which is made by the Lending Company to an affiliate of the Junior Creditor shall be deemed as a payment or other performance made in order to discharge Junior Liabilities unless the Lending Company or the Junior Creditor proves otherwise.

Unless the Adjusted Equity ratio is met and after any payment made as described further remains as met, if the Junior Creditor has received the payments towards the settlement of the Junior Liabilities prior to the Lending Company having fulfilled all of its liabilities towards Mintos and the Issuer, the Junior Creditor shall immediately notify Mintos of such fact and transfer the respective amount in 7 days from the date of the respective Mintos notice.

Liability

For breach of certain provisions of the Subordination Agreement, the violating party pays to Mintos a contractual penalty in the amount established under the Subordination Agreement. If the provisions of the Subordination Agreement are breached by both the Lending Company and the Junior Creditor they shall be both jointly and severally liable for the breach and payment of the penalty. The penalty shall be paid in 5 (five) Business Days.

Mintos shall not be liable for any losses arising in connection with the exercise or purported exercise of any of their rights, power and discretion under or related to the Subordination Agreement except for any losses arising due to gross negligence or their wilful misconduct.

Term and termination

The Subordination Agreement commence on the signing of the Subordination Agreements by the Parties and are in full force and effect until the Lending Company has fulfilled the liabilities arising from the Cooperation Agreement in full.

Governing law

The Subordination Agreement and any non-contractual obligations arising out of, or in connection with, governed by and shall be construed in accordance with the laws of the Republic of Latvia.

The Lending Company is registered with the Register of enterprises of Poland under No. 366164896 and was added to the Register of Lending Companies kept by the Polish Financial Supervision Authority Lending under ID RIP000050. The Lending Company has its registered office at Warszawa at ul. Postępu 18B 02-676 Warsaw.

The Lending Company has been operating since the end of 2016 and has become one of the leading short term consumer loan providers in the Polish market under the Kuki.pl brand. It has steadily increased its loan issuance levels since it was established by continuously improving its underwriting policies and customer service.

The Lending Company is a part of Sun Finance Group.

○ Business strategy description

The business strategy of the Lending Company is defined at the level of Sun Finance Group, which is based on several foundations in order to achieve the best possible results. Sustainable growth, strengthening market positions (by improving internal processes and developing technologies), as well as improving/developing the product are the main pillars of the strategy. Below is the business strategy set at Sun Finance Group level.

Sun Finance Group was founded by the current management team in 2017 and is one of the fastest-growing online consumer lending businesses headquartered in Europe. Sun Finance Group's data-driven approach has allowed it to build a well-performing portfolio. Sun Finance Group uses the latest technologies to ensure instant customer credit scoring and provides convenient, simple and transparent financing to its customers. It currently offers loans with a short-term of up to 30 days, an open-end line of credit and instalment loans via websites and selected offline channels. In addition, Sun Finance Group has recently introduced an instalment loan product in selected markets with plans to further expand this business segment.

Sun Finance Group has currently established operating entities in 7 countries: Denmark, Poland, Kazakhstan, Latvia, Mexico, Sweden and Vietnam and has plans to further expand its geographic footprint in the near term.

Sun Finance Group's strategy is based on the following foundations:

- I. sustainable growth – Sun Finance Group aims to achieve continued growth in existing and new markets;
- II. strengthening the foundation – to strengthen Sun Finance Group's already established market position, it plans further investments in IT systems, marketing, data science and customer service;
- III. leveraging on technology – continued investments in technology to provide best possible products to the customers and continue integrating the technologies into different business areas, such as digital marketing, anti-fraud, anti-money laundering, risk tools and payments systems;
- IV. product roll-out – Sun Finance Group plans to develop new product offerings in existing and new markets, such as the recently introduced instalment loan product.

V. geographic expansion and diversification – Sun Finance Group continues to monitor business development opportunities in new countries, to maintain sufficient level of diversification of its loan portfolio;

VI. balanced capital structure – Sun Finance Group aims to have access to diversified and efficient sources of funding.

- **Loans**

The Borrowers can apply for a loan from PLN (Polish złoty) 500 to PLN (Polish złoty) 15 000 (new customers max loan amount is PLN (Polish złoty) 5 000 which can be gradually increased depending on the Lending Company's underwriting policy) by filling an online application form on the Lending Company's webpage. Maximum term of the loan is 30 days. The Loan is disbursed to the Borrower's bank account via the Servicer (the Servicer does not disburse loans in cash and does not provide any point of sales services).

- **Financial information**

Lending Company's financial statements were prepared in PLN (Polish złoty) in accordance with the Polish Accounting Act. The latest available historical financial information of the Lending Company is available on Mintos website:

[Audited financials 2020](#) (Copy of a translation from the Polish language)

Auditor's issued unqualified opinion with the following explanation:

Explanation - Going concern uncertainty (Emphasis of Matter):

"Please note that in the financial year ended 31 December 2020 the Company incurred a loss in the amount of PLN 127,046.16 and that as at 31 December 2020 equity presented a negative value of PLN 192,649.21. As disclosed in note 46, the above conditions, together with other information described in that note, may indicate a potential limitation of the Company's ability to continue as a going concern. However, on 5 March 2021, the Company received a letter from AS Sun Finance Group, the senior parent company, providing financial support for a period of 12 months from the balance sheet date, i.e. at least until 31 December 2021. Accordingly, the financial statements for the year ended 31 December 2020 have been prepared on the assumption that the Company will continue as a going concern for at least 12 months from the balance sheet date. Due to the fact that accumulated losses from previous years exceed the amount constituting the sum of supplementary capital and reserve capital and half of the share capital, in accordance with Article 233 of the Commercial Companies Code, the Management Board of the Company is required to immediately convene the General Meeting of Shareholders in order to adopt a resolution on further existence of the Company. As at the date of this opinion, an appropriate resolution has not been adopted. Our opinion does not contain an objection to this case."

Auditor's issued unqualified opinion with the following explanation:

Explanation with attention - events after the end of the reporting period (Emphasis of Matter):

"We draw your attention to Note 38 of the notes to the financial statements, in which the Company's Management Board referred to the issue of the Russian invasion of Ukraine in February 2022 and its impact on the Company's operations. In the opinion of the Company's Board of Directors, at the time of

preparing the financial statements for the year ended December 31, 2021, the aforementioned issue does not affect the Company's operations, does not threaten the Company's going concern, and therefore does not necessitate any adjustments to the financial statements. Our opinion is not modified with respect to this matter."

- **Auditors**

The statutory auditors of the audited financial statements as of and for the financial years ended 31 December 2021 and 31 December 2020 was TPA Sp. z o.o. Sp. k. (Baker Tilly), incorporated under the laws of Poland, having its registered office at ul. Młyńska 12, 61-730 Poznań, Poland, REGON number: 300184858, NIP number: 7781432033.

- **Litigation**

The Lending Company (whether as a defendant or otherwise) is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Lending Company is aware) in the 12 months preceding the date of this Base Prospectus which may have, or have in such period had, a significant effect on the financial position or profitability of the Lending Company.

- **Loans issuance process**

The Loan issuance process consists of following steps:

1. Calculator – customer chooses a desired loan amount.
2. Registration form (after which customer's profile is created) - customer provides his or her name, surname, social security number, ID number, and other required information.
3. Identification process – the customer makes 1 grosz (cent) transfer to a designated bank account.
4. Decision - approval (approved amount can change from desired amount) or rejection. If rejected - the customer is informed on website and SMS, while if approved - then the customer gets an SMS and email with agreement and terms. Funds are transferred to the customer's account within a few minutes using an instant payment method.

For repeated customers the process is simpler: customer is logging into his or her profile, selects desired amount, confirms it and receives the decision.

During the loan term, the customer is notified with reminders before the due date via different channels (email, SMS, service call for segmented customer groups) to make sure that the customer is aware of upcoming due date and extension or repayment possibilities. Communication is triggered by specific events in the system.

The Loans issuance is done via Servicer. Please refer to the text in *Section 8. SERVICER* of this Base Prospectus.

8. THE SERVICER

○ Business overview

To efficiently organize the process of consumer lending and servicing the corresponding Loans and to reach the widest possible range of customers with its loan offer, the Lending Company has outsourced the processes related to finding interested parties in obtaining short-term consumer loans, namely - the Servicer.

The Servicer provides credit intermediation services to the benefit of the Lending Company and to the extent specified in Loan Agreements and a service agreement concluded between the Servicer and the Lending Company.

Main duties of the Servicer as per the service agreement concluded between the Servicer and the Lending Company include communication with the Borrowers, granting of loans on behalf of the Lending Company, transferring to the Lending Company the funds resulting from the repayments of the Loans made by the Borrowers, doing in-house debt collection.

○ Financial information

The latest available audited historical financial information of the Servicer is below. The audited financial statements of the Servicer have been prepared in accordance with Polish accounting standards in PLN (Polish zloty).

[Audited financials 2020](#) (Copy of a translation from the Polish language)

Auditor's report for the financial year ended 31 December 2020 was issued with the following explanation:

Explanation - Going concern uncertainty (Emphasis of Matter):

"We note that as at 31 December 2020, the Company has current liabilities in excess of current assets in the balance sheet by PLN 6,522,877.05. As disclosed in note 46, these conditions together with other information described in that note may indicate a potential limitation on the Company's ability to continue as a going concern. However, the Company recognises in its balance sheet as at 31 December 2020 a long-term investment in respect of a loan to Sun Finance Treasury Limited in the amount of PLN 20,582,008.00 repayable on 15 December 2023. Under the loan agreement, however, the Company has the right on demand to require the borrower to repay the entire debt within 3 months of the reported demand for repayment, thus securing the funds. Accordingly, the financial statements for the year ended 31 December 2020 have been prepared on the assumption that the Company will continue in business for at least 12 months from the balance sheet date. Our opinion does not contain an objection to this case."

- **Litigation**

The Servicer (whether as a defendant or otherwise) is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Servicer is aware) in the 12 months preceding the date of this Base Prospectus which may have, or have in such period had, a significant effect on the financial position or profitability of the Servicer.

- **Loans underwriting**

The Lending Company holds the know-how of the Loan underwriting process while the underwriting itself is done by the Servicer.

The credit risk underwriting process is divided into seven phases and has separate credit risk underwriting strategies for new, first returning, and repeated customers.

The process includes the following steps:

1. customer registration and loan application;
2. customer identification;
3. Anti Money Laundering (AML) and Politically Exposed Person (PEP) screening;
4. fraud check;
5. credit check;

6. credit scoring and data science models check;
7. loan agreements signing.

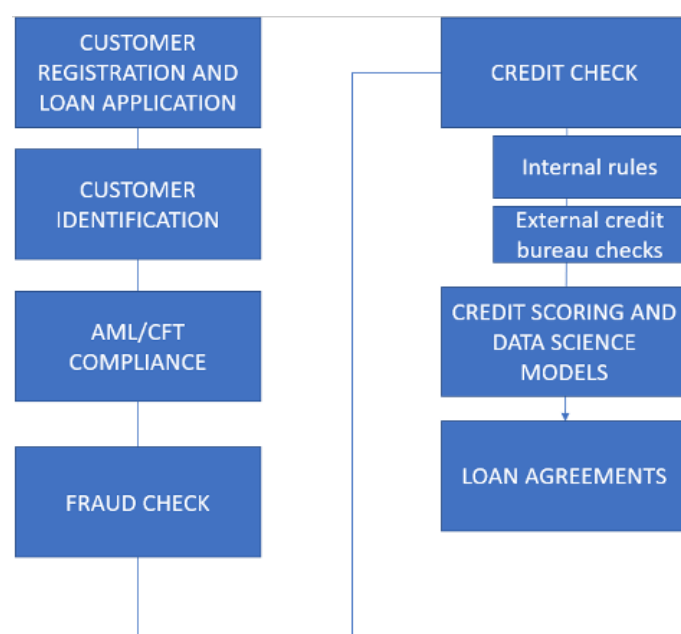

The Servicer has a fully automated credit risk underwriting process using Risk IT systems which are connected with external traditional (such as credit bureaus) and alternative data sources and paired with lending analytics platforms.

The lending processes require minor manual inputs only in cases when loan application is being flagged as suspicious by AML and PEP screening system, when customer is considered to be high-risk profile customer.

First, the Servicer checks customer eligibility to apply for a loan for the new customers. It proceeds to the customer identification phase for new customers who are eligible to register. Their world-class AML and PEP screening system is run as the third phase after customer identification. If there is a hit against any AML or PEP lists, the Servicer stops the loan issuance process, the assigned responsible person together with AML officer manually checks and makes the decision to either allow the application to proceed further the process flow or to outright reject application. Fourth phase of credit risk underwriting strategy is fully automatized fraud check using internally developed solutions in synergy with cutting edge global fraud checking systems. The Servicer performs credit bureau data source checks for those customers who have passed previous checks.

After data collection, Risk IT scoring systems run state-of-the-art technology-based customer scoring models as a last phase of the credit risk underwriting process. Risk IT system approves the loan if the credit score is an acceptable level. After loan approval the system generates a loan agreement and pays the loan out.

The process flow diagram that describes the process outlined above:

Repeated customer loan issuance process is very similar to the new customer loan issuance process. Instead of an identification step, the customer is checked for previous delinquencies and credit history within the product. Internal credit information between both products is checked for each new and repeated customer.

- **Loans issuance and disbursement**

The Loan is disbursed with instant payment to the Borrower's bank account after the Loan approval decision was taken.

- **Debt recovery management**

The Lending Company has established an efficient and effective debt collection process while it is run by the Servicer. There is a dedicated team that follows debt collection practices that are fully compliant with local regulations. The Servicer uses the following debt collection methods:

- (i) *In-house debt collection*

The Servicer's philosophy is to strive for successful debt collection by having a dialogue with the customers to help them to find the best way to repay their loans and to become the company's long-term customer. Substantial part of collections is driven by customer invoicing and billing process. These processes are fully automated. The Servicer's debt collection system and the relevant customer's credit history are automatically updated once the customer fully repays the loan.

The Servicer's debt collection processes start already before the payment due date. To reduce the volume of potentially delayed payments, the company has established an extensive communication workflow in regard to communication with customers before and after loan repayment due date.

The Servicer usually handles delayed payments in-house up to 30-60 days after the Maturity Date, but this practice may differ due to the specifics of each market.

During the collection process the company uses automated notifications via text message, e-mail, voice message and also letters by post to declared and actual places of residence. In the final steps of in-house debt collection, the company warns customers of next steps, such as e-court, external collection, debt sale and other actions that may cause their expenses to grow.

Additionally, the Servicer uses debt collection scoring to segment its customers and apply the most appropriate and effective approach to each target group. The company is constantly improving its processes by measuring the best times and days for reaching the customer, creating the most effective communication content, and reviewing all related process steps.

- (ii) *Outsourced debt collection*

As soon as the in-house debt collection process has been completed and the Servicer evaluates that there still is potential for collection, it proceeds with the next debt collection steps. In those cases when the potential recovery from debt sale is not economically beneficial, the company outsources debt collection activities to a wide range of well-known debt collection agencies that the Servicer considers its international partners. The Servicer organizes training with partners and activity assessments on a regular basis to ensure the customers are informed correctly about the product, serviced professionally and appropriately.

The Servicer's decision on the next steps for the debt recovery are dependent on the assessment of costs that will be incurred in the process, market situation, portfolio quality, estimate of the potential outcome and the time involved.

The process of outsourcing collection activities is part of the company's debt collection policy. The Servicer chooses its partners thoughtfully, based on the following principles: good reputation, best price, required support actions, automated solution of data exchange and safety.

The Servicer has regular meetings with its partners, closely monitors their results and changes the partners in case of weak performance.

(iii) *Debt sale*

After the in-house debt collection process, the Servicer strives to establish a debt sale process on a regular basis to ensure immediate and predictable cash inflows from bad debts.

○ **Administrative, management and supervisory bodies**

The following table shows the main administrative, managerial, and supervisory positions of the Servicer.

9. THE LOANS

○ Legal nature, jurisdiction and the applicable law of the Loans

The Loans are consumer loans made under the Loan Agreement.

In order to be eligible for the Loan and as a requirement for entering into the Loan Agreement, the Borrower must create the personal profile on the website www.kuki.pl, and make a one-off transfer of the registration fee amounting to PLN 0.01 from the Borrower's bank account to the Lending Company's bank account or to use alternative mean of automatic bank account verification.

Granting of the Loan depends on the Lending Company's assessment of the Loan application submitted by the Borrower under which the Borrower specifies the amount of the requested Loan and the Loan period, and the Borrower's creditworthiness. The Lending Company directly or through intermediary of the Servicer makes a bank transfer to the Borrower's bank account after the conclusion of the Loan Agreement.

The Borrower is obliged to pay to the Lending Company the following payments in line with the Loan repayment deadline which is established by the repayment schedules to the Loan Agreement: the amount of the Loan, interest (if any), and a commission (a cost connected with preparing, granting and disbursing the Loan).

The Lending Company may apply the promotional (discounted) conditions for the Loan whereas the Borrower may be fully or partially exempted from the payment of the interest and the commission, as well as the Lending Company may propose the Loan for another period.

In case of delay by the Borrower with the repayment of the Loan, the Lending Company is entitled to accrue interest on late payment amounting to a double total of the reference rate of the National Bank of Poland and 5.5%.

The Borrower is entitled to terminate the Loan Agreement in 14 days from the date of its conclusion by submitting the respective notice to the Lending Company and repayment of the Loan together with the interest (if any) within 30 days from the date of the notice. If the Borrower fails to pay the amounts in a 30 day period, the Lending Company shall be entitled to charge the late payment interest. In the event of withdrawal by the Borrower from the Loan Agreement, the Lending Company shall not be entitled to any other fees or costs.

The Borrower and the Lending Company are entitled to terminate the Loan Agreement by 1 month and 2 months' notice respectively. As well as that, the Lending Company is entitled to terminate the Loan Agreement if the Borrower fails to fulfil its obligations or due to negative assessment of the Borrower's creditworthiness.

The Loan Agreement is subject to the amendment and/or variation from time to time as provided in the section entitled '4. TRANSACTION OVERVIEW – *THE TRANSACTION DOCUMENTS* – Extensions' of this Base Prospectus.

The Loan Agreement is in the Polish language. The Lending Company has provided an English translation of the Loan Agreement for informational purposes at www.mintos.com. Any discrepancy or difference due to the translation is not binding and has no legal effect. Neither the Issuer nor Mintos bears any responsibility for the accuracy of the English translation from the Loan Agreement in the Polish language.

The Loan Agreement is governed by the laws and regulations of the Republic of Poland.

- **Repayment and maturity**

Under the Loan Agreement, the Borrower repays to the Lending Company the amount of the Loan, interest (if any), and commission (a cost connected with preparing, granting and disbursing the Loan) in line with the repayment schedule. Specific amounts of the payments and the deadlines are established by the repayment schedule to the Loan Agreement. The annual percentage rate (APR) ranges from 0% to 2116 %. The term is 30 days.

The Borrower repays the Loan together with the applicable interest (if any) and other fees either to the Lending Company's bank account or to the bank account of the Servicer indicated by the Lending Company.

As prescribed by the Loan Agreement, the maximum amount of the interest and late payment interest may be changed. In the event of increase in the interest, the Lending Company is entitled to charge an updated amount of maximum interest by notifying the Borrower on a durable medium.

The Lending Company is entitled to unilaterally amend the provisions of the Loan Agreement, as a result of modification or introducing new commonly effective legal regulations or issuing by authorised state bodies recommendations or interpretations of the manner of applying these provisions – to the extent in which the Lending Company is obliged to introduce or apply them for the correct execution of the Agreement.

The Borrower is entitled to early repay the Loan in full or in part prior to the deadline without any additional fee.

The Lending Company provides for the possibility of extending the Loan repayment date on the terms selected and accepted by the Borrower. The Lending Company will inform the Borrower about the extension of the Loan repayment date in an email.

- **Economic environment in Poland**

The well-diversified Polish economy has proven to be one of the most resilient in the European Union (EU), with a 2.7 percent contraction in GDP in 2020, the first output contraction since 1991.

The economic recovery from the COVID-19 pandemic was swifter than expected, with output expanding by 5 percent in the first half of 2021. The well-diversified economy, exceptional fiscal stimulus, and accommodative monetary policy helped contain the impact of the crisis. Pent-up demand, strong income growth in the context of the labour market recovery, and family support measures fueled a 6.3 percent growth in household consumption in the first half of the year, with a strong demand for durable goods. Investment recovery is lagging, however.

Economic growth is expected to remain above potential in 2022, with output expanding by more than 4.5 percent and the output gap widening. A levelling of demand in the euro area will slow export growth, while improved confidence and investment execution, including through the National Recovery and Resilience Plan (NRRP), will support growth. Domestic demand will be supported by the proposed “Polish Deal,” a new socioeconomic program for 2021–30.

- **General description of the Borrowers**

The Lending Company's customers are 47% female and 53% male, mostly aged between 24 and 50. They are responsible, technology-savvy people in the middle salary level in Poland that have a need for minor funding.

Customers are accustomed to buying services online. They value easy access to services on mobile devices and appreciate the immediate loan response and application handling. The target audience demands more flexible loan solutions to complement services from their main bank/credit card provider. The Lending Company's product is often used to bridge a sudden expenditure or to pay unexpected bills.

- **Loan portfolio data**

As of 31 December 2021, the Lending Company's total portfolio of gross receivables was EUR 12.3 million. Below is the section of Payday loans portfolio in terms of Days Past Due (DPD).

10. THE GUARANTOR

The Guarantor in accordance with the Guarantee Agreement guarantees the Lending Company's obligations towards the Issuer. The Guarantor is not guaranteeing the Issuer's obligations towards the Investors.

See the section entitled '4. TRANSACTION OVERVIEW – THE TRANSACTION DOCUMENTS – The Guarantee Agreement' of this Base Prospectus for more information on the Guarantee Agreement.

○ Business overview

To efficiently organise the consumer lending and corresponding loan servicing process and reach the widest possible range of customers with its loan offer, the Lending Company has outsourced the processes related to finding individuals interested in obtaining short-term consumer loans to an external entity, namely the Servicer (Guarantor).

The Servicer provides credit intermediation services to the benefit of the Lending Company and to the extent specified in Loan Agreements and a service agreement concluded between the Servicer and the Lending Company.

Main duties of the Servicer as per the service agreement concluded between the Servicer and the Lending Company include communication with borrowers, granting of loans on behalf of the Lending Company, transferring to the Lending Company the funds resulting from the repayments of loans made by the Borrowers, doing in-house debt collection.

○ Business strategy description

The Guarantor's business strategy is defined as a number of foundations for achieving the best results. The Guarantor's main objectives are to improve customer service for lending companies by developing and improving existing technologies and service delivery solutions, as well as maintaining sustainable growth by reducing the carbon footprint and increasing cost-effectiveness.

Auditor's report for the financial year ended 31 December 2020 was issued with the following explanation:

Explanation - Going concern uncertainty (Emphasis of Matter):

"We note that as at 31 December 2020, the Company has current liabilities in excess of current assets in the balance sheet by PLN 6,522,877.05. As disclosed in note 46, these conditions together with other information described in that note may indicate a potential limitation on the Company's ability to continue as a going concern. However, the Company recognises in its balance sheet as at 31 December 2020 a long-term investment in respect of a loan to Sun Finance Treasury Limited in the amount of PLN 20,582,008.00 repayable on 15 December 2023. Under the loan agreement, however, the Company has the right on demand to require the borrower to repay the entire debt within 3 months of the reported demand for repayment, thus securing the funds. Accordingly, the financial statements for the year ended 31 December 2020 have been prepared on the assumption that the Company will continue in business for at least 12 months from the balance sheet date. Our opinion does not contain an objection to this case."

Auditor's report for the financial year ended 31 December 2021 was issued with the following explanations:

Explanation with attention - uncertainty as to going concern (Emphasis of Matter):

"We draw attention to the fact that as at 31 December 2021 the Company disclosed in its balance sheet current liabilities exceeding current assets by PLN 1,001,429.68. As disclosed in note 46 of the notes to the financial statements, the above conditions, together with other information described in this note, may indicate a potential limitation of the Company's ability to continue as a going concern. Our opinion is unqualified in respect of this matter.”

Explanation with attention - events after the reporting period (Emphasis of Matter):

“We draw attention to note 38 of the notes to the financial statements in which the Company's management has referred to the issue of the Russian invasion of Ukraine in February 2022 and its impact on the Company's operations. In the opinion of the Board of Directors of the Company, at the time of preparing the financial statements for the year ended 31 December 2021, the aforementioned issue has no impact on the Company's operations, does not threaten the Company's going concern, and therefore does not require any adjustments to be recognised in the financial statements. Our opinion is not modified in respect of this matter.”

The Variable Part of the Loan Amount is calculated by applying the Rate and it is calculated on the outstanding amount of the Loan.

1. UNDERTAKINGS OF THE ISSUER

The undertakings in this Condition 1 remain in force for so long as any of the Notes are outstanding.

1.1 *Authorisations and compliance with laws*

The Issuer will promptly obtain, comply with and do all that is necessary to maintain in full force and effect any authorisation required under any law or regulation of Latvia to enable it to perform its obligations under the Notes or own title in the Loan Receivables, and carry on its business as it is being conducted. The Issuer will comply in all respects with all laws to which it is subject.

1.2 *Negative covenants*

Other than in connection with the Notes or as provided in the Base Prospectus, the Issuer will not:

- (a) sell, transfer, create any security over or otherwise dispose of any of the Loan Receivables;
- (b) incur or permit to be outstanding any financial indebtedness;
- (c) be the creditor in respect of any loan or any form of a credit to any person, other than the Lending Company or as permitted under the Transaction Documents;
- (d) give or allow to be outstanding any guarantee or indemnity to or for the benefit of any person in respect of any obligation of any other person;
- (e) carry on any business other than as a special-purpose pass-through undertaking

established for the purpose of issuing and offering Notes, which are backed by the Loan Receivables, to Investors on the Platform; or

- (f) use the Issuer's Account for any purpose other than as provided in these Terms and Conditions and the Transaction Documents.

2. GENERAL

- 2.1 The Issuer under these Terms and Conditions together with the corresponding Final Terms has authorised the creation, issue and sale of the Notes to provide funds to the Issuer to purchase Loan Receivables in accordance with the Purchase Agreement. The issue of Notes on the Issue Date specified in the Final Terms will correspond to the Issuer obtaining title to the Loan Receivables with a total amount equal to the Aggregate Nominal Amount.
- 2.2 Subject to Condition 25, the Issuer will obtain the title to the Loan Receivables on the condition that Mintos has determined that it has all the data it requires in relation to the Loan Receivables in accordance with the Purchase Agreement and the Transfer Document. The condition in no case implies either the Issuer or Mintos has any obligation to examine, verify or assess such data, including, through the use of any documentary evidence.
- 2.3 In each case where amounts of principal, Interest, other return and additional amounts (if any) are payable in respect of the Notes, the obligations of the Issuer to make any such payment will constitute an obligation only to account to the Noteholders on each date on which such amounts are due, for an amount equal to amounts of principal, Interest, other return and additional amounts (if any) actually received by the Issuer in relation to the Series Specific Loans.
- 2.4 Neither the Issuer nor Mintos are liable to make any payments in respect of the Notes other than as expressly provided in these Terms and Conditions.
- 2.5 Save for any fees payable to the Lending Company, Mintos and the Backup Servicer (if any), so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer of the Notes.

3. STATUS

- 3.1 The Notes constitute direct, general, unsubordinated and limited recourse debt obligations of the Issuer, which rank *pari passu* among themselves; and at all times these obligations rank at least *pari passu* with all other present and future direct, general, unsubordinated and limited recourse obligations of the Issuer arising from the present and further Series, except for those obligations as may be preferred by applicable law.
- 3.2 No proprietary or other direct interest in the Issuer's rights under or in respect of any of the Transaction Documents, the Purchase Agreement, the Transfer Document, the Guarantee Agreement, and the Loan Receivables, exists for the benefit of the Noteholders. Subject to these Terms and Conditions, no Noteholder will and will have any right to enforce any of the Transaction Documents and the Loan Receivables, or any direct recourse to any of the Lending Company, the Borrowers and the Guarantor.

4. FORM

The Notes are issued by the Issuer in registered form which are deposited and held as book-entry with Mintos.

5. ISSUE OF NOTES

The Notes are issued on the Issue Date in the Aggregate Nominal Amount, the Specified Denominations and the Specified Currency as specified in the Final Terms.

6. REGISTER, TITLE AND TRANSFERS

- 6.1 Mintos maintains an electronic register of Noteholders in accordance with the Cooperation Agreement. No certificates will be issued to any Noteholder in respect of its holding.
- 6.2 Each Noteholder will (except as otherwise required by law) be treated as the absolute owner of any relevant Note for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust, nominee ship or any other interest in the Note), and no person will be liable for so treating the Noteholder.
- 6.3 The Notes are held and freely transferred only between the financial instrument accounts at Mintos of Noteholders. No application has been or will be made to trade the Notes on any regulated market or any other trading venue, other than the Platform.
- 6.4 A transfer of any Note between the Noteholders may be affected by Mintos which may require as conditions to the transfer of (a) provision of documents and information, (b) payment of any transfer fee and (c) payment of any tax or other governmental charges, in each case, by the relevant Noteholder in accordance with terms and conditions of the Platform.

7. PRIORITY OF PAYMENTS

All funds received by the Issuer in relation to the Series Specific Loans, irrespective whether indicated as corresponding to the relevant Series Specific Loan or not, to the extent legally permitted, will be applied by the Issuer in the following order of priority:

- (a) *first*, in or towards payment of any amounts owed by the Issuer to any tax authority and required to be paid by the Issuer under or pursuant to the Notes;
- (b) *second*, in payment or satisfaction of all fees and penalty fees then due and unpaid to Mintos by the Lending Company under the Cooperation Agreement;
- (c) *third*, in or towards payment or satisfaction of all amounts then due and unpaid as commissions, fees, costs, charges, expenses and liabilities incurred or payable for servicing of the Loan Receivables if (i) the Issuer or any person designated by the Issuer has taken over the servicing of the Loan Receivables or (ii) any event of default of the Lending Company has occurred under any of the Transaction Documents and the Issuer acts for the purposes of recovery of funds includes filing a claim in the liquidation, insolvency or other administrative proceedings of the Lending Company, or enforcing any legal rights;
- (d) *fourth*, in or towards payment or satisfaction of any costs, including legal fees, for any action to recover funds, collect or restructure payment obligations, or taking any other actions to receive the Loan Receivables;
- (e) *fifth*, in or towards payment or discharge of all amounts which are due to the Backup Servicer, if any;
- (f) *sixth*, to the Noteholders in or towards the payment or discharge of all amounts of Interest and principal (Late Payment Interest or penalty fee or other assigned claim, if

any, in the order that is set forth with respect to the particular Loan Receivable) then due and payable under or in respect of Series, Repurchase prices and/or Buyback Obligation prices, unless the Buyback Obligation price is discharged next according to clause 7 (g) below. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest Payment Event to the Series Specific Loan having newest Payment Event, and then applying pro rata approach on each particular Series level; and

- (g) *seventh*, to the Noteholders in or towards the payment of the Buyback Obligation price, if the Lending Company is late in making payments due to the Issuer for 14 (fourteen) days or another period that the Issuer finds material. Such payment/discharge being done by placing Series Specific Loans of all Series outstanding in the chronological order from the Series Specific Loan having oldest buyback related Payment Event to the Series Specific Loan having newest buyback related Payment Event, and then applying pro rata approach on each particular Series level; and
- (h) *eight*, to the Noteholders in or towards the payment of Notes' pro-rata portion of the Pending Payments Penalty Fee (if any). Such pro-rata proportion shall be applied towards all impacted Series.

Neither the Issuer nor Mintos will be liable for applying the Priority of Payments, including for any minor errors, pursuant to Condition 25.

8. INTEREST

8.1 *Payment of Interest*

Each Note bears Interest from (and including) the date on which the Note is subscribed by the Noteholder. Interest will be calculated in accordance with Conditions 8.2 and 8.3, and payable in the Specified Currency in arrears on each Interest Payment Date.

8.2 *Accrual of Interest*

The Interest payable on any Interest Payment Date in respect of each Note is as follows:

Rate X Series Specific Loan Principal Amount Outstanding X Day Count

Where:

Series Specific Loan Principal Amount Outstanding, is the principal amount of the Series Specific Loans which is scheduled to be outstanding (even if the principal amount is redeemed later) on the day immediately before the Loan Interest Payment Date which is immediately before the Interest Payment Date.

Day Count, unless otherwise specified in the Final Terms, the actual number of days in the immediately preceding Interest Accrual Period, divided by 360.

8.3 *Accrual of Late Payment Interest*

The Late Payment Interest (if specified as being applicable in the Final Terms) payable on any day on which the Issuer receives the Principal Amount Due in respect of each Note is as follows:

Late Payment Interest Rate X Principal Amount Due X Day Count

Where:

Principal Amount Due, is the principal amount of a Series Specific Loan which was due on the Loan Repayment Date but not paid under the relevant Series Specific Loan provided that there will be no Principal Amount Due if paid within the Grace Period; and

Day Count, unless otherwise specified in the applicable Final Terms, the actual number of days from (but excluding) the day on which the Principal Amount Due becomes due to (but excluding) the day on which the Issuer receives the Principal Amount Due or, if the Buyback Obligation or Repurchase applies, the relevant Payment Event, divided by 360.

Any payment of Interest or Late Payment Interest will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

9. PRINCIPAL REDEMPTION

9.1 *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified in these Terms and Conditions, each Note will be redeemed at the then Principal Amount Outstanding on the Maturity Date.

9.2 *Early Redemption*

A proportion of the Principal Amount Outstanding of the Notes will be redeemed *pro rata* on each Redemption Date and at any other time any principal payment from any of the Series Specific Loans is received by the Issuer, without any prior notice to Noteholders. The Principal Amount Outstanding of the Notes redeemed will be in the same proportion as the proportion that the principal payment received by the Issuer has to the total principal amount outstanding of all the Series Specific Loans immediately before the principal payment. Any accrued but unpaid Interest associated to that proportion of the Principal Amount Outstanding of the Notes being redeemed will be paid at the same time.

Any repayment of the Principal Amount Outstanding will be made only in accordance with Conditions 7, 11 and 25, and will be subject to the relevant Payment Event having occurred and the Issuer having actually received the corresponding payment under the Series Specific Loans.

10. INTEREST AND PRINCIPAL DETERMINATION

10.1 Mintos determines (a) the amount of Interest and the Late Payment Interest (if any) payable in accordance with Condition 8 for each Interest Payment Date and (b) the amount of principal payable in accordance with Condition 9 on each Redemption Date and the Maturity Date, on its review of the following information:

- (i) the Payment Events which have arisen;
- (ii) aggregate payment amounts paid by the Borrowers which have been received from the Lending Company;
- (iii) the Buyback Obligation and Repurchase which have arisen; and

- (iv) the amounts then due and owed by the Issuer according to the Priority of Payments on the Interest Payment Date, the Redemption Date or the Maturity Date.
- 10.2 On each Interest Payment Date, each Redemption Date and the Maturity Date, Mintos on the Issuer's behalf will direct the payment of Interest and principal amounts to the Noteholders in accordance with Condition 11.
- 10.3 If after application of the Priority of Payments the Issuer has insufficient funds on any Interest Payment Date, any Redemption Date or the Maturity Date to make a payment of Interest or principal in full as required by Conditions 8 and 9, on behalf of the Issuer, Mintos at its sole discretion may decide that the Issuer pays part of the amount due or defers the payment until the full amount due is available, and such partial payment or deferral will not constitute an Event of Default under these Terms and Conditions.
- 10.4 All determinations, calculations and adjustments made by Mintos will be made in conjunction with the Issuer and will, in the absence of manifest error, be conclusive in all respects and binding upon the Issuer and all Noteholders.

11. PAYMENTS

11.1 *Payments of Interest and principal*

Subject to Conditions 7 and 12, the Issuer will, from any Available Distribution Amount:

- (a) pay the Interest on the Notes in accordance with Condition 8 on each Interest Payment Date; and
- (b) redeem the Notes in accordance with Condition 9 on each Redemption Date and the Maturity Date.

11.2 *Notes contingent payments*

All payments of Interest and principal by the Issuer under the Notes are dependent on the Issuer having received information on the Payment Event and the Available Distribution Amount being sufficient to make the relevant payments in accordance with the Priority of Payments. The Notes will not give rise to the Issuer having any payment obligation in excess of the foregoing.

Any overdue payment of Interest or principal under any of the Series Specific Loans that have been collected by the Lending Company (including by its external debt collection agency) will be paid to the Issuer as an Available Distribution Amount which will be paid in accordance with the Priority of Payments on the date determined by the Issuer at its sole discretion.

11.3 *Pending Payments Penalty Fee*

If, following any Payment Event, the Lending Company delays any payments due to the Issuer under any of the Transaction Documents by more than 10 days, the Lending Company will pay to the Issuer the Pending Payments Penalty Fee.

11.4 *Loan extension*

The Lending Company may modify any of the Series Specific Loans without approval of the Issuer and the Noteholders, provided that payments from the relevant Borrower remain unchanged.

If 'Extension possibility' is provided in the Final Terms, the Lending Company may extend the repayment schedule of one or more Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer or the Noteholders provided that (a) there is no event of default under any of the Series Specific Loans, (b) any change is restricted by 'Limit on the number of Extensions' and 'Total maximum time limit of Extensions' as specified in the Final Terms and (c) any change is notified on the Platform to the Noteholders.

The Lending Company may also extend the repayment schedule of one or more Series Specific Loans by changing the Loan Interest Payment Date, the Loan Repayment Date and/or the Loan Final Repayment Date without the consent of the Issuer or the Noteholders to comply with any new law or regulation, amendment of any existing law or regulation, or any decision of any government or municipal provided that any change is notified on the Platform to the Noteholders

11.5 Loan Receivables subject to Buyback Obligation or Repurchase

Any Loan Receivable subject to the Buyback Obligation or Repurchase will be repurchased by the Lending Company at a price equal to the outstanding principal amount of the Loan Receivable together with any accrued but unpaid Interest and any Late Payment Interest up to (but excluding) the repurchase date.

11.6 Insufficient funds on the Maturity Date

If any amounts on the Notes are outstanding on the Maturity Date, the Maturity Date will be automatically postponed to the date that is the earlier of (a) the date on which all amounts due and payable under the Notes are paid and (b) the date referred to in Condition 11.7, and Interest will not accrue on the Notes (other than Pending Payments Penalty Fee, if applicable) and any Available Distribution Amount will be paid to the Noteholders on a date as reasonably determined by the Issuer in accordance with the Priority of Payments.

11.7 After the Maturity Date

If on any date following the Maturity Date:

- (a) Mintos concludes following notification in writing from the Lending Company and/or Servicer to the Issuer and Mintos and by API that the Lending Company has determined in good faith that there is no realistic prospect of collecting any further funds in accordance with its loan management and collection policies from the Series Specific Loans which are not subject to the Buyback Obligation nor Repurchase; or
- (b) the Issuer and Mintos determines in good faith that there is no realistic prospect of collecting any further funds from the Lending Company and/or the Servicer if the Series Specific Loans are subject to the Buyback Obligation and/or Repurchase but the Issuer has not received the full amount due from the Buyback Obligation or Repurchase or, if earlier, on the 10th anniversary of the Maturity Date,

as of that date (i) all the Notes outstanding will be cancelled in full, (ii) the Issuer will be deemed to have fulfilled all its payment and other obligations to each of the Noteholders and (iii) no Noteholder will have any right in respect of any of the Notes.

11.8 Payments to the Noteholders

Any payments of Interest and redemption amounts in respect of the Notes will be made to the relevant Investment Account.

11.9 Taxes

All payments and/or deliveries in respect of the Notes made by or on behalf of the Issuer will be made subject to any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature which may be required to be withheld or deducted.

The Issuer or Mintos will:

- (a) not be liable as a result for, or otherwise obliged to pay, any additional amount to any of the Noteholders in respect of, or compensation for, any such withholding or deduction or any other amounts withheld or deducted;
- (b) not be liable for or otherwise obliged to pay, and the relevant Noteholder will be liable for and/or pay, any tax, duty, charge, withholding or other payment whatsoever which may arise as a result of, or in connection with, the ownership, any transfer (or agreement to transfer), any payment and/or any delivery (or any agreement for delivery) in respect of the Notes held by such Noteholder; and
- (c) have the right but will not be obliged (unless required by law), to withhold or deduct from any amount payable or, as the case may be, any delivery due to the relevant Noteholder, such amount or portion as will be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The Noteholders will agree to provide the Issuer and/or Mintos with all information and documentation required by the Issuer and/or Mintos, as the case may be, to satisfy any Latvian or other country tax or regulatory obligations at any time.

11.10 Payments on Business Days

If the due date for payment of any amount in respect of any Notes is not a Business Day, the Noteholder will not be entitled to payment of the amount due until the next succeeding Business Day in such place and will not be entitled to any further interest or other payment in respect of any such delay.

12. LIMITED RECOURSE AND NON-PETITION

- 12.1 Notwithstanding anything in the Base Prospectus, the obligations of the Issuer in respect of the Notes are limited recourse obligations which are payable solely from the sums of principal, Interest, other return and additional amounts (if any) actually received (and identified as such) in relation to the Series Specific Loans.
- 12.2 All payments to be made by the Issuer in respect of the Notes will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer under the Series Specific Loans, subject always to the Priority of Payments.
- 12.3 In relation to any sums received or recovered, the Issuer (or Mintos on its behalf) will follow these Terms and Conditions in determining to which Series of Notes such sums relate and such determination will be binding on Noteholders of all Series in the absence of manifest error.
- 12.4 To the extent that the sums referred to in Condition 12.1 are less than the amount which the Noteholders may have expected and been entitled to receive (such difference being referred to as the **shortfall**), the shortfall will be borne by the Noteholders.
- 12.5 Each Noteholder, on subscribing or buying any Note directly, through a strategy of the Platform

or any other way, irrevocably accept and acknowledge that it is fully aware that:

- (a) only the sums referred to in this Condition 12, and Conditions 7 and 11 will be available for any payments to be made by the Issuer in respect of the Notes;
- (b) the sums which are attributable to another Series of Notes are only available in satisfaction of the obligations of the Issuer to such Noteholders;
- (c) the obligations of the Issuer to make payments in respect of the Notes will be limited to the sums and the Noteholders will have no recourse to the Issuer, Mintos or their respective shareholders, directors, officers, employees, affiliates, successors or assigns in respect of the Notes for the shortfall;
- (d) no Noteholder is entitled to proceed against the Issuer or Mintos for the shortfall;
- (e) following the realisation and distribution of the net proceeds from the Loan Receivable corresponding to the Series Specific Loan in accordance with the Priority of Payments, the Noteholders or anyone acting on behalf of any of them will not be entitled to take any further steps against the Issuer or Mintos to recover any further sum and the right to receive any such further sum will be deemed as fulfilled; and
- (f) no Noteholder will be entitled to petition or take any other step or join with any other person in bringing, instituting or joining, insolvency, winding-up, liquidation or bankruptcy proceedings (whether court-based or otherwise), or for the appointment of an examiner, liquidator or analogous person in relation to the Issuer, nor will it have any claim to, or in respect of any sum arising in respect of any assets of the Issuer.

12.6 Non-payment of the shortfall referred to in this Condition 12 will not constitute an Event of Default.

12.7 None of the shareholders of the Issuer, Mintos, the Lending Company, the Guarantor or the Backup Servicer (if any) has any obligation to any Noteholder for payment of any amount by the Issuer in respect of the Notes.

12.8 The provisions of this Condition 12 will survive redemption of the Notes.

13. PURCHASE

13.1 The Issuer may at any time purchase Notes at any price in the open market or otherwise.

13.2 Any Note purchased by the Issuer on the sole discretion of the Issuer may be either cancelled or sold to any investor on behalf of the Issuer by Mintos.

14. CANCELLATION

All Notes which are redeemed or cancelled may not be re-issued or resold.

15. PRESCRIPTION

Any and all claims against the Issuer for payment in respect of the Notes will be prescribed and become void unless made within 10 years from the date on which payment in respect of the Notes first becomes due.

16. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders create and issue further Series and further tranches of existing Series of Notes. A further tranche of an existing Series will:

- (a) be fungible with the Notes of that existing Series;
- (b) have the same terms and conditions as the Notes of that Series except for the Aggregate Nominal Amount, the Issue Date, the Issue Price, the Interest Accrual Periods, the first Interest Payment Date and the first Redemption Date; and
- (c) be consolidated and form a single Series with that existing Series of Notes, and references in these Terms and Conditions to Notes will be construed accordingly.

17. EVENTS OF DEFAULT

17.1 Any of the following events will constitute an event of default under the Notes (each, an **Event of Default**):

- (a) if any order is made by any competent court or any resolution passed for the winding-up or dissolution (including any bankruptcy, insolvency, voluntary, forced or judicial liquidation, composition with creditors, a reprieve from payment, controlled management, fraudulent conveyance, general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) of the Issuer (save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangements); or
- (b) formal notice is given of an appointment an administrator (including any receiver, liquidator, auditor, verifier), provisional administrator; or
- (c) any application is made, or petition is lodged, or documents are filed with the court or administrator in relation to the Issuer for the actions, proceeding or procedures specified in paragraphs (a) or (b) above, unless such proceedings or petitions are disputed in good faith and are discharged, stayed or dismissed within 90 calendar days of commencement.

17.2 The Issuer is obliged to inform Mintos immediately if any Event of Default should occur. Should Mintos not receive such information, Mintos is entitled to assume that no Event of Default exists or can be expected to occur, provided that Mintos does not have knowledge of any Event of Default. Mintos is under no obligation to make any investigations relating to any Event of Default. The Issuer will, at the request of Mintos, provide Mintos with details of any Event of Default and provide Mintos with all documents that may be of significance for the application of this Condition 17.

17.3 If Mintos has been notified by the Issuer or has otherwise determined that there is an Event of Default, Mintos will, within 20 Business Days of the day of notification or determination, notify the Noteholders according to Condition 20.

17.4 Upon the occurrence of an Event of Default, Notes are repaid according to the terms and conditions stipulated by this Base Prospectus and relevant Series Final Terms, unless otherwise required by a rule of the law.

17.5 Mintos, subject to the Noteholders indemnifying and holding Mintos harmless from any

reasonable expenses, loss or liability, will take every reasonable measure necessary to recover the amounts outstanding under the Notes according to their terms and conditions and Transaction Documents. Mintos will in each case inform the Noteholders about the costs which should be compensated prior to requesting any indemnification. In any case Mintos will charge this compensation of costs only up to the recovered amount. Mintos will not ask for compensation of costs for its in-house staff and resources.

- 17.6 For the avoidance of doubt, if any payment is not made by the Issuer because the Issuer has not received the relevant amounts under the Series Specific Loans so that the Available Distribution Amount after application of the Priority of Payments is not enough to make payments due under the Notes in full, the occurrence of such event will, as such, not constitute an Event of Default.

18. MEETING OF NOTEHOLDERS

18.1 *General provisions*

The Issuer from time to time may convene a meeting of the Noteholders (the **Noteholders Meeting**) to adopt resolutions on certain matters. The Issuer at its own discretion decides which matters will be reserved for passing at the Noteholders Meeting.

These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the Noteholders Meeting or in respect of the relevant resolution and Noteholders who voted in a manner contrary to the majority. As a result, Noteholders may be bound by a change to these Terms and Conditions or by some other decision that affects Noteholders' investment in the Notes even though they have not agreed to such change.

The Noteholders Meeting may adopt its resolutions in one of the two forms as chosen by the Issuer:

- (a) at a meeting held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote using ballots provided; or
- (b) by absentee voting (without attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote).

The Noteholders Meeting will be chaired, and minutes taken by a representative of Mintos.

18.2 *Resolutions of the Noteholders Meeting*

Matters put to the vote at a Noteholders Meeting and its agenda will be decided by the Issuer.

The Noteholders may neither pass resolutions on the matters not included in its agenda nor amend the agenda.

Resolutions passed by the Noteholders Meeting and voting results will be provided to the persons eligible to participate in the Noteholders Meeting in a report, which will be disclosed to the Noteholders as per the procedure prescribed with regard to sending notices of the Noteholders Meeting, within 5 Business Days after the closing date of the meeting or the final date for submitting the voting ballots in case of absentee voting. However, the failure to do so will not invalidate the resolution.

The resolution will be binding on all the Noteholders, whether or not present at the Noteholders Meeting and each of them will be bound to give effect to it accordingly.

18.3 *Information on holding a Noteholders Meeting*

The Issuer will notify the Noteholders about the Noteholders Meeting in accordance with the procedure below.

A notice of the Noteholders Meeting (the **Notice**) will be given according to Condition 20 no later than 10 days in advance.

The Notice will be given to the Noteholders registered on the date of the Notice in the electronic register of Noteholders maintained by Mintos.

The Issuer may decide not to publish the Notice on the Platform. In such a case within the time specified in this Condition 18.3 the Issuer will send the Notice to the Noteholders by email.

The Issuer may at its own discretion make available information to the Noteholders entitled to participate in the Noteholders Meeting as part of preparations for the Noteholders Meeting.

18.4 *Quorum at a Noteholders Meeting*

A Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 50% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

The number of votes for each Noteholder equals the Principal Amount Outstanding in the respective Series on the date of the Notice.

When a Noteholders Meeting is held by attendance of the Noteholders to discuss the items on the agenda and pass resolutions on the matters put to the vote, the Noteholders registered to participate in the Noteholders Meeting and the Noteholders whose ballots have been received no later than 2 days before the meeting will be deemed to have participated in the meeting.

When a Noteholders Meeting is held in the form of absentee voting, the Noteholders whose ballots have been received before the final date for submitting the ballots will be deemed to have participated in the meeting.

Where there is no quorum for a Noteholders Meeting, a second Noteholders Meeting will be held with the same agenda. Such second Noteholders Meeting will be deemed quorate if attended by Noteholders aggregately holding more than 30% of:

- (a) the aggregate Principal Amount Outstanding of all Series of Notes towards the Lending Company on the date of the Notice if the decision is related towards all Series of Notes outstanding; or
- (b) the aggregate Principal Amount Outstanding of the relevant Series of Notes on the date of the Notice if the decision is related towards the relevant Series of Notes outstanding.

Subject to the quorum being present, the decisions on the Noteholders Meeting agenda will be adopted per each item of the agenda by the majority from the total amount of votes provided.

18.5 *Voting ballots*

Ballots for voting at a Noteholders Meeting will be sent together with the Notice according to Condition 18.3.

Ballots for voting will be in the English language.

Voting could be convened as an e-voting through filling-out an electronic voting ballot through the interface of the Platform.

Noteholders included in the list of those entitled to participate in the Noteholders Meeting other than the Noteholders Meeting held in the form of absentee voting, or their representatives, may register to participate or forward their completed ballots to the Issuer. Voting ballots will be counted towards the calculation of the quorum and voting results if received by the company no later than 2 days before the Noteholders Meeting.

The voting ballot will contain the information about the Noteholders Meeting including but not limited to:

- information about the Issuer, including address and contact person;
- details identifying the Series of Notes;
- form of the Noteholders Meeting (attendance or by absentee voting);
- date, place and time of the Noteholders Meeting if it is held in the form of attendance of the Noteholders;
- Principal Amount Outstanding; and
- voting options for each item on the agenda, expressed as “for”, “against”, or “abstained”, and the indication that the voting ballot must be signed by a person entitled to participate in the Noteholders Meeting or its representative unless convened by e-voting.

When voting by ballots, only those voting ballots are counted where for each item only one voting option is selected. The voting ballots completed in breach of the aforementioned requirement will be deemed invalid. However, if there are several items put to the vote on the voting ballot, breach of the aforementioned requirement with respect to one or several items will not affect the validity of the remaining ballot. If a voting ballot is rendered invalid with respect to voting on one, several or all items included in such ballot, the votes so cast in such ballot will not be excluded from the calculation of the quorum. If a voting ballot is rendered invalid, the votes on the items contained in the voting ballot will not be counted.

18.6 *Counting*

The counting functions will be performed by Mintos, which will check the powers of, and register the participants in a Noteholders Meeting, determine the quorum at a Noteholders Meeting, count the votes and determine the voting results, draw up the voting minutes and hand over the voting ballots to the archive.

19. SUBSTITUTION

- 19.1 The Issuer or any previous substitute company may be substituted by any other company as principal obligor under all of the Notes then outstanding provided that such substitution would not be materially prejudicial to the interests of the Noteholders and subject to the other Terms and Conditions being complied with, including with provisions of the Transaction Documents, and further provided that the Financial and Capital Market Commission has given its prior consent to such substitution if any needed according to the applicable law.
- 19.2 By subscribing to, or otherwise acquiring, the Notes, the Noteholders expressly consent to the substitution of the Issuer and to the release of the Issuer from any and all obligations in respect of the Notes and any relevant agreements and are expressly deemed to have accepted such substitution and the consequences of such substitution.
- 19.3 Any such substitution will be notified to Noteholders in accordance with Condition 20.

20. NOTICES AND PROVISION OF INFORMATION

- 20.1 Notices to the Noteholders will be given upon sole discretion of the Issuer in the English language and/or any other language the Issuer deems fit for such purposes and will be given by using one or several communication channels:
- (a) emailed to respective email addresses in the register of Noteholders and deemed to have been given within 24 hours after the dispatch; and
 - (b) delivered to Mintos for further communication to the Noteholder according to the services provision agreement between Mintos and the Noteholder (including times when deemed to have been duly given).
- 20.2 Any notices, demands, claims or other communication to the Issuer by any Noteholder will be in the English language and will be given by using one of the following communication channels:
- (a) delivered by hand or courier and deemed to have been given on the same day of delivery; and
 - (b) delivered by registered mail and deemed to have been given on the 10th calendar day following the date indicated on the stamp by the postal service provider on the acceptance of a registered letter.
- 20.3. For the purposes of Condition 20.2 notices or other communications addressed to the Issuer will be given to Mintos, serving as an agent for this purpose:

AS Mintos Marketplace
50 Skanstes Street, Riga, LV-1013, Latvia
For the attention of SIA Mintos Finance No.30

21. AGENTS

- 21.1 Mintos acts solely as an agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, any Noteholder.
- 21.2 The Issuer subject to the provisions of the Transaction Documents reserves the right at any time to vary or terminate the appointment of Mintos, the Lending Company and any other party to any of the Transaction Documents.

22. FORCE MAJEURE

Neither the Issuer nor Mintos will be responsible for any failure to perform any of its respective obligations under these Terms and Conditions which is due to any reason that is independent of that person's will and has resulted from a *force majeure* event. A *force majeure* event will apply only and solely if that person has taken all steps that depend on it in order to perform the obligation. Once the *force majeure* event has finished, that person must immediately resume the performance of the obligation. The following circumstances will be considered as *force majeure* events:

- (a) extraordinary and unavoidable circumstances including natural disasters, fire, flood, earthquake, warfare, terror acts, riots and strikes;
- (b) technical failures, delays or malfunctions; failure of computers, communications systems, hardware and/or software; power supply malfunctions; or other critical infrastructure malfunctions, which neither the Issuer nor Mintos could have prevented or predicted;
- (c) decisions and/or activities of local and/or foreign public authorities, and/or international organisations;
- (d) entry into force, amendments and/or suspension of a statutory act binding on either the issuer or Mintos affecting the performance of obligations under these Terms and Conditions; and
- (e) any circumstance defined as a *force majeure* circumstance in any of the Transaction Documents.

23. GOVERNING LAW AND JURISDICTION

- 23.1 The Notes (and any non-contractual obligations arising out of or in connection with the Notes) are governed by, and will be construed in accordance with the law of the Republic of Latvia.
- 23.2 The courts of the Republic of Latvia are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including any disputes relating to any non-contractual obligations arising out of or in connection with the Notes) and accordingly any legal action or proceedings arising out of or in conjunction with the Notes may be brought in such courts. The Issuer and each of the Noteholders irrevocably submits to the jurisdiction of such courts.

24. AMENDMENTS AND MODIFICATIONS

To comply with any applicable law, the Issuer may validly amend or supplement these Terms and Conditions by publishing the changed Terms and Conditions on the Platform without the consent of the Noteholders.

25. LIMITATION OF LIABILITY, AND REPRESENTATION AND WARRANTIES OF THE NOTEHOLDER

- 25.1 Notwithstanding anything in the Base Prospectus, other than with respect to gross negligence or wilful misconduct by the Issuer and/or Mintos, neither the Issuer nor Mintos will be held liable by any Noteholder for:
 - (a) any material error, misrepresentation, omission or fraud by the Lending Company;

- (b) failure of the Lending Company for whatever reason to inform the Issuer and/or Mintos of the Payment Event having occurred or for the information being inaccurate or wrong;
 - (c) the Loan Receivables; or
 - (d) determinations and decisions when distributing amounts under the Notes, including, when applying the Priority of Payments, deciding whether to defer payment or make a partial payment, relying upon or deciding if and when there is no realistic prospect of collecting further funds under a Series Specific Loan, including in the event of default of the Lending Company.
- 25.2 In any and all cases liability of the Issuer and/or Mintos to any Noteholder under these Terms and Conditions will be limited to the amount invested in the impacted Notes by the Noteholder.
- 25.3 Each Noteholder, on subscribing or buying any Note directly, through a strategy of the Platform or any other way, irrevocably accept and acknowledge that it is fully aware that:
- (a) the Issuer and Mintos do not make any representation or warranty in respect of, or will not at any time have any responsibility for, or, save as otherwise expressly provided in these Terms and Conditions, liability or obligation in respect of the performance and observance by any Borrower of its obligations under the relevant Series Specific Loan, the Lending Company of its obligations under the Cooperation Agreement, the Guarantor of its obligations under the Guarantee Agreement, or the recoverability of any sum of the principal, Interest, other return or any additional amounts (if any) due or to become due from any Borrower, the Lending Company and/or the Guarantor;
 - (b) the Issuer and Mintos will not at any time have any responsibility for, or obligation or liability in respect of, the condition, financial or otherwise, covenant, creditworthiness, affairs, status or nature of any Borrower, the Lending Company, the Guarantor or any other person;
 - (c) the Issuer and Mintos will not at any time be liable for any representation or warranty, or any act, default or omission of any Borrower, the Lending Company, the Guarantor or other person;
 - (d) the Issuer will not at any time have any responsibility for, or liability or obligation in respect of, the performance and observance by Mintos of its obligations under the Transaction Documents or any other agreement entered or to be entered into by and between the Noteholders and Mintos;
 - (e) financial servicing and performance of the terms of the Notes depend upon both the performance by each Borrower of its obligations under the Series Specific Loan, its duties to make payments under the Series Specific Loan and its credit and financial standing, and the performance by the Lending Company and/or the Guarantor of their respective contractual obligations towards the Issuer and Mintos as well as their respective credit and financial standing;
 - (f) the Notes, which the Noteholder has or will acquire, reflect the performance of the relevant Series Specific Loans. The Noteholder has no direct recourse to any of the Series Specific Loans or the corresponding Loan Receivables. Once the Loan Receivables have been realised according to these Terms and Conditions, the Noteholder is not entitled to take any further steps against the Issuer or Mintos to recover any further sums due and the right to receive any such sum will be

extinguished. The Noteholder accepts not to attach or otherwise seize any of the assets of the Issuer. In particular, the Noteholder will not be entitled to petition or take any step for the winding-up, the liquidation or the bankruptcy of the Issuer or any similar insolvency-related proceedings and such petition or action will be treated as null and void as from its initiation time; and

- (g) the Investment Accounts will be opened and be held by the Noteholder fully operational with Mintos while the Noteholder holds any Notes.

12. TAXATION

The information provided in this section will not be treated as legal or tax advice; and prospective investors are advised to consult their own tax advisors as to the tax consequences of the subscription, ownership and disposal of the Notes applicable to their particular circumstances. The following is a general summary of certain tax considerations in the Republic of Latvia in relation to the Notes. It is not exhaustive and does not purport to be a complete analysis of all tax consequences relating to the Notes, as well as does not take into account or discuss the tax implications of any country other than the Republic of Latvia.

Tax laws of the Noteholder's country of residence for taxation purposes and of the Issuer's country of residence may have an impact on the income received from the Notes.

This summary is based on the laws of Latvia as in force on the date of this Base Prospectus and is subject to any change in the law that may take effect after such date, provided that such changes could apply also retroactively.

Latvia has entered into a number of tax conventions on elimination of the double taxation (hereinafter - DTT), which may provide a more favourable taxation regime. Therefore, if there is a valid DTT between Latvia and the country of tax residence of a prospective Noteholder, it should be also examined. The procedures for application of tax conventions are provided in the Republic of Latvia Cabinet of Ministers' Regulations No. 178 "Procedures for Application of Tax Relief Determined in International Agreements for Prevention of Double Taxation and Tax Evasion", adopted on 30 April 2001.

Taxation of the Issuer

Issuer is a corporate income taxpayer in Latvia. According to the Latvian tax law, the annual profit earned by entities in Latvia is not taxed. Instead, Corporate income tax is paid on dividends, fringe benefits, gifts, donations, representation costs, non-business related disbursements and transfer pricing adjustments. The tax rate applicable is 20%, however, the taxable base is divided by the coefficient 0.8, thus the effective corporate income tax rate is 25%.

Taxation of the Noteholders individuals

Resident individuals

An individual will be considered as a resident of Latvia for taxation purposes, if at least one of the following requirements is met:

- the declared place of residence of this person is in Latvia;
- the person stays in Latvia for at least 183 days over the course of a period of 12 consecutive calendar months;
- the person is a Latvian citizen who is employed by the government of Latvia in a foreign country.

In accordance with the Latvian tax laws the interest income received by the individual tax resident in Latvia is subject to tax at the rate of 20%. The interest income from the Notes for resident individuals will be subject to 20 % personal income tax that will be withheld by the Issuer before the interest payment is made by the Issuer to the Noteholder. The tax withheld by the Issuer is a final tax liability on the interest income received.

The income from the sale of the Notes is treated as an income similar to the interest income for the Latvian personal income tax purposes and will be subject to 20% personal income tax and the tax is payable by the individual him/herself.

Non-resident individuals

An individual would be considered as a non-resident of Latvia for taxation purposes in all cases unless he/she is a tax resident of Latvia. Interest income from the Notes received by the non-resident individual will be subject to personal income tax in Latvia according to the rate set forth by law, which is currently 20%. According to the general practice the tax withheld in Latvia might be deducted from the tax payable by the investor in his/her residence country (as tax paid abroad). However, we recommend consulting

with the respective country's tax administration or tax adviser to clarify the procedure and documents required to perform such a deduction (if any).

The tax rate might be reduced based on the Double Tax Treaty between Latvia and the respective country. The list of the Double Tax Treaties concluded by Latvia is available here: https://www.vid.gov.lv/sites/default/files/tax_treaties_28032018.pdf

The income from the sale of the Notes will be subject to 20% tax and the tax would be payable by the individual him/herself, if the buyer of the Notes is an individual or legal entity non-resident of Latvia. If the buyer is a legal entity - resident of Latvia, the tax at the rate of 3% will be withheld by the buyer.

Taxation of the Noteholders - legal entities

Resident legal entities

A legal entity would be considered as a resident of Latvia for tax purposes if it is established pursuant to Latvian law. Interest payments on the Notes and proceeds from the disposal of the Notes received by Latvian resident legal entities will not be subject to withholding tax in Latvia. Under the Latvian tax law retained earnings are exempt from corporate income tax and only profit distributions are taxed. Distributed gross profits are subject to the 20% profit tax. Corporate income tax on net amount of profit distribution is determined by dividing net amount with a coefficient of 0.8 (i.e., effective tax rate on net distributed profit is 25%).

Non-resident legal entities

A legal entity would be considered as a non-resident of Latvia for taxation purposes in all cases unless it is a tax resident of Latvia. The interest income and capital gains from the sale of the Notes for non-resident legal entities will not be taxable in Latvia (i.e., gross income will be paid), except if the income recipient is located, registered, or incorporated in a no-tax or low-tax country (so called "*tax havens*", if this is the case - 20% tax will be withheld by the Issuer in Latvia). The list of "*tax havens*" according to the Latvian law includes US Guam, US Samoa, US Virgin Islands, Republic of Fiji, Republic of Palau, Republic of Panama, Independent State of Samoa, Republic of Trinidad and Tobago, Republic of Vanuatu. The list of mentioned countries and territories may be amended from time to time.

13. APPLICABLE FINAL TERMS
